What's New: Presagia has updated the CA COVID-19 Supplemental Paid Sick Leave policy to reflect the restored law and new coverage. A new leave reason, vaccination, has also been added to this policy and will be available when a user requests a leave for the relationship, self.

What Users Can Expect:
Users will now see the CA COVID-19 Supplemental Paid Sick Leave policy available as an option in the Add Policy drop-down menu when they choose medical non-occupational or work-related for themselves or medical non-occupational for a qualifying relationship and answer yes to the qualifying question relating to COVID-19 during the Confirm Eligibility & Entitlement wizard.

*Image is an example of the policy. Usual approval process still applies.
