Dear Honorable Bruce A. Clark:

In reviewing the Grand Jury Report regarding *Police Information Systems Within Ventura County*, this Department concurs with the findings and recommendations as they relate to the Port Hueneme Police Department.

The major issues to address regarding our ability to be an active member in this project are handling the financial and personnel resources necessary. The economy and State budget being the way that it is, our financial resources are going to be very limited in the future. The only way that we could participate in the recommendations made by the Grand Jury and purchase the equipment necessary to be able to participate county wide is through the grant process. If funding could be obtained that would assist us in securing the necessary equipment, we could rise to the next level in providing services to our community.

If there are any further questions regarding this response, please feel free to contact me at (805) 986-6531.

Sincerely,
