

The Bureau of Cannabis Control (Bureau) will host three public licensing workshops. The workshops will focus on what licensing information is needed and what resources are available for people planning to apply for state commercial cannabis licenses.

The Bureau will be joined by other state and local agencies at each workshop, including the California Department of Public Health (CDPH), California Department of Food and Agriculture (CDFA), and California Department of Tax and Fee Administration (CDTFA).

The three public licensing workshops will take place in **Los Angeles on October 12, Riverside on October 13, and Sacramento on October 17, from 10am to 1pm**. The workshop schedule will include a brief overview and then transition to an open house, where people can obtain information from and ask questions of different state and local agencies.
