

## COUNTY SERVICES AND SPECIAL DISTRICTS

The County Services and Special Districts Committees are combined since they are responsible for oversight of some of the same agencies.

The committee accomplished its task by attending various board and commission meetings, conducting interviews, following up on complaints assigned to the committee and reviewing documentation representing the following agencies:

- Risk Management Agency
- Department of Transportation
- Parks Department (GSA)
- Resource Management Agency
- Local Agency Formation Commission
- Public Works Agency

Our efforts involved the evaluation and investigation of fourteen citizen complaints which resulted in six reports.

### Committee Members
