All rules, decisions and designations by the County and each administrative committee under the Plan shall be made in a manner, and persons similarly situated shall be treated alike.

6.8 Liability of Administrative Personnel. Neither the County, nor any of its employees, nor any provider of services under Section 6.5 herein, shall be liable for any loss due to an error or omission in administration of the Plan unless the loss is due to the gross negligence or willful misconduct of the party to be charged or is due to the failure of the party to be charged to exercise a fiduciary responsibility, if one is owed, with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent man acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.

6.9 Use of Electronic Medium for Participant Notices.

(a) Definition of Electronic Medium. "Electronic Medium" means an electronic method of communication between the Plan Administrator (or its designated

representative) and Participant thereby allowing each party to send and receive notices, elections and claims through the same medium. The form of electronic communication permitted by the Plan shall be via electronic mail on the County's network or intranet, through an interactive website, a private e-mail address supplied to the County by the Participant for communication purposes, or any other form of communication that is reasonable based on the then prevailing industry standards. The electronic medium must be designed so that the information provided is no less understandable to the receiving party than a written paper document. The electronic medium shall be designed to alert the Participant, at the time a notice is provided, to the significance of the information in the notice (including identification of the subject matter of the notice), and provide any instructions needed to access the notice, in a manner than is readily understandable. The electronic medium shall be designed to preclude any person, other than the appropriate individual, from making a Participant election or claim, or accessing individual participant account information.

(b) Disclosure and Consent Requirements.

(1) Disclosure Statement. Prior to electronically transmitting any consent or notice to the Participant, the Plan Administrator shall provide a statement which contains the following: (i) informs the Employee of the right to receive a paper document of the notice or other Plan-related material either prior to or after giving consent to electronic transmission; (ii) informs the Participant of the right to withdraw his or her consent at any time and the procedures for withdrawal, including any conditions or consequences arising from such withdrawal; (iii) describes the scope and duration of the consent as it related to various plan transactions; (iv) describes the procedures for updating Participant contact information; and (v) describes the hardware or software requirements needed to access and retain the notice.

The form of Electronic Medium utilized by this Plan shall be through an interactive website requiring the Employee to register an e-mail address for communication purposes.

(3) Changes in Hardware or Software Requirements. In the event of any changes in the hardware or software requirements that will prevent a Participant from accessing the Electronic Medium, the Plan Administrator, or its designated representative, shall provide a statement to each Participant of the changes and the right to withdraw consent to receive electronic delivery of Plan-related materials without consequence.

(c) Participant Claims. The Plan Administrator, or its designated representative, shall be permitted to electronically distribute participant claims by Electronic Medium. Each Participant who is provided with participation or claims information via Electronic Medium will also be informed by the Plan Administrator that he may receive a paper copy of the relevant documents upon request. A participant election will not be treated as being made available to an individual if such individual cannot effectively access the Electronic Medium for purposes of making the claim or election. A claim completed by a Participant via Electronic Medium shall be deemed as being provided in written form so long as the following requirements are satisfied:

(1) The Participant has a reasonable opportunity to review, confirm, modify or rescind the terms of the claim before the claim is submitted; and

(2) The Participant receives, within a reasonable time, a confirmation of the claim either through written paper form or by electronic mail (e-mail).

(d) Timing and Content of Elections and Notices. The provisions of this Section 6.9 shall in no way affect or alter the timing or content requirements applicable to each individual notice or document.

6.10 COBRA. Notwithstanding any provision of this Plan to the contrary, to the extent required by COBRA (as defined in Section 2.5), any Participant in this Plan (or other qualifying beneficiary) whose coverage terminates under the Plan because of a COBRA qualifying event, shall be given the opportunity to continue on a self-pay basis the same coverage that he or she had under the Plan the day before the qualifying event for the periods described in COBRA, subject to all conditions and limitations under COBRA.
