County of Ventura Planning Division to Host Community Meeting on Permit Application for a Proposed Wastewater Treatment Facility in Unincorporated Santa Paula

VENTURA, CA – The County of Ventura Planning Division will host a community meeting on a permit application for a Wastewater Treatment Facility. The meeting will take place on November 8, 2021 at 6:00 pm at the Santa Paula Community Center located at 530 W. Main Street in Santa Paula.

RI-NU Services, LLC has requested to update and reestablish a Conditional Use Permit to operate a wastewater treatment facility at 815 Mission Rock Road. This facility would continue to accept wastewater, such as, but not limited to, porta-potty waste, septic tank waste, and oilfield wastewater. The wastewater would be treated onsite to separate solids and liquids, consolidated and then trucked to off-site permitted disposal facilities. Project information is available online at: <https://vcrma.org/ri-nu-wastewater-treatment-facility>.

Planning Division staff will provide an overview of the proposed project and the draft environmental document. This community meeting is an opportunity for the public to learn and ask questions about the proposed project and to provide oral or written comments on the draft environmental document. Planning Division staff as well as other County agencies will be available for questions and public comments.

COMMUNITY MEETING SCHEDULE	
LOCATION	DATE and TIME
Santa Paula Community Center Auditorium 530 W. Main Street Santa Paula, CA 93060	Monday, November 8, 2021 Starts at 6:00 p.m. Ends at 8:00 p.m.

In compliance with the Ventura County Health Officer order, all individuals attending the community meeting are required to wear a face covering inside the Santa Paula Community Center, regardless of vaccination status.

Registration to attend the meeting is encouraged. Community members can RSVP on the project website at: <https://vcrma.org/ri-nu-wastewater-treatment-facility>. Spanish interpretation will be offered at the meeting. RSVPs for interpretation are encouraged by calling 805-654-2635.
