

Did you know you may request a **modification** of your **child support order**?

If any of these circumstances apply to you, then you may qualify for a change in your child support order:

Do you have another child?

Increase in visitation?

Lost your job?

Change in income?

Either parent may request a review regardless of custody. If your modification request is approved we will schedule a court hearing. **Contact us** to request a modification!

Telephone: 866-901-3212 E-Mail: www.dcss.outreach@ventura.org

It is important to remember: only the court can change a court order. The Department of Child Support Services does not represent either party. A modification may also be requested directly from the court. The Family Law Self Help Center at the Superior Court can provide assistance.
