2	5/30/2023	Public Safety	Roads & Transportation	Install speed bumps on Conifer Street, between Kanan Road or Satinwood and Smoketree. This is a route for children attending Brookside Elementary and Mae Boyer Park. Car speeds are up to 45mph at all hours of the day and night. Written comment received via email from resident Alison Kollee to Dale Thomas and included MAC June 2023 agenda packet.	Update 2/18/25: Per Roads and Transportation, the road is posted at 35mph per a 2018 Engineering & Traffic Study that is used to establish Speed limits on roadways. Another speed survey would likely not bring the speed limit down to 25mph. One of the requirements for speed humps is that it can be installed only on Roadways with speed limit 25 MPH or lower. There are also 25mph school zone signs. This is an enforcement issue & CHP may need to be notified.	Medium	VC Supervisor	Closed	2/18/2025

19	1/30/2025	Public Safety	Roads & Transportation	Advisory Council member, Brianna Adams,	Update 2/27/25: Per the Public Roads and Transportation Traffic Engineering Manager, Matt Litvinas: After receiving several complaints regarding the intersection, a traffic study was performed in 2022. For reasons that include the restricted sight distance in both directions on Kanan as a result of the existing road geometry, combined with the average speed on Kanan Road, the number of vehicles making that left turn from Los Arcos compared to the extended cue of vehicles turning left from Kanan onto Los Arcos, and a safe left turn option at the adjacent signalized Churchwood intersection, it was determined that prohibiting the left turns from Los Arcos onto Kanan was the appropriate action to increase the safety at the intersection.
