State of California Lifts Regional Stay at Home Order for All Regions *Ventura County in the State's Purple Tier Effective Immediately*

Ventura, CA – The California Department of Public Health has [announced](#) that the Regional Stay Home Order has been lifted in Southern California. Four-week ICU capacity projections for the region are above 15%, the threshold that allows regions to exit the order.

The action allows Ventura County to return to the rules and framework for the [Blueprint for a Safer Economy](#) and [color-coded tiers](#) that indicate which activities and businesses are open based on local case rates and test positivity. Services and activities, such as outdoor dining and personal services, may resume immediately with required modifications. Tier updates will be provided weekly on Tuesdays by the California Department of Public Health.

“We ask our residents to continue to protect themselves, their loved ones, and their communities from COVID-19 by limiting gathering with anyone you don’t live with, wearing a face covering whenever you leave home, maintaining at least 6 feet of distance from anyone you don’t live with and washing your hands frequently,” said Rigoberto Vargas, Public Health Director.
