Fillmore CA 93015

SUBJECT: CLOSURE OF 2<sup>ND</sup> STREET STADIUM WAY TO SHIELLS DRIVE

The purpose of this letter is to clarify for you the decision of the City traffic committee's decision regarding the closing of 2<sup>nd</sup> Street. The traffic Committee is made up of the Police Chief, Traffic Sargent, Public Works Superintendent and City Engineer. For this issue we also solicited input from the Fire Chief. Our recommendation is as follows:

1. The School District may post new signs on each end of the closure area.
2. The signs should state that "2<sup>nd</sup> Street is closed during school hours."
3. The Fillmore Police Department will enforce the signs.

The main reason for not gating 2<sup>nd</sup> Street is because this is a primary emergency vehicle access route between east and west Fillmore. Any kind of gate will significantly slow down emergency response times.

If you have any questions, please call me at (805) 524-1500 ext. 231.

Very truly yours,

CITY OF FILLMORE
