RE: 2002-03 Ventura County Grand Jury Letter  
Police Information Systems within Ventura County

Dear Judge Clark,

I have reviewed the above referenced letter from the Ventura County Grand Jury, dated March 18, 2003. I have directed Commander Mark Hanson of the Santa Paula Police Department to review the letter and respond to the "recommendations," since he has been involved in our department automated systems/issues since 1988.

Our response therefore is as follows:

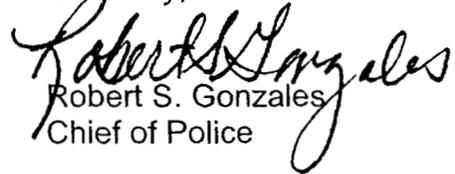

- |           |   |
|-----------|---|
| R-1 Agree | This has been done in the past. The "Integrated Justice Task Force," which was spearheaded by the Superior Courts and remains Ad Hoc. |
| R-2 Agree | Ventura County ISD was involved the project described in the above R-1  |
| R-3 Agree | A central warehouse on the county LANWAN would be helpful.  |

(R-3 Continued)

- R-3 Disagree The Santa Paula Police Department's CAD/RMS Systems were selected and customized to meet our needs. We would not be agreeable to the replacement of these systems. Our data base design would be compatible with the data warehouse architecture as discussed in R-1.
- R-4 Agree However, smaller agencies typically cannot afford, nor need this level of technology.
- R-5 Agree We support working together and subscribe to the notion of not trying to "reinvent the wheel."

If I can be of any further assistance please do not hesitate to call me. I can be reached at 933-4222.

Sincerely,

  
Robert S. Gonzales  
Chief of Police
