Steven Kozel voiced his interest in the new ambulance service being provided by the Ventura County Fire Department as mentioned in the VCFD report prepared by Scott Thomsen. These ambulances will take the place of paramedic squads in the geographic areas of Simi Valley, Thousand Oaks, Camarillo and Santa Paula. Mr. Kozel wanted additional information regarding the reason for this effort. Mr. Perryman replied that data has surfaced that the response time of the AMC Private Ambulance Service was repeatedly and significantly delayed vs. the VCFD. The County determined that this could be a life or death situation and therefore supported this temporary effort to supplant emergency services. Mark Perryman made clear to Mr. Kozel that there would be no additional costs to residents.

Steven Hoffman spoke of his concerns that Rancho Simi Parks and Recreation does not respond with any priority to the needs of Oak Park. A multitude of requests for updating existing pickle ball courts at Deerhill Pak have continually been postponed. There are a plethora of Pickle Ball players in Oak Park (more than 200) who have no courts and are requesting this be addressed by the MAC. Mr. Hoffman suggested that a review be conducted to determine the feasibility of separating Oak Park parks from RSRP district which will be added to the agenda for the next meeting.

John Dechene spoke about the needs for dedicated Pickle ball courts in Oak Park given the increasing popularity of the game which is currently far surpassing the demand for tennis courts at Deerhill Park.

8. Comments by Chief of Staff Mark Perryman Representing Supervisor Jeff Gorell's.

Mr. Perryman initially addressed the concerns of Seema Chandra who said she did not understand the new MAC agenda. He explained that the new agenda is being used to ensure that the meetings are not in violation of the Brown Act. The new agenda is a replica of the actual Board of Supervisors agendas and should be useful in expediting the efficiency and effectiveness of the meetings. Mr. Perryman also spoke on behalf of the Supervisor reporting on the many projects on which the Supervisor's office has been working. This past week Supervisor Gorell was proud to present 6 new electric bikes to the Search and Rescue Teams. These will facilitate efforts to get to areas otherwise inaccessible to larger vehicles. At his request, the bikes were financed by the Hogan Family Foundation. He was also happy to announce that, following the suggestion of Seema Chandra, a Community Open House with Supervisor Gorell will be held on September 23rd from 1-4 p.m. at Fire Station 36 on Deerhill Road in Oak Park. The project is being driven by VCFD and further details will be available soon. Further requests from the MAC for live streaming of meetings is also being addressed. Equipment has been purchased and we should be able to begin live streaming of meetings at the next MAC meeting on September 28. This will allow for more community involvement in meetings.

9. Written Comments – Chair to read written comments received by the MAC prior to the meeting.

Chair Nye mentioned that she had received an inquiry about permitting for home cooking for a cottage industry. Dale Thomas had an inquiry about the no parking signs on Sunnycrest Drive. Both constituent requests were handled by Dale Thomas. Jane Nye was very complimentary as to the response time exhibited by Dale Thomas in handling constituents' requests.

10. Council Comments –Comments by Council members on matters they deem appropriate. A Council member may ask a question for clarification, make a brief announcement, or make a brief report on his or her own activities. A council member may also provide a reference to staff or other resources for factual information, or request staff to report back to the body at a subsequent meeting concerning any matter. The Council may also direct staff to place a matter of business on a future agenda.

Brian Trushinski gave his report for the landscaping committee. He voiced his concern that the landscape committee was being disbanded. Mr. Perryman assured him that this was not the case. Given stricter guidelines with regard to the budget and the knowledge that Public Works charges CSA#4 for each involvement, the decision has been that we will hold quarterly meetings with Enhanced Landscape, Brian and Dale Thomas to discuss landscaping needs for Oak Park. In the meantime, Brian and Dale can meet when necessary. Constituents are encouraged

to open the Public Works website and open a ticket for issues on an ongoing basis. Brian mentioned that he had attended the RSRPD Board Meeting representing Oak Park. The Board agreed with recommendations proposed and approved at the last MAC meeting.

JL Diaz spoke about the Oak Park Fire Council which will hold a Town Hall Meeting on September 6 to encourage and enlighten the community about Fire Safety. Additional information can be found on social media. Michelle Santucci had no comments.

Jane Nye Reiterated the requests for all constituents to begin using the Public Works app for request. She encouraged people to visit the JPL-Triunfo Water Pure Water facility open for public demonstrations.

Seema Chandra aired her displeasure with the new agenda, the lack of fire, police and sheriff personnel physically attending MAC meetings. Mr. Perryman explained that the purpose of this decision was to expedite the meetings and allow first responders to commit their time to more pressing matters. All items must be agenized to not breech the Brown Act. Public safety issues should be agenized if there is a desire for presence. He said that we would consider asking personnel to appear on a quarterly basis. Seema also talked about her disappointment by the lack of attendance by Mr. Gorell at MAC meetings. She requested that refreshments be served at the Fire Station event and questioned how it would be promoted. Mr. Perryman assured her that there would be activity in that area provided by both the Supervisor's office and the VCFD.

CONSENT AGENDA

Consent Agenda items are routine and non-controversial. Items are reviewed and approved together by the Council as recommended and without discussion, unless an item is pulled for separate action by the Board on the Regular Agenda. Consent items are heard at the Council's discretion and may be heard at any time during the meeting.

12. Ventura County Fire Department

Update provided by Scott Thomson Director of Communications and Public Affairs, Ventura County Fire Department. See attachment.

- Residents where work has not been completed will have the opportunity to complete the work or the VCFD will complete the work and bill the property owner on their property taxes.

RECOMMENDATION TO RECEIVE AND FILE

13. Ventura County Sheriff

Update provided by Deputy Chris Jones. See attachment.

- There has been an uptick in stolen vehicles county wide.
- 2010-2020 Kia Automobiles are being targeted by thieves due to a weakness in security software.

CHP MOORPARK'S OAK PARK MAC TALKING POINTS: (09.28.23)

- September is California pedestrian safety month. As students start to return to school, CHP Moorpark would like to remind students, parents, and drivers to be alert and remain undistracted while walking, biking, and driving. Parents and/or guardians should drop their children off at a location that does not require them to cross a street. If that is not possible, help your child cross safely at a crosswalk. Anything we can do to limit exposure to traffic will keep them significantly safer. CHP Moorpark will be conducting specialized operations and presentations throughout the county to help decrease incidents involving pedestrians and increase awareness throughout Ventura County.
- The California Highway Patrol conducted a Maximum Enforcement Period (MEP) over the Labor Day weekend. The MEP ran from Friday, September 1st through Monday, September 4th. The focus for this MEP was impaired driving (DUI) violations. Maximum Enforcement Periods have been a part of California Highway Patrol (CHP) policy for many years and have specific deployment and reporting procedures. During an MEP, field commands are required to deploy the maximum amount of uniformed personnel to address primary collision factor violations, impaired drivers, and assure a prompt response to any incident causing a hazard or traffic delay.
- The California Highway Patrol is hiring 1,000 officers to help make California's roadways safer. If you or someone you know would like to join the CHP, visit www.betheCHP1000.com for more information and to speak with a local recruiter.
- Follow CHP Moorpark on social media for traffic updates, sig alerts, evacuation notices, roadway closures, and general information on what the CHP is doing in your area.

AN INTERNATIONALLY

VENTURA COUNTY SHERIFF'S OFFICE

MEMORANDUM

Luckily, there have been no recent crime trends noticed in the Oak Park Community; however, there have been several recent commercial burglaries and residential burglaries in the Conejo Valley.

I am happy to report that the Career Criminal's Unit have been diligently working with several other law enforcement agencies and have identified several suspects in the burglaries in Oak Park from earlier this summer.

A few months ago, there was a rash of residential burglaries in the Ventura County side of Oak Park, where there was a shoot fired during a burglary in the Los Angeles County side of Oak Park. Our Career Criminal's Unit has identified all suspects involved and I've been told that arrests are imminent. Our detectives have been diligently working with detectives from Los Angeles County Sheriff's; and, LASO has agreed to allow the Ventura County District Attorney to prosecute all three cases in Ventura County.

The CVS on Lindero Canyon is still a target for shoplifters. We recently caught three shoplifters from Los Angeles County when an observant employee and citizen saw something out of the ordinary and immediately called the police. Remain vigilant and keep up the good work!

Sept. 6, 2023

Attn: Supervisor Jeff Gorell and Municipal Advisory Committees

- The Ventura County Fire Protection District Board is scheduled to vote Sept. 12 on whether to allow the fire department to enter into an agreement to purchase a new headquarters in Thousand Oaks. If the board approves, the fire department would then enter escrow on the building and would have 60 days to close the purchase. The new building would provide additional space for the administrative functions of the department, which currently rents space next to the airport in Camarillo.
- An additional public comment period for updates to the state's Fire Hazard Severity Zones is now closed. Final updates to the maps for State Responsibility Areas are expected sometime in the first quarter of 2024. Updates to Local Responsibility Areas would then follow.
- The scheduled start for new state rules restricting flammable materials within 5 feet of structures called Zone Zero is being delayed until 2025 for new construction and 2026 for existing buildings.
- After years of drought, summer rains this year are helping to grow the plants that can become tumbleweeds when they dry out later in the year. Dry tumbleweeds can cause traffic hazards and spread wildfire. VCFD encourages property owners to mow or remove such plants now to keep them from becoming problems later.

Sincerely,

Scott Thomsen Director of Communications and Public Affairs Ventura County Fire Department

Vacations are for fun and relaxation. Don't let your vacation be ruined by crime. Follow the Crime Prevention tips below:

REQUEST A VACATION HOUSE CHECK:

At least three business days prior to your departure date, call the Thousand Oaks Community Police Resource Center, (805) 449-2760, Tuesday and Thursday, 10 a.m. to 2 p.m., to request a vacation house check.

While you are away, VIP's will check the backyard, windows, and doors for signs of disturbance and pay particular attention to your property while on patrol. Efforts will be made to check your residence daily during normal patrol hours.

This is a complimentary service of the Thousand Oaks Volunteers in Policing.

MAKE YOUR HOUSE APPEAR "LIVED IN":

- User timers for lights.
- Use a timer for a radio to turn on and off at appropriate times.
- Stop delivery of your mail, newspapers, and packages or have a neighbor pick them up for you.
- Arrange to keep your lawn mowed and watered.
- Keep your garbage cans out of sight. Empty cans out front can be a clue to a burglar that one isn't home.
- Ask a neighbor to park occasionally in your driveway.

PREPARE YOUR PHONE SO IT DOES NOT ALERT A BURGLAR TO YOUR ABSENCE:

- Turn the bell on your telephone off or on low, so a burglar will not be alerted to your absence by the continued ringing.
- If you have an answering machine and leave it on while you are away, do not indicate your absence in your recorded message.
- If your machine alerts a caller that your voice mailbox is full, retrieve your messages while you are away.

PROTECT YOUR VALUABLES Engrave your valuables with your California driver's license number.

- Leave your trip plans, an emergency phone number, and a key to your house with a trusted neighbor or friend
- Do not leave your house key hidden outside under a doormat, in a flowerpot; or on the ledge of a door.
- Have good locks on all your doors and use them.
- Close and lock garage doors and windows.

IF YOU HAVE QUESTIONS ABOUT HOME SECURITY, CALL OUR CRIME PREVENTION UNIT
