You’re invited to join the County of Ventura at an interactive workshop devoted to walking, biking, and rolling in Saticoy on Wednesday, July 17 from 8am-11am (drop-in window).

Have an impact on future efforts to make your community more bike and pedestrian-friendly by helping the County understand how you use human-powered transportation (AKA “active transportation”) to navigate your neighborhood. We need your help to develop a plan for active transportation improvements in your community, so let us know what you’d like to see included. **No technical knowledge is necessary;** your direct experience with walking and biking is enough!

---

**Make your voice heard! Learn about planning efforts in your community!**

**Leave your mark on the planning process!**

**Wednesday, July 17th, 8am-11am (Drop-in window)**

Jose Flores Community Center 11168 Violeta Street

Saticoy, CA 93004

**Active Transportation 101**
