**RESOLUTION OF THE BOARD OF SUPERVISORS
ESTABLISHING RENTS, FEES, AND INSURANCE
REQUIREMENTS FOR THE COUNTY,
DEPARTMENT OF AIRPORTS, AND DELEGATING
AUTHORITY FOR EXECUTION OF CERTAIN
AGREEMENTS SUBJECT TO SPECIFIED GUIDELINES**

THE VENTURA COUNTY BOARD OF SUPERVISORS HEREBY ORDERS AND RESOLVES THE FOLLOWING:

I. RENTS, FEES, AND INSURANCE REQUIREMENTS

The Rents, Fees, and Insurance Requirements prescribed in the attached Schedule are hereby approved and adopted, and all prior inconsistent schedules are repealed.

II. POLICY FOR ESTABLISHING RENTS, RATES AND FEES

The Rent and Fee Schedules embrace a myriad of facilities and services which require different adjustment emphasis for establishing fair market rents or appropriate fees. In the event that there is a disagreement between the County and a Tenant or Vendor regarding the imposition of rents and fees under this Rent and Fee Schedule, the parties may, but are not required to, submit to either binding arbitration or non-binding mediation. All Department of Airports' properties, facilities, and services have been placed into five categories for the purpose of defining rent and fee setting policies which have been historically used. They are outlined as follows:

Policy 1:

It shall be County policy that those properties and/or facilities unrelated to the fundamental "public services" afforded by the Oxnard and Camarillo Airports shall be appraised for fair market rental values including percentage rents, with adjustment emphasis on comparative data from the private sector. This approach will produce a fair return to the County. Examples: industrial/office buildings, proposed industrial park, agriculture land leases.

NOTE: Excess revenues derived from leases identified above shall not be used to subsidize user rents and fees related to specific facilities and services (aircraft tiedowns and storage hangars), but may be used for financial support of planned capital improvement projects, and those public-use facilities and services (airfield, visitor parking, common roads, etc.) for which a total recapture of costs is recognized to be unrealistic.

Policy 2:

It shall be County policy that those properties and/or facilities directly related to the public services afforded by the Department of Airports but operated, however, by lessees or concessionaires, shall be appraised for fair market value including percentage rents with adjustment emphasis on comparable data from other publicly controlled facilities operated by lessees or concessionaires. It is the intention of the County to have a policy whereby properties and/or facilities controlled by the Department of Airports, not being used by the County for public services, will be leased or licensed. The rental charges or fees will be based upon the then fair market value, taking into consideration comparable properties owned by other public entities. This approach will also provide a fair return or profit to the County. Examples of such leases/licenses: scheduled air carrier agreements (for terminal space), rental car agencies and restaurants.

Policy 2a:

It shall be County policy to recover all costs of any infrastructure required to develop a Lease parcel from the benefited Lessee through either Lease rents or assessment, when practical. Such costs shall not be borne by existing tenants or users of the airports.

Policy 3:

It shall be County policy that the rents and fees for those properties and/or facilities directly related to the aviation-use public services afforded by the Department of Airports but operated, however, by lessees or concessionaires, shall be adjusted to cause an ultimate recapture of the total costs, both direct and indirect, when practical. Adjustments shall be compared to Market Rate to ensure the cost will not cause a loss of business. Examples: full, limited and single service providers of aeronautical services.

Policy 3a:

It shall be County policy that the rents and fees for those properties and/or facilities that are not-for-profit aviation museums and are operated consistent with the fundamental public services afforded by the Department of Airports, may be adjusted to cause less than an ultimate recapture of the totals costs, both direct and indirect, through reduced rental rates and fees in recognition of the tangible or intangible benefits to the airport.

Policy 3b:

It shall be County policy that the rents and fees for those properties and/or facilities, which are County owned and County operated consistent with the fundamental public services afforded by the Department of Airports, shall be adjusted to cause

an ultimate recapture of the total costs, both direct and indirect, when practical. This approach will result in competitive pricing of County services and serve to constrain the migration of outside County aircraft operators seeking lower fares. Adjustments to these rates shall be by cost-recovery analysis every five (5) years, with interim adjustments calculated by applying the Consumer Price Index (CPI) every other year. Examples: aircraft tie-down, aircraft storage hangars. In calculating the costs of the above services (Policies 3 and 3a), that depreciation attributed to donated assets shall be specifically excluded from such costs. This is consistent with and in conformance with assurances given under the Federal Airport Act or the Airport and Airway Development Act of 1970 which states that "no part of the Federal share of an airport development project shall be included in the rate base in establishing fees, rates, and charges for users of that airport."

Policy 3c:

It shall be County policy that the provision by the County of aircraft storage facilities and/or property for the same purpose, shall be for the exclusive purpose of storing aircraft deemed to be in an airworthy condition. Temporary exceptions to this requirement may be granted by the Director of Airports on a case-by-case basis, upon the demonstration of visible and reasonable progress to bring an aircraft to airworthy status, consistent with the FAA's "Policy on the Non-Aeronautical Use of Airport Hangars," Docket No. FAA 2014-0463, 81 FR 38906, § II.b. The Director of Airports may make such determinations based on periodic inspections of such facilities and/or property as frequently as once every 90 calendar days. The intent of this policy is to ensure compliance with the aircraft storage license agreements with regard to storage of aircraft that are in airworthy condition and/or aircraft that are being brought to airworthy condition versus non-airworthy aircraft being stored, in parts or in whole, to obtain storage space that is considered less expensive than commercially available non-aviation storage space. Examples: aircraft tie-down, county-owned storage hangars, privately-owned storage hangars.

Policy 3d:

It shall be County policy that private hangar owners subject to an existing Privately-Owned Aircraft Storage Hangar Lease Agreement who seek approval to expand/build out resulting in additional square footage or volume, or replace the hangar, shall offer the County a right-of-first refusal to purchase the hangar at such a time the owner proceeds to sell the hangar in place. County will respond to hangar owner in writing within five (5) calendar days of its intent to purchase or not purchase the hangar. Should the County decline to purchase a hangar, and upon a request to transfer a hangar to a private party, a month-to-month Privately-Owned Aircraft Storage Hangar Lease Agreement for privately-owned aircraft storage hangars may be approved and executed by the Director of Airports with the buyer, provided the purchase price is no more than 15% less than the price first offered to the County. Failure on the part of the hangar owner to act in good faith may result in the transfer not being approved.

The intent is to prevent the tenant from offering the expanded/built-out/replaced hangar to the County for an unrealistically high price only to prevent the County from being a viable purchaser of the hangar. Example: Hangar valuation is \$100 (including value of the land). Tenant offers it to the County for \$200 (unrealistically high). The Tenant cannot then offer the sale to another party for less than \$170 (85% of \$200) without first offering it to the County again at the reduced price.

Policy 4:

It shall be County policy that those services, offered and administered by the Department of Airports for which a total recapture of costs is recognized to be inconceivable, be established by comparing fees with other publicly owned and operated facilities with adjustments emphasizing the recapture of as much of County costs as possible. However, fees shall be maintained at reasonable levels so that the preponderance of the general public can avail themselves of the service. This type of service will continue to reflect a loss; however, it is deemed to be an appropriate public service. Examples: runways, taxiways, roads, rest rooms, auto parking lots, visiting aircraft parking, and other public use areas.

Policy 5:

It shall be County policy that those services, and/or supplies furnished to the public by the Department of Airports and regulated by law or by Administrative procedure, shall be compensated for by charging fees and deposits calculated to reimburse all of the administrative and material costs of furnishing same. Annual adjustment emphasis shall be based upon cost analysis and shall not be subject to fair market or profit considerations. Examples: commercial activity permits, aircraft towing and impound fee, document processing fee, and paper material reproduction fee.

III. AUTHORIZATION TO EXECUTE.

The County Executive Officer or the Director of the Department of Airports are authorized to execute Leases, Subleases, Licenses, Permits, Special Use/Activity Permits, Operation Agreements, Extensions, Amendments, Consents, and Notices of Intent to Terminate and cause Unlawful Detainer Complaints to be filed on behalf of the County of Ventura as are hereafter defined and in accordance with the provisions of the attached schedule.

After three (3) years of good and faithful lease performance (defined as no defaults or delinquencies), deposits on leases of five (5) years or less may be reduced to one (1) month, subject however, to a Lease Amendment providing for the following Liquidated Damages:

Liquidated Damages

LEASE CONDITIONS AND/OR ARTICLES

USES AND SERVICES
OPERATING SCHEDULE AND CONTROLLED PRICES

All Agreements shall be submitted to County Counsel's Office for approval as to legal sufficiency prior to final execution excepting pre-approved, routine "form" documents.
- D. TERMINATION DUE TO "REPEATED" VIOLATIONS. The Board of Supervisors hereby authorizes the Director of Airports to include in selected agreements the right to issue a "Notice of Termination for Breach of Good Faith" which would allow termination of an Agreement after tenants repeating the same violation three (3) times or more within any twelve (12) month period, regardless of tenants' cure, remedy, or diligent pursuit to correct violations.
- E. BACKGROUND DETERMINATION AND GUIDELINES. No agreement will be executed under the authority of this RESOLUTION if the County Executive Officer or the Director of Airports of the Department of Airports determines that: (1) The proposed use or occupancy is in conflict with the County's adopted plans for development; (2) The other party(s) to a proposed Agreement has a reputation, character, or background which could be detrimental to County's interest; or (3) Such other party(s) does not have technical knowledge, management ability, or financial capability to fulfill the purpose and provisions of the Agreement.
- F. RENTAL POLICY. It shall continue to be Department of Airports' Policy to require "ALL" tenants or users of County Airports property to pay rents established by Board-approved Rent and Fee Schedules; however, the Director of Airports may determine that certain special services including labor and/or materials may be accepted in lieu of cash payment of rent where all other guidelines are consistent with Director of Airports' Authority. Director of Airports is authorized to adjust rents incrementally to current rate to ensure the cost will not cause a loss of business.
- G. CONTROVERSIAL OR POLICY SETTING AGREEMENTS. Any transaction authorized by this Resolution, considered significantly controversial or policy-setting in the opinion of the County Executive Officer or the Director of Airports, shall be submitted first to the Aviation Advisory Commission and appropriate Airport Authority for recommendation and then to the Board of Supervisors for approval and execution.
