

Conflict of Interest & Statements of Economic Interests (Form-700)

As a requirement of your appointment, you must submit the Statement of Economic Interests Form-700 in a timely manner.

The Political Reform Act of 1974 (Government Code Sections 81000, et seq.), which was approved by the voters of the State of California, is intended to prevent conflicts of interest by requiring public officials to disclose certain personal financial interests, which could foreseeably cause conflicts. In addition, a public official may be required to disqualify himself/herself from making, participating in, or attempting to influence any government decision that will affect any of his/her financial interests, not just those that are required to be disclosed.

The Fair Political Practices Commission (FPPC) Office is available by calling toll-free (866) 275-3772 and by visiting the FPPC webpage for more information at www.fppc.ca.gov

As part of the recruitment process, the Clerk of the Board Office shall maintain information about each Board, Commission, and Committee that is created by the Board of Supervisors (Board). The Board Office or County Department shall review the applications and interview the applicants prior to recommending the appointment to the Board of Supervisors. In some cases, a panel may be created to review the applications.

Diversity, Equity, and Inclusion

The County of Ventura believes in leveraging and building on the distinct lived experiences of the local community. Diverse voices, especially those from underserved communities, carry strength through various perspectives and talents. Policies and practices shaped collectively with people of all identities and backgrounds, and with a special emphasis on including those who will be served or impacted by those policies, is critical in developing strategies and procedures reflective of regional needs. Inclusion of all communities, particularly, traditionally underrepresented voices, is

vital through intentional outreach and thoughtful consideration of meeting logistics that remove barriers to access.

The County of Ventura has various Boards, Commissions, and Committees that the Board of Supervisors make appointments to and that align with the **County's Values** of building and fostering public trust through:

- Ethical behavior
- Transparency and accountability
- Equitable treatment and respect of all constituents
- Excellence in service delivery

Code of Conduct

It is the policy of the Board of Supervisors (Board) to hold public meetings in accordance with the requirements of the Brown Act (Government Code section 54950 et seq.) and any other applicable governing legislation. The Board is committed to the highest standards of conduct by and among its elected and appointed county officials in the performance of their duties on County Boards, Commissions, and Committees. The Board seeks to ensure that promoting the common good is the hallmark of the decision-making process. The Board adopted a code of conduct for County appointed board, commission, and committee members to help ensure public meetings are conducive to civil discourse, including with respect to controversial matters and disparate viewpoints which is the cornerstone of representative democracy and essential to effective decision-making.
