SUBJECT: Public Hearing Regarding Adoption of Resolutions Establishing and Amending the Service Rates and Fees for Various Services of the County, Watershed Protection District, and Fire Protection District for Fiscal Year 2020-21, and Authorizing the Discounting of Certain Fees and Waiving of Certain Fees, Late Fees and Penalties for COVID-19-Impacted Businesses; and Adoption of a Resolution Amending the Rents, Fees, and Insurance Requirements for the Harbor Department and Reaffirming the Harbor Director's Authority to Approve Agreements within Board-Established Guidelines. (RECOMMENDATION #2 REQUIRES 4/5THS VOTE)

RECOMMENDATIONS

It is recommended that your Board, acting as the Board of Supervisors of the County, Board of Directors of the Fire Protection District and Board of Supervisors of the Watershed Protection District, take the following actions as applicable:

1. APPROVE and ADOPT resolutions (Attachments 1 through 5 and 7 through 19) establishing and amending the service rates and fees for various services of the County, Watershed Protection District and Fire Protection District (latter two collectively "Special Districts") for FY 2020-21 and authorizing the discounting of certain fees and waiving of certain fees, late fees and penalties for COVID-19-impacted businesses.
2. APPROVE and ADOPT the resolution (Attachment 6) amending the Harbor Department's rents, fees and insurance requirements and reaffirming the Harbor Director's authority to approve agreements as provided in the resolution within Board-established guidelines. **(REQUIRES 4/5THS VOTE)**

FISCAL/MANDATES IMPACT

Although state law does not mandate that a county establish and impose service rates and fees, state law does set limits on certain types of fees if a county does decide to charge service rates and fees to help pay for such services. The amount of revenue collected from many service rates and fees is dependent on the volume of services demanded by the public. The County Executive Office FY 2020-21 Preliminary Budget contains over \$1.12 billion in revenue from Charges for Services (a 2.21% increase from FY 2019-20), some of which are generated from these service rates and fees. Because of the broad scope of revenues included in Charges for Services, the increases or decreases in revenue may not directly correlate to the increases or decreases in the service rates and fees included in the various attachments to this Board letter.

The vast majority of increased revenues are driven by increases in demand and levels of service, not rate increases. General Fund revenue from Charges for Services is budgeted to increase by \$4.85 million, which represents a 2.45 percent increase from the FY 2019-20 Adopted Budget. This increase is primarily driven by a \$1.0 million increase in Elections for election services charges related to the upcoming November Presidential election; a \$674,000 increase in Animal Services city contracts; and a \$604,000 increase in Resource Management Agency charges related to Planning and Engineering Services.

Non-General Fund revenue from Charges for Services is budgeted to increase by approximately \$19.4 million, which represents a 2.16% increase from the FY 2019-20 Adopted Budget. Much of the increase, \$16.8 million, is attributable to increases in Ventura County Medical Center charges of \$14.6 million, or 3.1% of total charges for services, related to increases in rates and services provided and to internal services fees for information technology network support services charges of \$3.5 million.

Fee Waiver

To help address the financial impact on businesses due to the COVID-19 pandemic, the County has kept many rates and fees related to businesses flat. In addition, the Resource Management Agency and Fire Protection District will be reducing or waiving fees for those businesses impacted by and subject to closure due to the COVID 19 pandemic. This reduction or waiving of fees will reduce inspection revenues collected by the Resource Management Agency and Fire Protection District by approximately \$1.6 million and \$50,000, respectively. The County Executive Office recommends funding these amounts through either CARES Act funding or General Fund Assigned Reserves.

In addition, the General Fund will offset the Public Works Agency's Development Services rates due to nonstandard and extraordinary operational impacts to Development Services due to non-permitted activity inspections, reporting and litigation. This will mitigate rate increases from the Public Works Agency.

DISCUSSION

A. General Overview of Service Rates and Fees

In the past, your Board has adopted numerous resolutions and various ordinances and ordinance amendments establishing or amending service rates and fees for the County, Fire Protection District and Watershed Protection District. Today's recommended actions establish or amend some of these County and Special District service rates and fees in order to partially offset the increased costs of those governmental services.

County agencies and departments provide a variety of valuable public services for which they are allowed by law to recover their costs through regulatory fees. Except where set by law, such regulatory fees generally must be established so as to be reasonably related to the fee payer's burden imposed on the regulatory system or the benefit received by the fee payer from the regulatory activity or public service. There are two basic types of regulatory fees included here: (1) those that are based on service rates; and (2) those that are based on fixed charges. Service rates reflect a per hour cost of a particular County staff person classification and are specified in Attachment 1, Schedule A. Service rates are primarily composed of salary and benefits and any applicable overhead costs. Once adopted, service rates may either be incorporated by reference into various contracts, resolutions, and ordinances imposing regulatory fees for various County services or be used to calculate the amount of the regulatory fee to be charged. Many of the service rates in Attachment 1, Schedule A, are not currently being utilized to calculate regulatory fees but are maintained on an "as needed basis."

The second type of regulatory fee is a fixed charge or dollar amount that is charged to the person or entity requesting or initiating the need for specific government services. Some of these fixed charges for County and Special District services are found in Attachment 1, Schedule A, and other fixed charges are contained in Attachments 2-19. Both the service rates and fixed charges are based on the estimated time to perform tasks using County and Special District salary and benefits, and other applicable costs which are consistent with those found in the County's proposed FY 2020-21 Preliminary Budget.

B. Exceptions to the Board Policy of Full Cost Recovery

Every County agency and department has determined that its services rates and fees are consistent with your Board's policy of full cost recovery. There are, however, a few exceptions to your Board's full cost recovery policy which include, but are not limited to, the following: (1) Probation Agency rates and fees that are on a "charging up to" basis, because full cost recovery from these fees is rare because of the income level of the people served by the Probation Agency. (2) Behavioral Health user fees related to the implementation of drug treatment programs pursuant to Penal Code section 1210.1, which are on a "charging up to" basis, because full cost recovery from these fees is rare because the users are in drug treatment programs. (3) Certain Health Care Agency fees

which are based on state Medi-Cal guidelines which are often below actual costs. (4) Public Works Agency (PWA) Road Encroachment permit fees which are intentionally held to less than full cost recovery in an effort to encourage property owners and contractors who perform work in the County road right-of-way to obtain the necessary permits from PWA Transportation. This is done in the interest of public safety. Therefore, in order to avoid the attendant public safety problem that may come with full cost recovery for this fee, the Road Encroachment fees have historically been set at levels below full cost recovery. (5) Transportation Permit Fees for Extralegal Loads (i.e., oversized vehicles), which are established by state statute and cannot be changed without action by the state. (6) General Services Agency's proposed EV Charger rates, which are developed based on projected actual expenses and demand. The recovery of costs will be largely dependent upon the type of vehicle connected to the EV Charger, as the electric acceptance rate and battery size of vehicles differ. The higher the acceptance rate, the more kilowatts per hour used. (7) Some Fire Protection District (FPD) fees that are being intentionally held to less than full cost recovery. FPD is utilizing data generated from Accela which more accurately reflect full cost for services rendered. Because of this some of FPD's rates and fees resulted in significant increases. Rather than pass these increases on to the public, FPD will spread these increases over future years while continually reevaluating as more data become available. (8) Resource Management Agency (RMA) and FPD will be reducing or waiving fees below full cost recovery for those businesses impacted by and subject to closure due to the COVID 19 pandemic, including those addressed below.

To help address the financial impact on businesses due to the COVID-19 pandemic, the County has kept RMA fees related to businesses flat. In addition, the resolution covering RMA Environmental Health Division (EHD) inspection fees (Attachment 3) will authorize the EHD director, when the EHD determines a facility has been financially impacted by the pandemic, to reduce, by 25%, any inspection fee applicable to that facility and to waive, in full or in part, any related late fees or penalties. (See Attachment 3, § XIII.) Furthermore, the resolution covering RMA EHD medical waste and body art fees (Attachment 10) will authorize the EHD director, when the EHD determines a body art facility has been financially impacted by the pandemic, to reduce, by up to 25%, any fee applicable to that facility and to waive, in full or in part, any related late fees or penalties. (See Attachment 10, § II.11.) Lastly, the resolution covering fees for the regulation of hazardous materials facilities (Attachment 17) will authorize the EHD director, when the EHD determines a facility has been financially impacted by the pandemic, to waive, in full or in part, any fees, and any late fees or penalties. (See Attachment 17, § 2.).

Also due to the effects of the COVID-19 pandemic, the resolution covering fees imposed by FPD (Attachment 1) will authorize the Fire Chief to waive the following fees through December 31, 2020: (a) annual inspection fees for licensed residential care facilities (Attachment 1, Schedule A, page A-25, § XIII); (b) fees for the mandatory annual fire safety inspections of residential occupancies containing sleeping units where the occupants are primarily transient in nature, also known as R-1 Occupancies (Attachment 1, Schedule A, page A-25, § XIV); and tent and canopy (temporary membrane structures)

permit fees for businesses that are expanding outdoor operations due to COVID-19 (Attachment 1, Schedule A, page A-26, § XVI).

C. Effective Date

If your Board adopts the above-referenced resolutions, the associated service rates and fees will become effective on July 1, 2020, with the following exceptions:

- (1) RMA Technician Service Rates in Attachment 1, Schedule A;
- (2) RMA Planning Division fees in Attachment 1, Schedule B;
- (3) RMA Code Compliance fees in Attachment 1, Schedule C;
- (4) RMA Environmental Health Division land use permit fees in Attachment 1, Schedule F;
- (5) RMA Building and Safety Division fees in Attachment 2, Schedule A;
- (6) RMA Environmental Health Division fees related to various facilities listed in Attachment 3;
- (7) PWA Floodplain Management Services Fees in Attachment 4, Schedule A;
- (8) Ventura County Watershed Protection District fees in Attachment 7;
- (9) PWA land use fees in Attachment 16; and
- (10) RMA hazardous materials facilities fees in Attachment 17.

These ten County and Special District service rates and fees will become effective on the 60th day after the date of Board adoption of the resolutions pursuant to Government Code section 66017(a).

HARBOR DEPARTMENT AUTHORITY

In addition to setting rates and fees for the upcoming fiscal year, Recommendation #2 is reaffirming the delegation from your Board for the Director of the Harbor Department to approve leases, concession agreements, extensions, other agreements and legal notices as specified. This delegation enables the Harbor Department to better serve the business needs of the Harbor.

FORMATTING AND PUBLIC NOTICE

This Board letter includes 19 resolutions which are attached. In the interest of giving the Board more information on the above-referenced subject matters, each schedule contains a "legislative format" version showing deleted language in ~~strikeout~~ and amended or new language in underline from the current rate or fee schedule as well as a "clean" version showing the rate or fee schedule with the proposed amended language. In a few cases, two versions of the subject rate or fee schedule are not presented because the "legislative format" does not provide any additional information.

In accordance with state law, the Office of the Clerk of the Board has issued a public notice for the public hearing on annual service rates and fees for the County Board of Supervisors, the Fire Protection District Board of Directors, and the Watershed Protection District Board of Supervisors. The service rate or fee calculations prepared by the respective county department or agency for the numerous new or amended service rates and fees before your Board were reviewed by the Auditor-Controller's Office, except for VCMC and Public Health Laboratory service rates because they are not based on the cost of providing the medical or lab procedure. Documentation justifying these changes is available to the public upon request from the respective departments, agencies or Special Districts or from the County Executive Office. Further, County Counsel has reviewed the attached resolutions and proposed revisions thereto.

If you have any questions, please call me at (805) 662-6868.

CHARGING MECHANISMS

The County's cost recovery program requires that applicable fee(s) or fee deposits be stated in a schedule such as this one. These cost recovery mechanisms are described below:

"Nonrefundable" Fee - A nonrefundable "fixed-fee" is intended to cover the average cost of processing the subject permit or service. Once paid, this fee cannot be refunded if and when the subject application is withdrawn. No additional charges will be billed by the County should the cost of processing exceed the specified amount of this fee.

"Deposit" – means a lump sum cash deposit, based on historical permit application data, which is billed against by the County based on actual County staff time expended, with no billing limit. County billings against the deposit are based upon the work hours expended multiplied by the current Contract Hourly Rate established by the Board of Supervisors. If final County costs do not exceed the deposit amount, the unused portion of the deposit shall be refunded to the applicant. If final County costs exceed the deposit amount, the applicant shall be billed for the balance due pursuant to the fee reimbursement agreement accompanying said deposit.

BILLING POLICIES AND PROCEDURES

Calculating Fees for Service

Whenever a deposit is required for County Planning services, the charge for services shall be based on the applicable contract hourly rate multiplied by the total time spent on the project. Charges for Non-refundable "Fixed-fee" services are calculated based on average time spent to provide such services multiplied by the current Contract Hourly Rate, or the annual staff costs for a program divided by the average annual number of applications processed.

Cost Recovery

The Board of Supervisors' adopted the FY 2020-21 Budget Development Manual that, in part, provides for the recommendation of fees on a full cost recovery basis.

Contract Hourly Rate

The Board of Supervisors annually approves contract hourly rates. The contract hourly rate for the Planning Division is calculated to recover direct and indirect costs for chargeable activities, chiefly permit processing. The current contract hourly rate also includes: (1) a surcharge of \$13.00/hour to partially offset the cost of creating and maintaining digital information, the Planning Division Website, and

Accela System for electronic permit filing and tracking; (2) a surcharge of \$12.75/hr to offset the cost of maintaining the County's General Plan, (3) a surcharge of \$2.00/hr to partially offset the cost of the Permit Intake Coordinator. In total the current Contract Hourly Rate for services provided by RMA Planners is \$167.39. The Contract Hourly Rate for services provided by RMA Technicians is \$143.45. These rates include the base hourly rate and the surcharges described above.

Credit for Youth-Serving Non-profits

Applications pertaining to uses sponsored by nonprofit organizations, such as Scouts, 4-H Clubs, and Little Leagues, which are solely youth-oriented shall be credited \$1500 towards the processing of the subject land use entitlement request.

Billings on Permits for Illegal Uses/Structures

Notwithstanding any provisions in this Planning Division Fee Schedule/Charging Mechanism, there shall be no billing limit on any deposits or fees for application requests processed to legalize or correct violations of County land use ordinances.

Equivalent Fees for Services Not Listed

Where a proposed land use, application or service is not identified in this Schedule, the Planning Director shall review the work characteristics of the proposed use or requested service, in relation to the subject Planning matter, and determine which of the items listed in this Schedule is equivalent in type and processing time to that proposed. The fee or deposit for said use or application shall then be applied to the application requested.

Fees for Deferred Decisions

The Planning Director may defer certain decisions to the Planning Commission in accordance with the Zoning Ordinance. If a decision deferral occurs, no new application fee or deposit is required.

Agencies Reviewing and Billing Against Entitlement Applications

The following agencies, departments and districts are normally involved in the review of land development entitlement requests: Public Works Agency, Environmental Health Division, Air Pollution Control District, Fire Protection District, Sheriff's Department, Agricultural Commissioner's Office and Planning Division. For discretionary land use permits, the Planning Division shall charge and collect a single deposit from the project applicant at the time of application submittal, and all affected agencies will charge against that deposit. For all other permits, these County agencies and departments may independently assess their own regulatory fees.

Required Fees at Application Submittal

The Ventura County Ordinance Code requires that land use applications cannot be accepted for processing unless they are accompanied by the fees/deposits specified in this schedule and the applicable Fee Reimbursement Agreements.

Billing Process

Reviewing agencies and departments are required to maintain time-keeping records during the processing of entitlements. The Operations Division of the Resource Management Agency (RMA) monitors project charges and sends out

statements/bills on a monthly basis. The original deposit will be applied to the current charges and the bill may show a credit or debit balance. Until the charges exceed the deposit no payment is due. Any bill thereafter will show the current charge and be due and payable upon receipt. When the case is closed a final bill will be sent out to the responsible party listing the balance due. This balance due must be paid promptly in order to avoid accruing late fees and generating possible sanctions against one's entitlement. If the project is denied, or the application is withdrawn or closed out prior to a final decision, the case is closed and total processing costs are calculated by RMA Operations. If costs exceed the deposit, RMA Operations will bill the applicant for these costs up to the billing limit, if applicable.

If total costs are less than the deposit, a refund will be issued, unless there are outstanding costs owed the County by the same party. In such cases any balance will be applied to the amount owed. If, in the course of processing an application, the applicable billed fees and charges have not been paid within 45 days, the County may suspend processing the application, or after a hearing, DENY such application based on the applicant's failure to pay said fees and charges.

Late Fees (for Late Payment)

Charges are due and payable within 30 days of billing. Invoices unpaid after thirty (30) days will incur a 2% late fee, compounded monthly.

Standing Accounts

Persons or entities who frequently file applications with the Division (such as for film permits) may deposit, in trust, a sum of money against which County processing fees can be billed. The amount of this type of deposit or standing account and the billing terms shall be established by the Planning Director in consultation with the requesting person or entity.

Deposits and Billings for Projects with Multiple Entitlements

Where a project requires the filing of multiple land use entitlements, a single deposit fee with no billing limit may be assessed and collected. This single deposit fee shall be the highest of the required filing fees or deposits associated with the multiple land use entitlements and there shall be no billing limit. CHARGING MECHANISMS

The County's cost recovery program requires that applicable fee(s), service rates or fee deposits be stated in a schedule such as this one. These cost recovery mechanisms are described below:

1. "Nonrefundable" Fee - A nonrefundable "fixed-fee" is intended to cover the average cost of processing the subject permit or service. Once paid, this fee cannot be refunded if and when the subject application is withdrawn. No additional charges will be billed by the County should the cost of processing exceed the specified amount of this fee.
2. "Deposit" – means a lump sum cash deposit which is then billed against by the County based on actual County staff time expended, with no billing limit. County billings against the deposit are based upon the work hours expended multiplied by the current Contract Hourly Rate established by the Board of Supervisors. If final County costs do not exceed the deposit amount, the unused portion of the deposit shall be refunded to the applicant. If final County costs exceed the deposit amount, the applicant shall be billed for the balance due pursuant to the fee reimbursement agreement accompanying said deposit.

BILLING POLICIES AND PROCEDURES

1. Calculating Fees for Service

Whenever a deposit is required for County Code Compliance services, the charge for services shall be based on the applicable contract hourly rate multiplied by the total time spent on the project. Charges for Non-refundable "Fixed-fee" services are calculated based on average time spent to provide such services multiplied by the current Contract Hourly Rate, or the annual staff costs for a program divided by the average annual number of violations processed.

2. Cost Recovery

The Board of Supervisors' adopted the FY 2020-21 Budget Development Manual that, in part, provides for the recommendation of fees on a full cost recovery basis.

3. Contract Hourly Rate

The Board of Supervisors annually approves contract hourly rates. The contract hourly rate for Code Compliance Division is calculated to recover direct and indirect costs for chargeable activities. The current contract hourly rate also includes: (1) a surcharge of \$13.00/hour to partially offset the cost of maintaining digital information and Accela

System for electronic violation tracking and; (2) a surcharge of \$12.75/hour to offset the cost of maintaining the County's General Plan. The current Contract Hourly Rate for services provided by: (1) Code Compliance Officer is \$168.81; (2) the RMA Technician I/II (BDS) is \$133.56; (3) the Sr Paralegal is \$138.67; and (4) Sr Code Compliance Officer is \$153.32.

4. Equivalent Fees for Services Not Listed

Where a proposed Code Compliance service is not identified in this Schedule, the Code Compliance Director shall review the work characteristics of the proposed service in relation to the subject code compliance matter, and determine which of the items listed in this Schedule is most equivalent in type and processing time to that proposed. The fee or deposit for said use or application shall then be applied to the requested service.

5. Required Fees

The Ventura County Ordinance Code requires that services not be provided nor permits be issued until all required fees/deposits are paid. Thus, no services may be rendered nor permits issued unless they are accompanied by the fees/deposits specified in this schedule.

6. Billing Process

Code Compliance staff is required to maintain time-keeping records for all cases and associated permits. The Operations Division of the Resource Management Agency (RMA) monitors project charges and sends out statements/bills on a monthly basis. Prior to closing a case, a final bill will be sent out listing the balance due. This must be paid promptly to avoid accruing late fees.

7. Late Fees (for Late Payment)

Charges are due and payable within 30 days of billing. Invoices unpaid after thirty (30) days will incur a 2% late fee, compounded monthly.

Late Filing/Investigation Fees (Permits after construction/use inauguration)

In addition to the standard permit fees collected by the Building and Safety Division and/or the Planning Division, when a permit is issued for a building, structure or activity on a property issued a Notice of Violation because such building, structure or activity took place without the proper permits, a late filing fee and/or an investigation fee is collected on behalf of the Code Compliance Division. The late filing fee is collected by the Planning Division at the time the application for the appropriate land use permit is filed. The investigation fee is collected by the Building and Safety Division prior to, or at the time, of permit issuance. The amount of the fees shall be as established within the adopted Planning Division Fee Schedule and/or the adopted Building Code (Article 2, Chapter 1, Section 108.4.1 of Ordinance No. 4369).

Agreements approved by the Harbor Director pursuant to this authority may be terminated by the Harbor Director.
 - f. Notice to Quit is a notice by which the Harbor Director, or his or her authorized representative, gives written notice that a tenant is to vacate the premises, whether due to a breach or default of the Lease, due to the expiration of the term of the Lease or pursuant to the terms of the Lease (such as a month-to-month tenancy).

7. REIMBURSEMENT AGREEMENTS FOR COST RECOVERY. An agreement setting forth a deposit amount and a cost recovery mechanism for services to be provided to lessees or potential lessees. Example – lease amendments, permit processing.

a. Deposit – Cash deposits are submitted and hours billed against these deposits based on actual staff time expended (with the exception of the Harbor Director's first 100 hours), with no billing limit. Billings are based on the work hours expended multiplied by the current hourly rate established by the Board or, in the case of outside consultants, the actual hours and rate billed. Should final costs be less than the amount of the deposit, the remaining deposit will be refunded. Should final costs exceed the deposit, the depositor will be invoiced for the balance due pursuant to the Reimbursement Agreement accompanying the deposit. Only rarely would the deposit be equal to the actual cost.

8. SECURITY DEPOSIT. All tenants or licensees shall provide the County with, and at all times maintain, a Security Deposit in an amount prescribed by the Lease or License covering such property or, if there is no Lease or License, by this resolution. For Leases, said amount shall be based on rent adjusted periodically; for Licenses, said amount shall be equal to one (1) month's license fee. Public entities governed by the Board shall be exempt. Said deposit shall be placed in a County trust account or place of safekeeping and shall guarantee the tenant's or licensee's full and faithful performance of all terms and conditions of the Lease or License. The following forms of deposit are acceptable: Cash, time certificate of deposit (CD), irrevocable letter of credit, and assigned savings passbook.

- B. PREPARATION. The Licenses, Permits, Special Use/Activity Permits, Concession Agreements, Amendments, Notices of Default, Notices of Intent to Terminate and Notices to Vacate shall be prepared by the Harbor Department subject to review and approval by County Counsel.

- C. BACKGROUND DETERMINATION AND GUIDELINES. No agreement will be executed under the authority of this resolution if the County Executive Officer or the Director of the Harbor Department determines that:

1. The proposed use or occupancy is in conflict with official or certified plans for development and/or federal, state or local laws;
2. The other party(s) to a proposed agreement has a reputation, character, or background which could be detrimental to the County's interest; or

3. Such other party(s) does not have technical knowledge, management ability, or financial capability to fulfill the purpose and provisions of the agreement.

- D. RENTAL POLICY. It shall continue to be Harbor Department's policy to require tenants or users of Harbor property to pay rents established by Board-approved Rent and Fee Schedules; however, the Harbor Director may determine that certain special services including labor, materials, and public relations/advertising may be accepted in lieu of cash payment of rent where consistent with this authority and applicable law and approved by County Counsel as to legal form. Public agencies may request in writing a waiver of fees, which may be approved at the discretion of the Harbor Director.
- E. POLICY SETTING AGREEMENTS. Any transaction authorized by this Resolution that is considered policy setting in the opinion of the County Executive Officer or the Harbor Director shall be submitted to the Board for approval and execution.

III. AUTHORIZATION TO ESTABLISH AND MODIFY RATES.

The Harbor Director is hereby granted authority to determine the appropriate previously approved rate to be applied to a new revenue source, not specifically provided for in an agreement, e.g., determining whether rent for a new business should be calculated at the rental rate for "miscellaneous," "all other sources permitted," or "any other source not permitted." In addition, the Harbor Director is authorized to increase or decrease slip rates annually in such amount so as not to exceed the average actual rates per linear foot of privately operated west channel marinas and to achieve these rates without excessive annual increases.

IV. CALCULATION OF FEES.

The fees set forth in the attached Schedule A are consistent with state law. The fees charged do not exceed the estimated reasonable costs of the regulatory activity they support, and those costs are apportioned to individual payers in a manner that bears a fair or reasonable relationship to the payers' burdens on or benefits from the regulatory activity. The documentation and analysis supporting the amount of the fees are on file with the Harbor Department and are incorporated herein by reference.

The foregoing resolution, including the attached Rent and Fee Schedule, is passed, approved, and adopted by the Board of Supervisors on June 9, 2020, supersedes all previous Harbor fee resolutions and is effective on July 1, 2020.

2. **Solid Waste Control Fee** –
 - a. **Solid Waste Facility** – Except as otherwise provided herein, each operator of a solid waste facility, as defined in Ventura County Ordinance Code section 4701-33, located anywhere in the County of Ventura, shall pay, in addition to other prescribed fees, a solid waste control fee of \$1.17 per ton of solid waste disposed of, processed or handled at such facility. For purposes of calculating the fee to be paid by an operator of a transfer or processing station, as defined in Public Resources Code section 40200(a) and (b), “solid waste” shall not include the amount of residual solid waste, following processing, that is disposed at a disposal facility located anywhere in the County of

- b. **Solid Waste Collector** – Except as otherwise provided herein, each solid waste collector, as defined in Ventura County Ordinance Code section 4701-8, shall pay a solid waste control fee in the amount of \$1.17 per ton of solid waste that such collector or its agent or subcontractor collects anywhere in the County of Ventura and transports outside of the County of Ventura for processing or disposal. For purposes of computing the fee or surcharge, the operator or collector shall use the amount of all pertinent tons as weighed during its operations, provided however, that if the amount of tons cannot be determined, the fee and surcharge shall be computed on the following basis:

Wastes that are measured by volume shall be deemed to weigh an amount to be determined by a conversion factor of volume to weight on
