

To support the well-being of County employees and help them better understand their health status, the County provides employees with an opportunity to participate in a free, once-per-year wellness profile (screening & health questionnaire).

VC-WELL!, the County of Ventura's workplace-wellness program, is incentivizing employee participation, in this and other healthy activities, by awarding points to earn cash awards. One new activity for 2020 is this **health pledge**. Regular county employees who participate by checking the box below, signing and adhering to the health pledge will earn 10 points toward the WELLthy Reward\$ cash incentive program.

Please submit the completed form to wellness.program@ventura.org no later than **August 31, 2020**.

I have participated in and reviewed the results of my 2020 wellness screening* (screening must be completed first).
