

COUNTY SERVICES AND SPECIAL DISTRICTS

The County Services and Special Districts Committees were combined this year when it was determined that they were both responsible for oversight of some of the same agencies.

The committee accomplished its task by attending various board meetings, touring facilities, conducting interviews, and reviewing documentation representing the following agencies:

- Agricultural Commissioner
- Building and Safety
- Calleguas Municipal Water District
- Camrosa Water District
- Casitas Municipal Water District
- City of Oxnard
- Department of Weights and Measures
- Environmental Health Department
- Fox Canyon Groundwater Management Agency
- Local Agency Formation Commission
- Oxnard Harbor District
- State Department of Public Health, Drinking Water Division
- State Regional Water Quality Control Board
- United Water Conservation District
- Ventura County Parks Department
- Ventura Port District
- Ventura Regional Sanitation District

Our efforts resulted in the reports contained in this section.
