TEMPLATE FOR NOTEBOOK SPINE (LAST PAGE OF DOCUMENT)

FORMS – All forms, except those related to fiscal, may be found in the **VCAAA Data Reporting Manual for Title III B, Title III C, and Title III D Programs** and the **VCAAA Data Reporting Manual for FCSP (Title III E) Services**. Fiscal forms (budget, monthly expenditure request for

funds spreadsheets, budget amendment requests, etc.) and monthly program report forms are provided by your Grants Manager.

SECTION I: INTRODUCTION

WHO NEEDS TO READ THIS MANUAL?

In each grantee organization, these individuals should read, in detail, this Contractor Manual and the annual grant contract:

- **Program Manager** - Person(s) responsible for administering/managing the grant funded program.
- **Data Manager** - Person(s) responsible for collecting client level data and entering it into the respective data program (Q Continuum System or Harmony).
- **Fiscal Manager** - Person(s) responsible for the fiscal aspects (budget, reporting, etc.) of the grant funded program.
- **Operations Manager/Site Coordinators** - Person(s) responsible for the day-to-day operations of the program if different from the program manager.

PREFACE

VCAAA has prepared this manual to assist the grantee's administrative, fiscal and program staff to successfully manage their grant-funded programs. The manual contains the most frequently utilized procedures required to maintain a grantee's compliance with federal, state, County and VCAAA regulations and policies that govern grant funded programs and services.

This manual replaces all previous VCAAA Contractor Manuals. However, it is not a replacement for program specific manuals and regulations issued by the State of California such as the Long Term Care Ombudsman Program manual, California Statewide Guidelines for Legal Assistance manual, Senior Employment Community Services Program (SCSEP) handbook, etc.

Grantees are welcome to review all applicable regulations in the VCAAA's office where complete copies of federal and state legislation and regulations are available.

Note: Grantee, contractor and service provider may be used interchangeably in this document. The terms have the same meaning regardless how and when they are used.

VCAAA CONTACT INFORMATION

Address:	Ventura County Area Agency on Aging 646 County Square Drive, Suite 100, Ventura, CA 93003-9086
FAX - Main:	(805) 477-7312 (HICAP: 477-7341) (MSSP: 477-7313)

***CFDA = CATALOG OF FEDERAL DOMESTIC ASSISTANCE**

****[In-kind contributions](#)** mean the value of non-cash contributions donated to support the project or program (e.g., property, service, etc.). **[Matching contributions](#)** are local cash and/or in-kind contributions by the grantee or other local resources that qualify as match for the contract. **[Non-matching contributions](#)** mean local funding that does not qualify as match and/or is not being budgeted as match (e.g., federal funds, overmatch, etc.). **[See section 6 for more information on match requirements.](#)**

PRIMARY RESPONSIBILITIES OF THE VCAAA REGARDING CONTRACTS

The VCAAA staff along with its Advisory Council looks forward to the success of your project and the benefits that seniors throughout the county will enjoy because of it. In helping you succeed, the VCAAA maintains primary responsibility for:

1. Grants management oversight. The VCAAA staff person assigned to manage your grant will track contracted units of service and ensure that you are meeting your grant objectives, which were specified in your grant application and the request for proposal.
2. Annual monitoring assessments will be conducted by:
 - Your VCAAA Grants Manager – The monitoring process will assess the status of your grant, any compliance issues, and any concerns that you may have. Prior to the visit, your organization may be asked to complete and return a Grantee Self Assessment Tool form. The person(s) responsible for implementing the grant should participate in assessment. The grants manager may also request (in advance) that the individual in your organization who is responsible for the administration of the grant and/or the preparation of fiscal and program reports participate. During the assessment, the grants manager will ask several questions regarding the grant and will subsequently prepare a monitoring assessment report.
 - The Fiscal Officer – The fiscal officer may conduct a site visit to review all fiscal reports related to the grant. Grantees will be notified in advance if the fiscal officer intends to conduct a fiscal review. Please refer to the Assessments and Monitoring section of this manual for more information.
3. Coordination of annual direct grantee reporting forums (to be held at the option of the VCAAA).
4. Program and technical assistance plus CareAccess “Q” assistance (if applicable). Your VCAAA grants manager, fiscal officer and office systems coordinator will serve as resources for you as the need arises.
5. Reporting units of service to the appropriate state agency. Reported units of service will be compiled and sent to the State of California. In most cases grantees are responsible for their own data entry and tracking of service units.
6. Payment of funds. VCAAA staff will process your requests for funds in a timely manner.
- 7. Payment of funds is on a reimbursement basis. Grantees must spend funds before requesting reimbursement for funds.**

SECTION 2: GENERAL CONTRACT REQUIREMENTS

THE CONTRACT SIGNED BETWEEN THE COUNTY OF VENTURA AND THE GRANTEE SHOULD BE READ IN DETAIL. THIS CONTRACTORS MANUAL IS INCORPORATED INTO THE CONTRACT BY REFERENCE.

Overview - The VCAA issues two types of contracts: vendor (to provide services on demand) and grantee (to provide grant funded services typically specified in a request for proposal). The contract made between the VCAA and each contractor may include exhibits containing service requirements, other requirements (specific to the program being funded or the service being provided), assurances and contingencies.

The contract contains many specifics that will not be mentioned in this Contractors Manual but that may apply to an organization. The contract made between the VCAA and each contractor includes Agreements and Assurances, service requirements, other requirements and *contingencies* as well as the project application and VCAA approved budget. The latter two documents are not attached to the contract but are incorporated by reference.

Every contract contingency must be fulfilled to the satisfaction of the VCAA before any payment will be authorized to a grantee. The VCAA will notify each grantee in writing when the grantee has satisfied all contingencies. NOTE: The performance by the grantee prior to receiving written notification of the satisfaction of contingencies from the VCAA is at the grantee's sole risk.

All grantees:

- Are required to provide the services specified in the contract.
- Will be held to the number and types of service units, including the unduplicated client count contained in the contract service requirements.
- Are subject to certain non-negotiable requirements including the requirements stipulated in the original Request for Proposal or Invitation for Bid.

Staffing Levels - All grantees must maintain adequate staffing levels to perform at the contracted level. Grantee is expected to actively seek qualified older persons for paid positions on the project and make provisions for volunteer opportunities for older persons.

Subcontracting - Any subcontracts to provide program services under the grant contract must be approved in writing by a VCAA-designated representative and will have no force or effect until so approved. **A copy of any executed subcontract or assignment must be forwarded and approved by the VCAA Fiscal & Contracts manager BEFORE the beginning of the subcontract or assignment.** Subcontracts will be subject to the provisions of the grant contract including insurance requirements. The grantee is responsible for monitoring the performance of the subcontractors and

for ensuring that subcontractors are compliant with grant contract requirements including insurance requirements.

Any grantee that uses a subcontractor for any portion of the project retains the prime responsibility for carrying out all of the terms of the grant contract, including, but not limited to, the responsibility for preserving the State's copyrights and rights in data, for handling property (see Equipment section) and the responsibility for ensuring the availability and retention of records of subcontractors and assignments in accordance hereto.

No subcontract or assignment utilizing grant funds shall be entered into for a term extending beyond the ending date of the grant contract.

Purchase of items such as standard commercial supplies, office space, or printing services do not require a subcontract and do not require prior VCAAA approval.

INDEMNITY AND INSURANCE REQUIREMENTS

Introduction

All grantees are required to indemnify and hold harmless the County of Ventura, and the VCAAA. This shall be evidenced by a certificate of insurance naming the County and the VCAAA. This is a non-negotiable requirement of the County of Ventura and cannot be waived.

If there is a difference between the insurance requirements specified in the grant contract and the Contractors Manual (which can occur due to changing requirements from year to year) the contract requirements supersede the requirements in the Contractors Manual.

Indemnity Requirements

1. All activities and/or work covered by the contract shall be at the risk of the grantee alone. The grantee agrees to defend, indemnify and hold harmless the CDA, VCAAA, and County of Ventura including all of its boards, districts, agencies, departments, officers, employees, agents and volunteers, against any and all claims and losses, lawsuits, judgments, debts, demands and liability, injuries or death of persons and/or damages to property arising directly or indirectly out of the obligations herein described or undertaken, or out of operations conducted or subsidized in whole or in part by grantee and grantee's subcontractors or agents, save and except claims or litigation arising through the sole negligence or wrongdoing and/or sole willful misconduct of the VCAAA and the County of Ventura.

2. The grantee, solely at its own cost and expense, will provide clean up of any premises, property or natural resources contaminated or polluted due to grantee activities. Any fines, penalties, punitive or exemplary damages assigned due to contamination or polluting activities of the grantee will be borne entirely by the grantee. Any grantee receiving more than **\$100,000** in funding shall comply with all orders or requirements issued under the following laws: Clean Air Act, as amended (42 U.S.C. 1857), Clean Water Act, as amended (33 U.S.C. 1368), Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.), and Environmental Protection Agency Regulations (40 CFR, Part 15 and Executive Order 11738).
3. If, in the performance of the contract, the grantee chooses to associate, subcontract with, or employ any third person in carrying out its responsibilities under the contract, any such third person shall be entirely and exclusively under the direction, supervision and control of the grantee.
4. Grantee is an independent contractor and shall hold the VCAA and the County of Ventura harmless from any and all claims that may be made against the VCAA or the County of Ventura based upon any contention by any third party that an employer-employee relationship exists by reason of the grant contract. The VCAA is not required to make any deductions from the compensation payable to grantee under the provisions of the grant contract. Grantee shall be solely responsible for self-employment social security taxes, income taxes and any other taxes levied against it. Grantee does not assign such obligation to the VCAA for collection or administration except as may be required by federal and state statutes.
5. Grantee, and the agents and employees of grantee, in the performance of the grant contract, duties, and obligations, and in the exercise of the rights granted under the grant contract shall act in an independent capacity and not as officers or employees or agents of the VCAA, the County of Ventura or the State of California.
6. If, in the performance of the grant contract, grantee chooses to associate, subcontract with, or employ any third person in carrying out its responsibilities under the grant contract, any such third person shall be entirely and exclusively under the direction, supervision, and control of grantee. All terms of association, subcontract or employment, including hours, wages, working conditions, discipline, hiring and discharging, or any other terms of association, subcontract or employment or requirements of law, shall be determined by grantee, and the VCAA shall have no right or authority over such persons or the terms of their association, subcontract or employment, except as provided in the grant contract. Neither grantee nor any such person shall have any claim under the grant contract or otherwise against the VCAA for sick leave, vacation pay, retirement benefits, social security benefits, workers' compensation, disability, unemployment insurance benefits, or employee benefits of any kind.

Insurance Requirements

Grantee, at its sole cost and expense, shall obtain and maintain in full force during the term of the grant contract, adequate liability insurance to cover all activities of grantee necessary to fulfill grantee's obligations under the grant contract. It is understood and agreed that the VCAA reserves the right to determine the type and extent of insurance that may be required:

1. Prior to commencement of any work under the grant contract Grantee shall maintain the following insurance:
 - (a) General liability "occurrence" coverage in the minimum amount of \$1,000,000 combined single limit (CSL) bodily injury & property damage each occurrence, and \$2,000,000 aggregate (\$3,000,000 million for Senior Nutrition grantees), including personal injury, broad form property damage, products/completed operations and broad form blanket contractual and \$100,000 fire legal liability. The VCAA will accept a statement of self-insurance which provides the required coverage.
 - (b) Workers' Compensation Insurance coverage, in full compliance with California statutory requirements, for all employees of grantee and Employer's Liability in the minimum amount of \$1,000,000.
 - (c) Professional liability and/or medical malpractice as it appropriately relates to services being rendered. Coverage in the minimum amount of \$1,000,000 each occurrence and \$3,000,000 aggregate.
 - (d) Automobile liability including owned, non-owned, and hired auto liability, for not less than \$1,000,000 for volunteers and paid employees providing services supported by the contractual agreement.
2. All insurance required shall be primary coverage in respect to the VCAA and the County of Ventura, and any insurance or self-insurance maintained by the VCAA and the County of Ventura shall be in excess of grantee's insurance coverage and shall not contribute to it.
3. The County of Ventura and the Ventura County Area Agency on Aging must be named as Additional Insured with respect to work done by grantee under the terms of the grant contract on all policies required (except Workers' Compensation).
4. Grantee agrees to waive all rights of subrogation against the County of Ventura and for losses arising directly or indirectly from the activities and/or work performed by grantee under the terms of the grant contract (applies only to Commercial General Liability and Workers' Compensation).

5. The VCAAA is to be notified immediately if any aggregate insurance limit is not met. Additional coverage must be purchased to meet requirements.
6. Policies will not be canceled, non-renewed, or reduced in scope of coverage at any time that said policies are required by the grant contract until after 30 days' written notice has been given to the VCAAA and approved in writing by the VCAAA. If the reason for cancellation is non-payment of the insurance premium, 10 days' written notice is acceptable.
7. Grantee agrees to provide the VCAAA with the following insurance documents on or before the effective date of this contract:
 - (a) Certificates of Insurance for all required coverages. The VCAAA shall be named the certificate holder and the address must be listed on the certificate.
 - (b) Additional Insured endorsements naming the VCAAA and the County of Ventura and authorized with a signature by the insurance carrier.
 - (c) Waiver of Subrogation endorsement (A.K.A.: Waiver of Transfer Rights of Recovery Against Others, Waiver of Our Right to Recover from Others).
8. If grantee fails to maintain insurance as required, VCAAA shall have the right, but not the duty, to purchase any such required insurance on grantee's behalf (a) utilizing grant funds and/or (b) with grantee obligated to reimburse VCAAA promptly for all such costs not paid by VCAAA directly out of grant funds. Failure to maintain adequate insurance and/or bonds pursuant to Article XVI(a) hereof shall constitute a material breach for which the VCAAA may terminate the grant contract effectively by giving written notice to grantee, or as other indicated in said notice. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve grantee from liability in excess of such coverage, nor shall it preclude VCAAA from taking such other actions as are available to it under any other provisions of the grant contract or otherwise by law.
9. If the Professional Liability coverage is "claims made", grantee must, for a period of three (3) years after the date when contract is terminated, completed or non-renewed, maintain insurance with a retroactive date that is on or before the start date of the grant contract OR grantee must purchase an extended reporting period endorsement (tail coverage). The VCAAA may withhold final payments due until satisfactory evidence of the tail coverage is provided by grantee to the VCAAA.

SECTION 3: OTHER CONTRACT REQUIREMENTS

Americans with Disabilities Act Compliance – Contractor/vendor must comply with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. Refer to appendix, Disabilities.

Availability and Eligibility for Grant Funded Services - Programs funded through the VCAAA using Older Americans Act (federal) and/or Older Californians Act (State) monies must be made available as follows:

Title III B: Support Services – Includes but is not limited to ElderHelp services (personal care, homemaker, chore), adult day care, legal services, case management.
Age requirement: 60 years or older
Income requirement: None

Title III C-1 and C-2: Senior Nutrition – Congregate Meals
Age requirement: 60 years or older and Spouse or Caregivers
Income requirement: None

Title III C-2: Senior Nutrition – Home Delivered Meals
Age requirement: 60 years or older
Income requirement: None
Other requirements: A recipient of home-delivered meals must be homebound by reason of function, isolation or disability. Such persons are physically unable to drive or use Dial-A-Ride. Their spouse, caregiver or disabled roommate qualifies to receive home delivered meals for the rate of the recommended donation.

Title III D: Health Programs and Medication Management
Age requirement: 60 years or older
Income requirement: None

Title III E: Family Caregiver Services Program – *Caring for Elderly Services*
Age requirement: Caregivers must be aged 18 or older and must be unpaid informal providers of care for a person who is:

1. Aged 60 years or older; or
2. Aged 18 or older with one or more of the following conditions:
 - a. Alzheimer’s Disease or related disorder with neurological and organic brain dysfunction;
 - b. Vascular or mixed dementia;
 - c. Lewy Body Disease or Pick’s Disease/front temporal dementia;
 - d. Mild cognitive impairment (*excludes* individuals with developmental disabilities);
 - e. Parkinson’s Disease, Huntington’s Disease or Multiple Sclerosis;
 - f. Normal pressure hydrocephalus;

- g. Traumatic brain injury (e.g., bleeding into brain or space around brain; a blood clot pressuring brain; or concussion);
- h. Creutzfeldt-Jakob disease (“Mad Cow” disease); or
- i. Wernicke Korsakoff syndrome / alcoholic encephalopathy

Title III E: Family Caregiver Services Program – *Caring for Child Services*

Age requirement: Aged 55 or older

Other requirements: Caregiver must:

- Be the unpaid informal provider of care for a person who is aged 18 or younger;
- Reside with the child;:
- Be a grandparent, step-grandparent or other older relative of the child by blood, marriage or adoption;
- Be serving as the primary caregiver of the child because the biological or adoptive parents are unable or unwilling to serve as the child’s primary caregiver;
- Must have a either a legal relationship (such as legal custody or guardianship) or raising the child informally.

Title V: Senior Community Services Employment Program (SCSEP)

Age requirement: 55 years or older. Veterans receive preference.

Income requirement: No more than 125% of the federal poverty level. (Some sources of income are excluded in calculating the income level.) Proof of income is required.

Title VII B: Prevention of Elder Abuse

Age requirement: 60 years and older

Income requirement: None

FTA 5310 New Freedom: Medi-Ride Transportation Services for Seniors and Disabled Adults

- Age 18 or older
- Income requirement: None
- Other requirements:
A recipient of Medi-Ride transportation to and from non-emergency appointments must be ADA certified disabled.

FTA 5317 Jobs Access Reverse Commute: Transportation for Unemployed and Underemployed Seniors

- Age 55 or older
- Income requirement: Yes, must be unemployed and seeking employment or underemployed.

Cost of Services to Program Participants - Grant funded programs must be made available for **FREE** to those who meet the age, income and other requirements listed in the section above.

Means tests shall not be used by any Contractor for any Title III or Title VII services nor shall services be denied to any Title III or Title VII client that does not contribute toward the cost of the services received.

Allowing Participants to Contribute - Grantees must provide older persons and caregivers receiving grant funded services the opportunity to contribute to all or part of the costs of the social services provided. **Methods used to solicit voluntary contributions for Title III and Title VII services shall be non-coercive and confidential.** Donation letters sent to clients for Title III and Title VII services shall stipulate that contributions are voluntary and not required to receive service.

A grantee may develop a "suggested contribution" amount that can be posted prominently in the program service area. Each post should identify the client service and the suggested amount to be donated for each service or program. **Nutrition projects please refer to the VCAA Senior Nutrition Program Handbook (incorporated into this manual).**

When developing the amount to list as a suggested donation, consumer input and the income ranges of the client should be taken into consideration. Total service cost should also be a factor.

Each senior should have a **private, free and voluntary opportunity** to contribute to the cost of the service received. For example:

- In-home services: labeled envelopes which may be filled and sealed.
- Senior center services: a sealed or locked box with a slot in the top placed in the service area and labeled "Donations."

For grantees processing contributions that amount to \$20 or more per day, a locked contribution box must be used and the following procedures applied.

1. The contribution boxes must be opened in the presence of two (2) persons. If contributions through the mail are typically over \$20 a day, a person independent of other financial duties should open the mail and prepare a record of the donations received.
2. The contributions must be counted by two (2) persons with the second person verifying the count made by the first.
3. The count sheets should be prepared and signed by both persons.
4. Contributions must be stored in a locked space immediately after the count and deposited in the bank daily. A duplicate deposit slip should be obtained from the bank.

5. The daily deposit may be waived where contributions are less than \$20 a day, but under no circumstances should an accumulated amount of over \$100 be allowed to remain undeposited.

Cooperation and Service Coordination - All grantees are required to cooperate fully with the VCAAA in any efforts toward developing a comprehensive and coordinated system of services for the elderly and to participate in joint planning efforts and service, which may include the shared use of grant-funded equipment, service coordination and other activities as may be determined by the VCAAA to attain this goal. As a part of the aging network, each grantee/contractor is required to cooperate with efforts to develop:

Coordination: Activities which bring district programs, service organizations or activities into an interconnected system with mutually agreed upon objectives and beneficial linkages with common goals.

Comprehensive and Coordinated Service System: A program of interrelated social and nutrition services designed to meet the needs of older persons in Ventura County.

Maximum Use of Funds and Resources: Maximize senior service to targeted clients, thus making maximum use of the available federal, state and local level funds and resources.

Contractor's Status - The Grantee agrees to maintain a sound financial status during the terms of the grant contract. Any grantee that is a private for-profit corporation, Joint Powers Agreement (JPA) or private non-profit corporation must be in good standing with the Secretary of State of California and shall maintain that status throughout the term of the Agreement. Failure to maintain good standing shall result in suspension or termination of the grant contract until satisfactory status is restored.

Debarment, Suspension, and Other Responsibility Matters - Grantee certifies to the best of its knowledge and belief, that it or its agents:

1. Are not presently debarred, suspended, proposed for disbarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
2. Have not, within a three-year period preceding the grant contract, been convicted of, or had a civil judgment rendered against them, for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlements, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification; and,
4. Have not, within a three-year period preceding the grant contract, had one or more public transactions (federal, state, or local) terminated for cause or default.

Grantee shall report immediately to the VCAAA in writing any incidents of alleged fraud or abuse. Grantee will maintain any records, documents, or other evidence of fraud and abuse until otherwise notified by the VCAAA on Aging.

Emergency Contact Information - Contractors are required to keep an emergency contact list on file with their VCAAA grants manager. It must be updated annually. This list is kept in confidence and referred to only in case of an emergency. In the event of a disaster or emergency, the VCAAA Grants and Planning Manager or other designated VCAAA staff person will be your contact person for assistance.

Grievance Procedures - Grantee is required to establish a written grievance procedure for reviewing and attempting to resolve complaints of older individuals (California Code of Regulations Section 7400(a)(2)). At a minimum the process shall include all of the following:

- (a) Time frames within which a complaint will be acted upon.
- (b) Written notification to the complainant of the results of the review, including a statement that the complainant may appeal to the VCAAA if dissatisfied with the results of the Grantees' review.
- (c) Confidentiality provisions to protect the complainant's rights to privacy. Only information relevant to the complaint may be released to the responding party without the older individual's consent.

Grantee is required to notify all older individuals of the grievance process through their organization as well as the VCAAA. Grantee may notify older individuals by the following methods:

- (a) Posting notification of the process in visible and accessible areas, such as the bulletin boards in senior centers. For areas in which a substantial number of older individuals are non-English speaking, the notification shall also be posted in the primary language of a significant number of older individuals. The term "substantial number" and "significant number" shall be determined by the VCAAA.
- (b) Advising homebound older individuals of the process either orally or in writing upon the grantee's contact with the individuals.

Complaints may involve, but not be limited to, any or all of the following: amount or duration of a service, denial or discontinuance of a service or dissatisfaction with the service being provided or with the service provider, complaints regarding an issue of professional conduct that is under the jurisdiction of another entity, such as the California Medical Board or the State Bar Association, or failure of the grantee to

comply with the terms of this contract. Sections 9102 and 9105, Welfare and Institutions Code. Reference 42 U.S.C. 3026(a) (6) (P) and 3027 (a) (43).

Information Integrity and Security - Grantee shall protect from unauthorized disclosure the names and other identifying information concerning persons receiving services pursuant to the grant contract, except for statistical information not identifying any participant. This provision shall remain in force even after termination of the contract. Grantee shall not use such identifying information for any other purpose than carrying out grantee's obligations under the grant contract. Identifying information shall include, but not be limited to, name, identifying number, social security number, state driver's license or state identification number, financial account numbers, symbol or other identifying characteristic assigned to the individual, such as finger or voice print or a photograph.

Grantee will not, except as otherwise specifically authorized or required by the grant contract or court order, disclose any identifying information obtained under the terms of the grant contract to anyone other than the VCAA and/or the California Department of Aging without prior written authorization from the VCAA and/or the California Department of Aging. Grantee may be authorized, in writing, by a participant to disclose identifying information specific to the authorizing participant.

Grantee may request that a participant authorizes the release of information to specific entities, but shall not request or encourage any participant to give blanket authorization to sign a blank release, nor shall grantee accept such from any participant.

Grantee is required to encrypt (or use an equally effective measure), any data collected under the grant contract that is confidential, sensitive, and/or personal including data stored on portable computing devices (including but not limited to, laptops, personal digital assistants, and notebook computers) and/or portable electronic storage media (including but not limited to, discs and thumb/flash drives, portable hard drives).

Grantee shall ensure that personal, sensitive and confidential information is protected from inappropriate or unauthorized access or disclosure in accordance with applicable laws, regulations and State policies. The requirement to protect information shall remain in force until superseded by laws, regulations or policies.

Grantee agrees to comply with the privacy and security requirements of the Health Insurance Portability and Accountability Act (HIPAA) to the extent applicable and to make all reasonable efforts to implement HIPAA requirements.

 ***For more information, refer to appendix, Protection of Information Assets, which includes information on Security Awareness Training and Incident Reporting.***

Inquiries and Complaints Regarding National Origin - Grantee must designate an employee to whom initial complaints or inquires regarding national origin can be directed. The name of the individual shall be provided to the VCAAA Grants and Planning Manager within 30 days of this contract being in effect. Any subsequent changes in the designation must be reported as soon as possible.

Complaints relating to national origin discrimination shall be handled by the grantee. If the complaint is not resolved the complainant shall be provided with the name and phone number of the person of the VCAAA who handles complaints regarding national origin. Christine Voth is the designated staff person at the VCAAA to handle these types of complaint. She can be reached at (805) 477-7300. If a complaint is made by a program participant alleging discrimination based upon a violation of State of Federal Law (22 CCR 98211, 98310, 98340) the grantee agrees to notify the VCAAA immediately.

Licensing Requirements - Grantee represents or warrants that it possesses or will possess all necessary licenses, permits, inspections, notices and certificates required to provide the services which are the subject of the grant contract prior to the commencement date of the agreement.

Limited English Speaking Participants - Grantee agrees to provide the VCAAA with the following information regarding program participants: number or proportion of limited English-speaking (LEP) persons likely to be encountered by the program, frequency with which LEP individuals come in contact with the program, nature and importance of the services provided to people's lives.

Grantee shall take reasonable steps to ensure that "alternative communication services" are available to non-English speaking or LEP beneficiaries of services under the grant contract. "Alternative communication services" include, but are not limited to, the provision of services and programs by means of the following: Interpreters or bilingual providers and provider staff, contracts with interpreter services, use of telephone interpreter lines, sharing of language assistance materials and services with other providers, translated written information materials, including but not limited to, enrollment information and descriptions of available services and programs and referral to culturally and linguistically appropriate community service programs.

Grantee shall notify its employees of clients' rights regarding language access and grantee's obligation to ensure access to alternative communication services where determined appropriate.

Living Wage Ordinance - Your contract is subject to the County of Ventura Living Wage Ordinance. The Ordinance requires the payment of a living wage and accompanying paid time off to all covered employees engaged in providing services pursuant to a service contract. Exclusions and exemptions from this ordinance: contracts subject to federal or state laws (e.g., Prevailing Wage Construction contracts), contracts with a 501c3 non-profit organization, government entity,

financial/banking institution, contracts for professional services (consultant, doctor, etc.), contracts with a small employer (employs less than five full-time persons), an entity operating under a collective bargaining agreement, in-home support service workers, board and care services and printing/copying services.

Lobbying Certification - Grantee certifies to the best of its knowledge and belief that:

1. No federally appropriated funds have been paid or will be paid, by or on behalf of grantee, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of a federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
2. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a member of Congress, or an officer or employee of Congress in connection with this federal contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying" in accordance with its instructions. The form is available upon request from the VCAA.
3. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. This certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Non-Discrimination Compliance - Grantee agrees to comply with all federal and state statutes relating to non-discrimination, including those contained in the Contractor Certification Clauses (CCC1005) which is hereby incorporated by reference. **See Appendix 13, Key Organizations and Regulations.**

Reporting Abuse of an Elder or Dependent Adult - Mandated Reporter

A mandated reporter who has observed, suspects, or has knowledge of an incident that reasonably appears to be physical abuse (including sexual abuse), abandonment, isolation, financial abuse, abduction, or neglect (including self-neglect) of an elder or dependent adult, or is told by the individual that he or she has experienced behavior constituting physical abuse, abandonment, isolation, financial abuse, abduction, or neglect, is required to report the known or suspected instance of abuse by telephone immediately or as soon as practicably possible, and by written report sent within two working days to the appropriate agency:

- Adult Protective Services (APS), phone (805) 654-3200, if abuse occurred in a private residence, apartment, hotel or motel, or homeless shelter.

- Long-Term Care Ombudsman, phone (805) 646-1986, if abuse occurred in a nursing home, adult residential facility, adult day program, residential care facility for the elderly or adult day health care center).

Information, forms and instructions for reporting abuse can be viewed and downloaded from: <http://www.cdss.ca/gov/agedblinddisabled/PG1298.htm>

WHO IS MANDATED TO REPORT ABUSE?

A mandated reporter is any person who has assumed full or intermittent responsibility for care or custody of an elder or dependent adult, whether or not that person receives compensation including:

- Health practitioners (physician, dentist, counselor, etc.)
- Clergy members
- Officers and staff of financial institutions
- Notary Public
- Local law enforcement and fire departments
- Employee of a county adult protective services agency
- Staff of a public or private facility that provides care or services for elder or dependent adults including clinics, 24-hour health facilities, adult day care providers/centers, Alzheimer Day Care Resource Centers, independent living centers, schools, camps, community and residential care facilities, foster homes, respite care facilities, regional centers for persons with developmental disabilities, vocational rehabilitation facilities and work activity centers
- **Staff of agencies providing publicly funded in-home supportive services, nutrition services, or other home and community-based support services, home health agencies, and Area Agencies on Aging**
- Staff of State Department of Social Services and State Department of Health Services licensing divisions and County welfare departments
- Offices of patients' rights advocates and clients' rights advocates, including attorneys
- Local and State Long-Term Care Ombudsman Offices
- Offices of public conservators, public guardians, and court investigators
- Humane societies and animal control agencies
- Offices of environmental health and building code enforcement, and
- **Any other protective, public, sectarian, mental health, or private assistance or advocacy agency or person providing health services or social services to elders or dependent adults, or a coroner.**

Security Awareness Training - Refer to Appendix 7, Protection of Information Assets

Security Incident Reporting - Refer to Appendix 7, Protection of Information Assets

Supplanting - Funds made available under the grant contract shall supplement, and not supplant, any federal, State, or local funds expended by a State or unit of general

purpose local government to provide Title III (excluding III E), Title VII, or Community-Based Services Programs.

Funds made available under Title III E ***shall supplement and not supplant*** other services that may directly or indirectly support informal caregiving, such as Medicaid waiver programs (e.g., MSSP, etc.), or other caregiver services such as those provided through Caregiver Resource Centers, In-Home Support Services and other Title III funded providers.

Use of Waiting Lists

Participants shall not be denied or limited services because of their income or financial resources. Where program resources are insufficient to meet the demand for services, each service program shall establish and utilize written procedures for prioritizing clients waiting to receive services, based on social, functional and economic needs. (A prioritization tool must be used after approval by VCAAA).

Indicating factors include:

- For Social Need: Isolation, living alone, age 75 or over, minority group member, non-English speaking, etc;
- For Functional Need: Handicaps (as defined by the Rehabilitation Act of 1973 or the Americans with Disabilities Act), limitations in activities of daily living, mental or physical inability to perform specific tasks, acute and/or chronic health conditions, etc.
- For Economic Need: Eligibility for income assistance programs, self-declared income at or below 125% of the poverty threshold, etc. [Note: National Aging Program Information System (NAPIS) reporting requirements remain based on 100% of the poverty threshold]
- Each provider must maintain a written list of persons who seek service from a priority service category (Access, In-Home, or Legal Assistance) but cannot be served at that time. Such a list must include the date service is first sought, the service being sought and the county, or the community if the service area is less than a county, of residence of the person seeking service. The program must determine whether the person seeking service is likely to be eligible for the service requested before being placed on a waiting list.

Waiver Requests

A service provider may request a waiver of the requirements listed in this Contractors Manual by submitting a written request to VCAAA stating the reasons for the waiver. VCAAA will review the waiver request, and if it is within its jurisdiction, VCAAA will either approve or deny the waiver request based on whether it believes the waiver will enable the service provider to more effectively carry out its functions and responsibilities. VCAAA will respond in writing to the request within sixty (60) calendar days of receipt of the request.

SECTION 4: SERVICE PERFORMANCE

Service Performance Requirements - These requirements are included in the grant contract. If a grantee's contracted service levels for any quarter falls below ninety (90) percent of the contracted level of units of service, or exceeds the contracted level by more than fifteen (15) percent for the quarter, or fails to meet the quality performance standards specified in the contract, the grantee is subject to corrective action.

The grants manager may require the grantee to submit a Corrective Action Plan, which must be approved by the VCAAA. The plan must include specific actions to be taken to correct the problem, and a timetable for each action. **(See Section 10 on Corrective Action).**

Requesting Technical Assistance When Needed - Grantees are expected to communicate problems, successes, issues, etc. with their grants manager, and should request technical assistance for program, fiscal or data matters whenever needed. VCAAA staff is available and willing to provide technical assistance to service providers who request such assistance. Technical assistance may also be provided by VCAAA, when VCAAA determines that the service provider needs assistance in a particular area. Examples of technical assistance include, but are not limited to:

- a. Assistance with financial or program reporting,
- b. Clarification of service definitions,
- c. Improving quality of service delivery,
- d. Assistance in complying with VCAAA assessment recommendations, and
- e. Assistance in meeting the objectives of the contract.

To request assistance, the service provider may contact the appropriate VCAAA staff. VCAAA will provide the assistance at a time and place convenient to the service provider, and will continue to provide the particular assistance until both the service provider and VCAAA are satisfied the subject in question has been resolved. In certain circumstances, VCAAA may find it necessary to refer the service provider to a third party for specialized assistance. In such cases, the service provider will be responsible for all costs incurred, unless otherwise stated in a written agreement with VCAAA. Finally, during the contract year, VCAAA may survey service providers to determine appropriate countywide subject areas for technical assistance which may be provided to groups in a training format at various locations throughout the county.

Grantees have an opportunity to request technical assistance at any time, using the Monthly Program Report Form. The reporting procedures, monitoring, assessment, evaluation and direct program reporting are all opportunities for the grantee or VCAAA to recognize the need and ensure the receipt of technical assistance.

SECTION 5: DATA AND PROGRAM REPORTING

Grantees are required to submit all VCAAA requested reports in a timely manner including monthly program and fiscal reports, quarterly data verification reports, client surveys and self-assessments and year-end close out reports; and, if applicable, to enter required data into the Q Care Access system (or Harmony for Ombudsman services) in a timely manner. Failure of a grantee to provide timely and accurate reports and/or data entry is sanctionable under VCAAA policies.

Grantees must submit reports to the VCAAA as shown below.

TITLE OF REPORT	REQUIREMENT
ALL GRANTEES: Monthly Program Report and Monthly Expenditure/Request for Reimbursement (RFF)	Signed program reports must be received by the 10th day following the month of service. Fiscal reports must be received no later than the end of the month, but grantees are encouraged to submit them sooner.
TITLE III B GRANTS: Registered Service Client Information (intake form)*	Grantees providing a NAPIS Registered Service ¹ (or if requested to do so by the VCAAA) must submit these forms with their monthly program report. Only one form per client should be completed per fiscal year. Grantee must submit a copy of this form with the monthly program report. The number of new unduplicated clients shown on the monthly program report must match the number of forms submitted.
TITLE III E GRANTS: Family Caregiver / Receiver Profile (intake form)*	Title III E grantees must complete this form for a new unduplicated client. Only one form per client should be completed per fiscal year. Grantee must submit a copy of this form with the monthly program report. The number of new unduplicated clients shown on the monthly program report must match the number of forms submitted. (Excluded from this requirement are grantees providing services in which only aggregate monthly totals are reported.)

¹ NAPIS Registered Service typically refers to Programs 01 through 09, however, the VCAAA will specify in the Request for Proposal if your grant project is considered a Registered Service. Refer to Appendix re NAPIS Programs.

TITLE OF REPORT	REQUIREMENT
TITLE III E GRANTS: Family Caregiver Support Program Eligibility Assessment Form	Title III E grantees must complete this form for a new unduplicated client . Only one form per client should be completed per fiscal year. Grantee must submit a copy of this form with the monthly program report. The number of new unduplicated clients shown on the monthly program report must match the number of forms submitted. (Excluded from this requirement are grantees providing services in which only aggregate monthly totals are reported.)
TITLE III C GRANTS – Senior Nutrition	Please refer to Appendix 5, Senior Nutrition Program guidelines
Special Reports	As required by the VCAAA – Grantees will be advised if these are necessary.

*For grantees entering data into the Q system: These forms contain the client information needed to create a client profile in Q.

NOTE: Consult with your grants manager regarding the format in which the reports should be submitted. For example, grantees may be required to submit electronic copies of RFF’s followed by a hard copy of the report with original signatures; or electronic submission of some reports in pdf format may be permitted.

Monthly program reports must be received by the VCAAA by the **10th day** following the month of service. If the **10th** of a month falls on a weekend or holiday, the reports must be in the VCAAA office by the first working day following the weekend or holiday. If a report cannot be submitted on time, grantee must notify their VCAAA grants manager. **Unless a late submittal is approved by the VCAAA, sanctions may be imposed.**

Data Collection – Service Units

Grantees must comply with the record keeping procedures required by the VCAAA, which are dictated by the California Department of Aging (CDA) and the National Aging Program Information System (NAPIS). Requirements include the following:

- (a) The collection of all input units of service must be recorded and retained by the contractor (grantee).
- (b) Services, as reported, must comply with the requirements in the grant contract, which will be consistent with the service/program definition contained in the original Request for Proposal or Invitation for Bid process and the grantee’s grant application.

Grantees entering data into the Q system are expected to complete all entries by the 10th day following the month of service, unless specified otherwise by the grants manager.

See the separate VCAAA Provider Data Reporting Manuals for information related to using the Q system as well as more detailed information as to what is required to be collected and reported.

Data Verification – Self Monitoring of Service Units

A “verification of data” form will be sent to each grantee after the close of each quarter. This form shows the number of service units that the grantee has reported for the quarter according to the VCAAA’s records. It is imperative that the person responsible for administering the grant carefully reviews the data reported on the form, makes any necessary changes, signs the form and returns it to the VCAAA by the stated due date.

At a minimum, the grantee should monitor their service unit performance by reviewing this form. The data verified on this form is uploaded to the State and is a monitoring tool used by their grants manager.

SECTION 6: FISCAL, ACCOUNTING, RECORDKEEPING AND AUDITS

HOW DO GRANTEES GET PAID?

➡ **Payment of funds is on a reimbursement basis. Grantees must spend funds before requesting reimbursement for funds.**

➡ **Payments will be made in accordance with the provisions of your grant contract and Authorized Total Budget.** The funds to be paid by the VCAAA to your organization are federal and/or state funds and must be spent in accordance with the Authorized Total Budget. You must obtain prior written approval for any budget modifications from your grants manager. (See section on Grant Contract Modifications.)

➡ **Grantees must submit a Monthly Expenditure Request for Funds (RFF) and attach proof of expenditures.**

Below are examples of expenses and their corresponding source documents, copies of which must accompany each RFF.

Expense	Source Documentation
Staff Salaries	Copies of payroll ledger and copies of bank statement showing the exact expenditure –or- copies of paychecks
Supplies	Copies of itemized invoices and payment receipts*. Copies of bank statements with items identified on the statement will be accepted in lieu of receipts.
Equipment Purchases	Copies of itemized invoices and receipts*. A description of item purchased and serial number (if applicable) must appear on or be written on the documentation.
Travel and Training	Itemized invoices and receipts*; mileage logs, certificates issued as a result of the training (if applicable)
Rent, utilities, other expenses	Invoices and proof of payment/receipts*

➡ **Along with source documentation, it is critical that your organization have a mechanism (such as a spreadsheet) showing the allocation of funds from VCAAA grant and other sources.** Your grants manager will review your RFF and all attachments to confirm verification of expenditures. When approved, the RFF will be given to VCAAA fiscal officer for processing. Payment should be received within 7-10 working days.

Please note that costs incurred by any grantee must be verifiable and must be allowable as outlined in Office of Management and Budget (OMB) circulars.

HOW MANY DOLLARS CAN A GRANTEE REQUEST ON A MONTHLY RFF?

In recent years, grantees could request one-twelfth of the Authorized Total Budget each month. *This method can continue, **however** the VCAAA will NOT reimburse for 1/12 of the grant amount **if the actual year to date expenses are less than the amount being requested.*** The VCAAA prefers that the RFF be based on actual expenses. However, this does not work well for every grantee; thus, grantees should consult with their VCAAA grants manager if reporting actual expenses is a problem.

GRANTEES MUST MONITOR GRANT SPENDING!

→ **Expenditures must match the line item on the grantee's Authorized Total Budget or most recent approved budget amendment.** If there is an expenditure variation of more than ten (10) percent in any line item in a grantee's Authorized Total Budget, the grantee must should contact the grants manager and submit an amended budget. Changes in line items must be relevant to your service contact and must be approved in advance by the VCAAA grants manager.

→ **Grantees must monitor the expenditure of funds to ensure that funds are NOT expended before the end of the fiscal year.**

→ **Grantees are expected to spend all funds by June 30 (unless contracted otherwise).**

→ **If a grantee is overspending, the VCAAA will hold 25% of the grant award until the fourth quarter of the fiscal year.** A grantee that exceeds the 75% cap of expenditures before March 31, will not receive additional funds until the fourth quarter.

→ **Grantees are urged to closely monitor the pace of how many service units are being provided and the dollars being spent.**

The below shown chart can be used as a rule of thumb in monitoring units and expenditures.

Portion of Fiscal Year Completed	Month	Target Percentages for the Number of Service Units to be Provided and Grant Funds to be Expended by Month End
1/12	JULY	8% of the FY
2/12ths	AUGUST	16% of the FY
3/12ths	SEPTEMBER	25% of the FY 1 st Quarter Ends
4/12ths	OCTOBER	33% of the FY
5/12ths	NOVEMBER	42% of the FY
6/12ths	DECEMBER	50% of the FY 2 nd Quarter Ends
7/12ths	JANUARY	58% of the FY
8/12ths	FEBRUARY	67% of the FY
9/12ths	MARCH	75% of the FY 3 rd Quarter Ends
10/12ths	APRIL	83% of the FY
11/12ths	MAY	92% of the FY
12/12ths	JUNE	100% of the FY 4 th Quarter Ends

 **NOTE:** If there is an increase of 15% or decrease of 10% (for expenditures or service units being provided), immediate action must be taken to correct the problem. An excessive demand for services may require a grantee to develop a waiting list.

Example: A grantee has an annual contract to provide 1,600 service units of Respite for \$40,000. Thus, the grantee's goal or target by the end of the first quarter (July through September) is to provide 400 units (25% of 1,600 units) of respite and expend \$10,000 (25% of \$40,000).

MATCH REQUIREMENT

Each service provider is required to provide Local Match in an amount not less than 10% of the total budget for each service (check your contract for the exact requirement). The Local Match requirement may be met either by allowable cost (non-federal cash) or third-party in-kind contributions. Third-party in-kind contributions are property or services which benefit a contracted service and which are contributed by non-federal third parties without charge to the service provider.

Qualifications and exceptions:

- 1) Except as provided by federal statute, the Local Match requirement may not be met by costs borne by another federal grant. Current federal statute allows the

use of General Revenue Sharing and Community Development Act funds to count towards satisfying the Local Match requirement.

- 2) Neither costs nor the values of third-party in-kind contributions may count towards satisfying the Local Match requirement if they have or will be counted toward satisfying a Local Match requirement of another federal grant or contract, or any other federal funds.
- 3) Cash and third-party contributions counting towards satisfying a matching requirement must be verifiable from the records of the service provider. These records must show how the value placed on third-party in-kind contributions was arrived at.
- 4) To the extent feasible, volunteer services shall be supported by the same methods that the organization uses to support the allow-ability of its regular personnel costs.
- 5) Third-party in-kind contributions shall count towards satisfying a Local Match requirement only where, if the service provider receiving the contributions were to pay for them, the payments would be allowable costs.

Valuation of Donated Services

- 1) Volunteer services - Unpaid services provided to a service provider by individuals shall be valued at rates consistent with those ordinarily paid for similar work in the service provider's organization. If the service provider does not have employees performing similar work, the rate shall be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.*
- 2) Employees of Other Organizations - When an employer other than the service provider furnishes free-of-charge the services of an employee in the employer's normal line of work, the services shall be valued at the employer's regular rate of pay exclusive of the employer's fringe benefits and overhead costs. If the services are in a different line of work, paragraph (1) of this section shall apply.

*To determine the value of a volunteer's time if the service provider does not have employees performing similar work, these resources may be helpful:

- Bureau of Labor Statistics wages listed for "*Major Occupational Groups in Oxnard-Thousand Oaks-Ventura, CA*" at: http://www.bls.gov/oes/current/oes_37100.htm
this website lists a variety of occupations and the current median wage, etc.
- County of Ventura's Human Resources website:
<http://agency.governmentjobs.com/ventura/default.cfm?action=agencyspecs>
- County of Ventura's Living Wage Ordinance website:
<http://www.livingwage.geog.psu.edu/counties/06111>

Valuation of Donated Supplies and Loaned Equipment or Space

- 1) If a third party donates supplies, the contribution shall be valued at the market value of the supplies at the time of contributions.
- 2) If a third party donates the use of equipment or space in a building but retains title, the contribution shall be valued at the fair rental rate of the equipment or space.

Non-Utilization of Federal Funds for Local Match

1. Non-federal resources used to match other federal grants or contracts may not be used to match Title III funds.
2. Federal cash or in-kind resources acquired during current or prior years may not be used to match funds provided under Title III unless otherwise specifically authorized by federal statute.
3. Non-federal resources shall be accepted as part of the grantee match or cost sharing only when they are not borne by the federal government directly or indirectly under any other program.

MAINTENANCE OF NON-FEDERAL SUPPORT FOR SERVICES

Contracted funds are not used to replace funds from non-federal sources. During the course of the grant, grantees are expected to continue to seek or initiate efforts to obtain support from private sources and other public organizations for contracted services.

FISCAL DEFINITIONS

Catalog of Federal Domestic Assistance or CFDA – see page 3 of this document.

In-kind contributions mean the value of non-cash contributions donated to support the project or program (e.g., property, service, etc.).

Matching contributions are local cash and/or in-kind contributions by the grantee or other local resources that qualify as match for the contract.

Non-matching contributions mean local funding that does not qualify as match and/or is not being budgeted as match (e.g., federal funds, overmatch, etc.).

Program Income is revenue generated by the grantee from contract supported activities and may include: (1) voluntary contributions received from a participant or responsible party as a result of receiving grant funded services; (2) income from usage or rental fees of real or personal property acquired with grant funds; (3) royalties received on patents and copyrights from grant funded activities; and/or (4) proceeds from the sale of items created using grant funds.

If a grantee generates program income, it must be reported and expended under the same terms and conditions as the program funds from which it is generated. Program income must be used to expand services and be used to pay for current allowable costs of the program in the same fiscal year that the income was earned.

For programs funded by Title III B, Title III C, Title III D, Title III E, Title VII Ombudsman and Title VII Elder Abuse Prevention programs, **program income must be spent before contract funds and may reduce the total amount of contract funds payable to grantee.** Program income may not be used to meet the matching requirements of this contract.

Accounting Records

Each grantee must maintain accounting records for all funds received that are separate from any other funds administered by the grantee pursuant to the grant contract. This will include project income and all matching funds indicated in the grant application. The grantee is required to expend the same solely for the purpose of the project, and must refund to the VCAAA any unencumbered amounts upon termination or completion of the subject project. The grantee must also account for all other non-cash items reflected in the budget of the grant application. In the event the grantee receives payment for a service for which reimbursement is disallowed by the VCAAA or to the VCAAA by CDA or the Federal Administration on Aging, the grantee must promptly refund the disallowed amount to the VCAAA upon request.

Recordkeeping

Grantees must maintain complete records (which shall include, but not be limited to: accounting records; contracts; agreements; reconciliation of the "Financial Closeout Report" to the audited financial statements; a summary worksheet of results from the audit resolutions performed for all subcontractors with supporting documentation; letters of agreement; insurance documentation in accordance with this contract; Memorandums and/or letters of understanding; patient or client records; and, electronic files) of its activities and expenditures hereunder in a form satisfactory to the VCAAA and the California Department of Aging in compliance with the laws and regulations of the State of California and the Department of Health and Human Services.

Retention of Records – Contact the VCAAA before destroying grant documents.

All original source documents must be retained until an audit resolution is completed or **four (4) years** from the end of the fiscal year/grant cycle, for which the document is prepared, whichever comes first. The VCAAA recommends retaining all documents for four (4) years retention under all circumstances; and that Grantee/Contractor/Vendor contact the VCAAA grants manager before disposing of any records.

Audits and Financial Closeouts - The financial records of grantee *as they pertain to this grant* are subject to audit by the VCAAA. An audit may be requested at any time. The grantee agrees to allow the VCAAA, the California Department of Aging, the Controller General of the United States, or any duly authorized representatives of any of those entities, to inspect grantee books, records, documents and electronic files at any time during the grant period, and for a period of four (4) years after the expiration of the grant. Grantee will maintain responsibility for such records, both during the grant period and the ensuing four (4) year period following the last transaction related to the grant. Records for non-expendable property must be retained for four (4) years subsequent to the final disposition of this property.

 **If any unauthorized expenditures, unallowable expenditures, or irregularities are discovered, grantee is responsible for making any necessary reparation to the VCAAA.**

If an audit is commenced or discovers any unallowable expenditures or irregularities, the records must be kept by grantee as long as necessary until the issue is satisfactorily resolved. After the authorized period has expired, confidential records shall be shredded and disposed of in a manner that will maintain confidentiality.

It is understood that the costs of audits requested by the VCAAA shall be at the expense of grantee. Unless prohibited by law, the cost of audits made in accordance with the provisions of the Single Audit Act Amendments of 1996, are allowable charges to Federal Awards. The costs may be considered a direct cost, or an allocated indirect cost, as determined in accordance with provisions of applicable OMB cost principal circulars. Grantee may not charge to Federal Awards the cost of any audits under the Single Audit Act Amendments of 1996, not conducted in accordance with the Act.

The grantee must ensure that appropriate corrective action has been taken to correct instances of non-compliance with federal laws and regulations. Corrective action must be taken within six months after the VCAAA receives the grantee's audit report.

A specific grant-funded program audit will be performed and shall be provided to the VCAAA within ninety (90) days after the close of any contract when requested by the VCAAA. The auditors shall comply with all applicable audit requirements.

Federal Audit Requirements - Grantees expending less than \$500,000 in **total** federal funds (from all sources) are exempt from federal audit requirements, but records must be available for review. The VCAAA reserves the right to determine whether the grantee expended the funds provided under their contract in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the grantee or through other means (e.g., monitoring reviews) if the grantee has not had an audit.

Any grantee receiving \$500,000 or more in total federal funds must comply with the requirements of the Single Audit Act (OMB Circular A-133) and all applicable audit requirements. The grantee shall permit independent auditors to have access to the records and financial statements as necessary for the grantee to comply with OMB Circular A-133. A copy of the audit must be provided to the VCAAA by March 31 of the following year.

Grantees that expend \$500,000 or more in Federal Awards shall arrange for an audit to be performed as required by the Single Audit Act of 1984, Public Law 98-502, Single Audit Act Amendments of 1996, Public Law 104-156, and Office of Management and Budget (OMB) Circular A-133. Grantee shall permit independent auditors to have access to the records and financial statements as necessary for grantee to comply with OMB Circular A-133.

The grantee shall ensure that *Federal-Funded expenditures are displayed discretely in the single audit report's "Schedule of Expenditures of Federal Awards" (SEFA) under the appropriate Catalog of Federal Domestic Assistance (CFDA) number along with the related State-Funded expenditures.* The Contractor shall ensure that the State-funded expenditures are discretely identified in the SEFA by the appropriate program name, identifying grant/contract number, and as passed-through the VCAAA on Aging.

The grantee shall identify the CFDA titles and numbers to the independent auditor conducting the organization's single audit. The funding source (Federal Grantor) for the following programs is the U.S. Department of Health and Human Services. CFDA numbers are listed on page 3.

Any money obligated under the grant (even if in the possession of grantee) but not needed to meet incurred obligations shall be returned with the Closeout Financial Report to the VCAAA. There is no provision to carryover unexpended grant funds at the end of the fiscal year.

What If My Organization Has Been Audited? The VCAAA requires that if the grantee is audited, a copy of the audit report must be provided to the VCAAA within thirty (30) days of its completion except as stated above regarding grantees that received \$500,000 or more per year in federal funds. Such audits are due by March 31 of the following year.

Fiscal Closeout - Within thirty (30) days after the project period has ended or when requested by the VCAAA (whichever comes earlier), the grantee must provide the VCAAA with an ending Closeout Financial Report signed by the grantee's representative. The VCAAA will provide the RFF form which includes the Financial Closeout Report

Any money obligated under the grant (even if in the possession of the grantee) but not needed to meet incurred obligations shall be returned with the Financial Closeout Report to the VCAAA.

Purchase of and Use of Gift Cards – Typically the use of gift cards is not allowed.

If gift cards are approved the sub-recipient is required to use the entire balance of the gift card by the end of the fiscal year in which they are purchased. Subrecipients will be required to show receipts for items purchased on a gift card to ensure that they are allowable expenditures and that the gift cards are expended by the end of the fiscal year in which they are purchased.

Gift cards can never be used as a means to roll over funds from one fiscal year to another. Gift cards cannot be used to pay or reward volunteers who assist with program activities. Grantees can use program income to purchase gift cards for this purpose however they shall be limited to one per fiscal year per volunteer and the amount is not to exceed \$30 dollars.

Left intentionally blank.

SECTION 7: ASSESSMENTS AND MONITORING VISITS

The grantee is expected to cooperate fully with the VCAAA in scheduled evaluations of the program. The grantee will collect and make available all pertinent project information as needed and/or required and participate in any project site visits made by the VCAAA.

Program Assessment - All grantees will have an annual comprehensive program assessment. The VCAAA will assess the grantee for compliance with all applicable regulations, agency requirements and contractual compliance. The assessment will include, *but is not limited to*, the following:

1. A determination to see if the program is in compliance with the request for proposal for the grant, the specifications of the grant contract (which includes the grant application) including attainment of service units, and if there is a variance, to what degree and why;
2. Compliance with the requirements stated in the request for proposal.
3. A review of insurance certificates (for general liability, auto liability, professional liability if applicable, and Workers' Compensation);
4. A review of:
 - a. Subcontract agreements and linkages, if applicable.
 - b. Lease agreements and building inspections, if applicable.
 - c. Organization's non-profit status, tax-exempt status, if applicable, and governing body membership and bylaws, and meeting minutes.
 - d. Training to ensure compliance with applicable regulations.
 - e. General agency administration regarding internal evaluations, public relations, fund raising, long-term planning processes, in-house personnel procedures, including written policies on hiring, discipline, appeals, written job descriptions, training policy, leave policy, and timecard procedures for both staff and volunteers.
 - f. The organizational structure will be reviewed with particular attention to the lines of authority.
 - g. Class II driving licenses and driver training, if applicable

Fiscal Assessment – A fiscal assessment will be conducted at the discretion of the VCAAA. Its scope includes but is not limited to:

1. Equipment reported on agency inventory lists are inspected at the site, the condition and care appraised, and a determination made as to whether its use remains consistent with Administration on Aging regulations.

2. The bookkeeping system is reviewed to see if the accounts are kept consistent with the VCAAA reporting systems, whether general ledger entries support journal entries, and whether bank accounts and on-hand currency are properly accounted.
3. Monthly expenditure reports are checked against cash disbursements in journals for each budget item. Selected transactions are traced through the system in an effort to determine if the item is allowable, is in accordance with the budget, and is properly documented.
4. The grantee donation system is reviewed to ascertain that it is voluntary and confidential and that donations are handled properly by grantee staff in a way that ensures safeguarding funds.
5. Income reports are checked against cash deposits.

Authorized state representatives and VCAAA representatives shall have the right to monitor, assess and evaluate the grantee's performance pursuant to the contract. Said monitoring, assessment and evaluation may include, but is not limited to, audits, inspections of project premises, inspection of food preparation sites, and interviews of project staff and participants.

Site Visits by Advisory Council Members – At any time during the year, one or more members of the Advisory Council may tour your site and interview key persons responsible for implementing the grant. This is an informational visit and the Advisory Council member(s) will prepare a report on their visit. The Advisory Council team leader will schedule an appointment in advance of the site visit.

Direct Grantee Program Reporting - At the VCAAA's discretion, grantees may be asked to give a brief direct program report about their grant funded program(s) before the VCAAA Advisory Council. The direct reporting process allows the Advisory Council to receive first-hand information from the grantee, and it provides the grantee with direct contact with the Advisory Council. At this time, particular points of progress or problems can be addressed by both parties.

Planning and Provider Input on Policy Issues - To ensure input in the development of policies impacting local programs by grantees (especially those funded by the Older Americans Act), the following steps may be taken.

- Grantee project directors may raise an issue with the VCAAA by filing a Policy Issues Form. See FORMS.
- Grantees may request that a meeting be convened with all VCAAA grant-funded project directors. The meeting would be convened within one (1) month of filing the Policy Issues Form. Copies of the form would be distributed to all OAA providers prior to the meeting.

Following the meeting, the VCAAA will send a memo to all project directors outlining the final disposition of the policy issue.

SECTION 8: GRANT MODIFICATIONS

Any grantee needing to modify their grant contract and/or budget should first call their grants manager and discuss the proposed changes. If it is determined that a modification or amendment is necessary, the grants manager will advise the grantee on what forms must be submitted. Typically, the VCAA will request completion of a Project Amendment Request (for any departure from programmatic project plans) and/or a Budget Revision.

The VCAA must approve, in writing, requested changes by the grantee in project content, including fiscal and programmatic changes. Program modifications will be documented as a contract amendment. Only a grant modification that changes a single approved budget line item that is less than ten (10) percent may be made without prior written approval by the VCAA.

Project Amendment Requests - Must be approved by the VCAA grants manager prior to implementation and must be consistent with the terms or purposes of the grant to be amended.

Examples which require a Project Amendment Request:

- Changing the major programmatic work of the grantee
- Absence for three (3) months or more of an approved project director
- Replacement of key personnel, or a substantial reduction of any key position
- A significant change in project objectives, services, number service units or clients
- Any change in the project periods
- Any change to a special project which requires State Approval
- Any financial assistance to a third party by subcontracting and/or
- A change in a single approved budget line item that is more than 10 percent.

Budget Revisions - The grantee must submit a budget revision to their VCAA grants manager whenever there is a variation of more than ten (10) percent in any one line item, i.e., personnel, travel and training, equipment, etc. Please contact your grants manager for details.

A signed copy of the approved budget revision will be returned to the grantee. Only after receipt of the approved budget revision is the grantee authorized to expend funds on the basis of the new line item levels.

Left intentionally blank.

SECTION 9: EQUIPMENT

Equipment purchased with grant funds is subject to applicable state and federal procurement procedures. Equipment purchased with grant funds will be subject to review over the life of the equipment and, if not used, or if underused or misused, may be claimed by the VCAAA.

WHO OWNS THE EQUIPMENT PURCHASED WITH GRANT FUNDS?

The VCAAA shall retain title to all equipment purchased wholly or in part using federal and state funds and described as equipment in the Total Authorized Budget.

Equipment purchased as described above will be part of an inventory retained and regularly updated by the VCAAA. Contractors are required to:

- 1. Submit all completed vendor invoices with serial numbers to the VCAAA and indicate the purchases on the Monthly Expenditure of Funds form. The VCAAA will issue to you during or shortly after the end of the fiscal year a “Blue Tag”, i.e., an asset tag to be affixed to the equipment.**
2. Keep records of the following information when property is purchased with grant funds: date acquired, property description (including model number), property identification number, serial number, rate of depreciation (or depreciation schedule) if applicable, and cost. This information is to be provided to the VCAAA.
3. Keep track of all property purchased with grant funds, whether capitalized or not. Grantee shall submit to the VCAAA annually, with the Close-out Financial Report, a current inventory of property furnished or purchased by grantee with funds awarded under the terms of the current or any previous grant contracts.
- 4. DISPOSAL OF EQUIPMENT: Prior to the disposal of any non-expendable property purchased with grant funds, grantee must obtain permission from the VCAAA regardless of the item’s value. Disposition (includes sale, trade-in, discarding, or transfer to another agency) may not occur until written approval is received from the VCAAA.**
5. Grantee shall inform VCAAA within three days in the event of the loss, destruction, or theft of grant-purchased non-expendable property.
6. Grantee shall exercise due care in the use, maintenance, protection and preservation of such property during the period of the project, and shall assume responsibility for replacement or repair of such property during the period of the project, until grantee has complied with all written instructions from the VCAAA regarding final disposition of the property.

7. Grantee shall use the property for the purpose for which it was intended under the grant contract. When no longer needed for that use, grantee shall use it if needed, and with written approval of the VCAAA, for other purposes in this order:
 - (a) Another California Department of Aging program providing the same or similar service; or,
 - (b) Another California Department of Aging funded program; or,
 - (c) Another state or federally funded program.
8. Grantee shall not use equipment or supplies acquired under the grant contract with federal and/or state monies for personal gain or to usurp the competitive advantage of a privately owned business entity.
9. Keep adequate insurance to cover theft, damage or loss of the equipment.
10. The grantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by federal or state law.

SECTION 10: CORRECTIVE ACTION, SANCTIONS AND CONTRACT TERMINATION

When a grantee fails to comply with the terms of the contract and the service outlined in the grant application, the VCAAA reserves the right to remedy the situation through corrective action, sanctions and ultimately contract termination.

Examples of failure to comply include, but are not limited to, situations when:

- In any quarter, performance under the grant contract falls below 90 percent of the contracted level of units of service.
- In any quarter, exceeds the contracted level by more than 15 percent for any quarter.
- Grantee fails to submit required reports.

Grantees should request technical assistance from their grants manager in advance of an anticipated drop below the contracted service level or if they experience a problem with contract compliance.

CORRECTIVE ACTION PLAN (CAP) PROCEDURES AND GUIDELINES:

1. Any time a grantee fails to meet contract requirements and/or when a grantee's performance level falls below the year-to-date quarterly contracted service level, a request for a CAP will be sent to the grantee's contract administrator by the VCAAA grants manager via e-mail or certified U.S. mail. The year-to-date quarterly service level is determined by taking the proposed service units for the year and dividing the number by four (4). Actual performance levels year-to-date will be compared with contracted performance levels year-to-date to determine if there is a deficiency.
2. At its sole discretion, the VCAAA may waive the requirement of a CAP if exceptional circumstances account for performance below the contracted level. Exceptional circumstances are those circumstances which are beyond the grantee's control, such as natural disasters, inflationary increases beyond anticipated levels, and/or shortages of materials or supplies due to labor disputes or other reasons.
3. A CAP must be submitted within ten (10) days of the request from the VCAAA and must contain the reason for the problem(s); and specific action(s) to be taken to correct the problem along with a timetable for each action.
4. If the corrective action plan is not submitted by the date specified by the VCAAA or is not implemented during the succeeding quarter or as specified by the VCAAA, appropriate sanctions may be imposed.
5. The CAP must be approved in writing by the VCAAA grants manager.
6. Continued failure to take corrective actions can result in termination of the contract.

SANCTIONS: In the absence of grantee action which will return the grantee's project to contractual compliance, the VCAAA may apply the following sequence of sanctions which comply with regulations set down by the CDA.

1. Deferred Payment

Deferred Payment is a temporary delay in honoring a grantee's Request for Funds. It may be imposed automatically, according to the internal process of the VCAAA. Imposition of the Deferred Payment is a remedial process which emphasizes the need for contractual compliance.

Grantees shall be initially notified by phone and/or e-mail with a written follow-up letter sent by certified or overnight mail when a Deferred Payment has been imposed. The letter shall state the corrective action required to lift the Deferred Payment process.

The Deferred Payment differs from a withholding of funds and need not be the first step of the formal sanction process.

2. Formal Sanctions

- a) Withholding of Funds - The withholding of funds is a temporary delay in honoring a grantee's Request for Funds. It should not exceed ten (10) working days. The withholding of funds shall be imposed automatically according to the internal process of the VCAAA for failure to comply with any contractual agreements, including but not limited to: reporting requirements, assessment recommendations, licensing and certification requirements, insurance requirements and programmatic or budgetary processes. A withhold may be imposed as a first step in the sanction process.

Grantee shall be initially notified by phone and/or e-mail with a written follow-up letter sent by certified or overnight mail when a Withholding of Funds has been imposed. The letter shall state the corrective action required to lift the Withholding of Funds.

A withhold will be lifted, and the grantee so notified, when the grantee has either (1) adequately taken the required corrective action, or (2) has been issued a notice of suspension. Outstanding Requests for Funds will be honored concurrent with either action.

- b) Suspension - A suspension of a grant agreement means the temporary withdrawal of the grantee's authority to obligate grant funds, pending the grantee's corrective action or a decision to terminate the agreement.

A suspension will be imposed on the grantee by the grants manager as a first step in the sanction process, or if at the close of a ten (10) day withhold period there continues to be an absence of an adequate corrective action.

The suspension notice shall be sent to the grantee via certified mail or overnight mail and shall state the reason(s) for the action, the corrective action(s) required, and the limits of the authority to expend or obligate grant funds for the project, the appeal process, and the effective date. The suspension shall take effect six (6) calendar days after the mailing.

Exception: If a delayed effective suspension date would be unreasonable considering the VCAA's responsibility to protect the federal and/or state government's interests, the suspension may be imposed automatically, effective at once, for a flagrant violation of federal, state or local rules or regulations.

During a suspension, the limits to grantee obligations and expenditures shall be governed by the CDA regulations.

A suspension shall be lifted when the grantee has adequately demonstrated the required corrective action.

Two (2) consecutive months of suspension during a grant period may be grounds for an automatic termination (see Termination).

No project shall be re-funded while under suspension. A grant is ineligible for renewal while under suspension.

APPEALING A SANCTION: The appeals process provides the opportunity for a grantee to register a protest of a sanction, suggest an alternative solution, and receive a judgment of that appeal. Appeals shall be processed for protest of a sanction or of a termination in sequence as follows:

1. All requests for appeal must be submitted in writing to the Director of the VCAA within ten (10) working days of the protested action. The appeal should state clearly the reason(s) for the protest. The Director shall meet with the appellant grantee representative within ten (10) working days following receipt of the written protest to resolve any discrepancies in the actions taken by the VCAA.
2. If the informal procedure described in Step 1 does not result in a satisfactory solution for both parties, the grantee may request a hearing before a three (3) member Sanction Appeals Board (SAB). The written request for appeal should be submitted to the VCAA Director within ten (10) days of the close of the last informal meeting described in Step 1. The letter should clearly state the reason(s) for the appeal.
3. The SAB shall be selected and convened by the County of Ventura's County Executive Office (CEO) to conduct a review of the appeal, followed by a hearing if deemed appropriate by the SAB. The SAB action shall commence within ten (10) days of receipt of the appeal. The board shall be composed of one (1)

member of the Chief Executive Office, one (1) unbiased representative from the senior service category represented by the appellant party, and one (1) member associated with senior services provided within Ventura County. The SAB shall afford each party an opportunity to present its case.

4. The SAB will render a decision to the VCAAA, who shall notify all concerned parties in writing within fifteen (15) days of the conclusion of the hearing and the SAB's reaching a decision in response to the appeal. The decision of the SAB shall be final and binding. The appellant party shall notify the Executive Director of the VCAAA in writing if the appellant chooses to terminate the appeal process during any part of that process.

VCAAA-INITIATED TERMINATION OF THE CONTRACT

A termination formally withdraws the authority of the project to obligate any previously awarded funds or conduct any business under the terms and conditions of its grant with the VCAAA.

A grant contract may be terminated on twenty-four (24) hours notice in the event the allocation to the Area Agency of Older Americans Act and/or state funds are reduced, suspended, or terminated for any reason. Grantee hereby expressly waives any and all claims against the Area Agency for damages arising from the reduction, suspension, or termination of the federal and/or state funds provided to the Area Agency, under which the grant contract is made, or to the portion thereof delegated by the grant contract.

Older Americans Act funds awarded under this grant may be terminated at any time for non-compliance with any of the terms and conditions of this grant by the VCAAA provided that at least thirty (30) days written notice is given to grantee.

In the absence of extenuating circumstances, termination shall be automatic at the conclusion of two (2) consecutive months of suspension. The notice of termination shall be sent by certified mail. It must state the date the termination became effective, must specify the reasons for the termination, directions for caring for project records and equipment, and any instructions regarding the transition of service.

Exception: A termination may be imposed earlier than the conclusion of a two (2) month suspension period if a failure-to-comply is deemed by the VCAAA to be sufficiently critical, or there is evidence of fraud or other malfeasance, or the non-compliance is deemed flagrant and deliberate.

Under this Exception Termination, the grantee must be notified in writing by certified mail of the effective date (24 hours after receipt of the mailed notice), the reasons for the termination, and directions for caring for project records and equipment, and any instructions regarding the transition of service.

Allowable obligations and expenditures for any grantee under a termination procedure shall be governed by the regulations of the CDA.

There shall be no reversal of a termination, except as the result of a decision in response to an appeal.

GRANTEE-INITIATED TERMINATION OF THE CONTRACT

Grantee shall promptly notify the VCAAA of any intention to terminate responsibility for providing the specified grant funded services. For Senior Nutrition Programs, the VCAAA Requires a written transition plan be submitted within 2 weeks of notification of termination of grant. Contact the Sr. Nutrition Grants Manager for transition plan details.

The grantee (applies to all grants except for the Ombudsman) may terminate this grant at any time, for reasons of its own choosing, provided that at least one hundred and twenty (120) days written notice is given to the VCAAA.

The Ombudsman grantee shall carry out the federal and state mandates and responsibilities without any break in the provision of ombudsman services. Grantee shall promptly notify the Area Agency of any intention to terminate responsibility for ombudsman services. Except as provided elsewhere in the grant contract, grantee shall continue the program without any break in service until another grantee can take over responsibility for operation of the program.

In the event that grantee dissolves or terminates this contract, grantee shall provide a final property inventory to the Area Agency. The VCAAA and the California Department of Aging reserve the right to require grantee to transfer such property to another agency, the VCAAA, or the California Department of Aging.

To exercise the above right, no later than 120 days after the termination of the Agreement or notification of grantees dissolution, the VCAAA will issue specific written disposition instructions to grantee.

**NATIONAL AGING PROGRAM INFORMATION SYSTEM (NAPIS)
PROGRAM CATEGORIES FOR TITLE III (EXCLUDING TITLE III E)**

Data collected by State agencies, area agencies on aging, and service providers through NAPIS and other applicable sources of information in the development of performance measures and in compliance with the Government Performance and Results Act of 1993.

NAPIS No.	Title III B, C, D and VII Service Categories Only	One Unit =
<i>Registered Service</i> – Requires the collection of client data specified by the California Department of Aging.		
1	Personal Care (In-Home) ♦	1 hour
2	Homemaker ♦	1 hour
3	Chore ♦	1 hour
4	Home Delivered Meals	1 meal
5	Adult Day Care/ADHC ♦	1 hour
6	Case Management ♦	1 hour
7	Assisted Transportation ♦	One 1-way trip
8	Congregate Meals	1 meal
9	Nutrition Counseling	1 session per participant
<i>Non-Registered Services</i>		
10	Transportation - Must involve a vehicle ♦	One 1-way trip
11	Legal Assistance ♦	1 hour
12	Nutrition Education	1 session per participant
13	Information & Assistance ♦	One 1-on-1 contact
14	Outreach ♦	One 1-on-1 contact
15	Other – Includes visiting, telephone reassurance, home modifications and other programs	Varies – depends upon the category
16	Health Promotion	1 contact

♦ Denotes Title III B “Priority Service” that is defined on the next page.

TITLE III B “PRIORITY SERVICE” CATEGORIES

The VCAA must establish minimum percentages for expenditures in each of these Title III B categories in the Master Area Plan or Strategic Plan. Before making a change in the percentages, the VCAA must present the changes at a public hearing. Current minimum percentages are listed in the VCAA’s Strategic Plan 2009-2011 on page 124, viewable at:

<http://portal.countyofventura.org/portal/page/portal/VCAA/NewsCenter/Publications/Strategic%20Plan%202009-12.pdf>

TITLE III E (3E) FAMILY CAREGIVER PROGRAM

SUMMARY OF SERVICES: The Title III E Family Caregiver Support Program (FCSP) has five major categories of service: Support Services, Respite Care, Supplemental Assistance, Access Assistance and Information Services. **These services are divided among two categories of Title III E eligible caregivers: Caring for Elderly and Caring for Child (such as grandparents raising grandchildren).** Services and expenses in these two categories must be budgeted for, tracked and reported separately.

Category	Title III E Family Caregiver Service Category Descriptions
<p>FCSP 1 – SUPPORT SERVICES 1 hour = 1 unit of service</p>	<p>Caregiver Assessment Caregiver Counseling (includes Pre-Placement Counseling) Caregiver Peer Counseling Caregiver Support Group (in-person, on line or via teleconference) Caregiver Training (group or one-on-one; must include health, nutrition and financial literacy) Caregiver Case Management</p> <p>Support Services are services that directly support the family caregiver.</p>
<p>FCSP 2 – RESPITE CARE 1 hour = 1 unit of service</p>	<p>Caregiver Respite In-Home Supervision Caregiver Respite Homemaker Assistance Caregiver Respite In-Home Personal Care Caregiver Respite Home Chore Caregiver Respite Out-of-Home Day Care Caregiver Respite Out-of-Home Overnight Care</p> <p>Respite Care means a brief period of relief or rest from caregiving responsibilities, and is provided to caregivers on an intermittent, occasional, or emergency basis in a manner that responds to the individual needs and preferences of the caregivers and their care receivers, rather than a pre-established set amount offered on a “first come, first served” waiting list basis.</p>
<p>FCSP 3 - SUPPLEMENTAL SERVICES* 1 occurrence = 1 unit of service</p>	<p>Assistive Devices for Caregiving (1 device = 1 occurrence) Home Adaptations for Caregiving (1 modification = 1 occurrence) Caregiving Services Registry (1 hour = 1 occurrence) Caregiver Emergency Case/Material Aid (1 assistance = 1 occurrence)</p>

Category	Title III E Family Caregiver Service Category Descriptions
	<p>Supplemental Services means caregiver-centered assistance offered on a limited basis to support and strengthen the caregiving efforts. They can only be provided to a caregiver of a care receiver having two or more activities of daily living limitations or a cognitive impairment, or to a caregiver who is the grandparent or older adult relative caring for a child.</p>
<p>FCSP 4 – ACCESS ASSISTANCE 1 contact = 1 unit of service</p>	<p>Caregiver Outreach Caregiving Information and Assistance Caregiver Interpretation/Translation Caregiver Legal Resources</p> <p>FCSP 4 - Access Assistance means the provision of caregiving information and assistance, caregiver outreach, caregiver interpretation/translation, and caregiver legal resources; and links caregivers to the opportunities and services that are available.</p>
<p>FCSP 5 – INFORMATION SERVICES 1 activity = 1 unit of service</p>	<p>Public Information on Caregiving (publications, media campaigns, electronic information systems) Community Education on Caregiving</p> <p>FCSP 5 - Information Services (FCSP 5) means the provision of public information on caregiving and/or community education on caregiving, including information about available services.</p>

***Recipients of any Supplemental Services MUST have at least two Activities of Daily Living Impairments -and/or- a cognitive impairment.**

TITLE III E DEFINITIONS

Caregiver (Family)² – A Title III E family caregiver is defined as:

- (1) An adult caregiver aged 18 or older who is providing informal³ (unpaid) in-home and/or community care to:
 - ▶ A person aged 60 years of older; or
 - ▶ An individual of any age with Alzheimer’s disease or a related disorder with neurological and organic brain dysfunction. **Go to Section 3, Availability and Eligibility of Services for more information.**

- (2) A grandparent or older individual relative caregiver (i.e., a grandparent or step-

² Title III, Part A, Section 302(3) of the OAA. (The broader term “Caregiver” as defined in Title I, Section 102(18)(B) of the OAA is not applicable to Title III E Family Caregiver Program.)

³ “Informal” means that the care is provided without pay and is not provided as part of a public or private formal service program. Grant funds cannot be used to pay the Family Caregiver a stipend or salary for providing care.

grandparent, or a relative of a child by blood, marriage or adoption) who is 55 years of age and older and who (a) lives with the child; (b) is the primary caregiver of the child because the biological or adoptive parents are unable or unwilling to serve as the primary caregiver of the child; and (c) has a legal relationship to child such as legal custody or guardianship, or is raising the child informally.

Care Receiver - A care receiver is defined as:

- (1) An older Individual defined as aged 60 years or older; or
- (2) A child who is not more than 18 years of age or who is an individual (of any age) with a *disability* (defined below); or
- (3) An individual of any age with Alzheimer's disease or a related disorder with neurological and organic brain dysfunction. **Go to Section 3, Availability and Eligibility of Services for more information.**

→ The above named care recipients comprise the "Title III E Eligible Service Population."

Disability, Severe – Refers to an individual with a severe, chronic disability attributable to mental or physical impairment, that is likely to continue indefinitely and results in substantial limitation in *three (3) or more* of the following areas of major life activity:

- a. Self-care,
- b. Receptive and expressive language,
- c. Learning,
- d. Mobility,
- e. Self-direction,
- f. Capacity for Independent Living,
- g. Economic self-sufficiency,
- h. Cognitive functioning, and
- i. Emotional adjustment.

Respite Care – Respite is the provision of *temporary* (defined below) substitute supports or living arrangements for care receivers and may be provided (1) in the home (and include the provision of personal, homemaker, and chore services to the care receiver), (2) by attendance of the care receiver at day care or other non-residential day center or program (including recreational outings for children), and (3) by attendance of the care receiver in a facility for an overnight stay on an occasional or emergency basis (such as a nursing home for older adults or summer camp for grandchildren).

Temporary (respite care) means a brief period of relief or rest from a caregiver's responsibilities during a limited time period, and could be provided on the following basis:

- Intermittent—Time off a few hours once a week for a limited time to give the caregiver a planned or unscheduled break;
- Occasional—Time off for the caregiver to attend a special event;
- Emergency—Extended break to address an intervening circumstance, such as caregiver emotional stress or hospitalization and recovery.

TITLE III E TARGETING PRIORITIES:

When serving caregivers, priority shall be given to caregivers who are:

- Grandparents or other older relatives who provide care for children with severe disabilities⁴;
- Grandparents or relative caregivers who are older individuals 60 years of age or older with greatest social need, with greatest economic need, and with particular attention to low-income individuals; and
- Grandparents or relative caregivers who are older individuals 60 years of age or older who provide care for individuals with severe disabilities, including children with severe disabilities.

USE OF VOLUNTEERS WHEN PROVIDING TITLE III E SERVICES:

Title III, Part E, Section 373(d) of the OAA requires contractors to make use of trained volunteers to expand the provision of FCSP activities in accordance with and, if possible, work in coordination with organizations that have experience in providing training, placement, and stipends for volunteers or participants in community service settings (and programs).

COSTS NOT ALLOWED:

Title III E funds cannot be used to support the following activities:

- ▶ To pay the costs for a family caregiver to attend a camp, spa, resort, or restaurant;
- ▶ To temporarily relieve workers from formally **paid services (e.g., In-Home Supportive Services (IHSS))** or services required to be provided in a licensed facility such as a Residential Care Facility for the Elderly);
- ▶ To supplement the service unit cost of “a participant day” at an adult day care program.

Title III E *Supplemental Funds* cannot be used to support the following activities:

- a. Assisting a care receiver, unless there is an identified caregiver need that is met through assistance to the care receiver;
 - b. Providing ongoing assistance to a care receiver living alone;
 - c. Same level of service provided to all caregivers, rather than assistance based on caregiver level of need and priority; and
 - d. One-time, end-of-the-year assistance without an identified individual caregiver need.
2. Funds made available under Title III E shall supplement and not supplant other services that may directly or indirectly support unpaid caregiving, such as Medicaid waiver programs (e.g., MSSP, etc.) or other caregiver services such as those

⁴ Individual with severe disabilities is defined a person with a severe, chronic disability attributable to mental or physical impairment, that is likely to continue indefinitely and results in substantial limitation in 3 or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, economic self-sufficiency, cognitive function and emotional adjustment.

provided through **Department of Social Services Kinship Support Service Programs, California Community Colleges Foster and Kinship Care Education Programs**, Department of Developmental Services Regional Centers, Department of Mental Health Caregiver Resource Centers, Linkages, Alzheimer's Day Care Resource Centers, Respite Purchase of Service, and other Title III funded providers.

USING TITLE III E FUNDS TO PROVIDE RESPITE SERVICES FOR IHSS CLIENTS:

This policy shall apply to all VCAAA grantees providing any form of Title III E funded respite (includes personal care, homemaker, chore, adult day care, in-home supervision, etc.). **Before offering Title III E funded respite services, VCAAA grantees shall:**

1. Ensure the caregiver and care receiver meet Title III E eligibility requirements.
2. Ask if the care receiver is a client or recipient of In-Home Support Services.
3. Ask the caregiver if he/she is being paid to provide caregiving services for the care recipient(s). If the answer is YES, then the caregiver is not eligible to receive Title III E respite services. The caregiver cannot be paid by In-Home Support Services or any other entity to provide caregiving services.

USING TITLE III E FUNDS TO PROVIDE SERVICES FOR VETERANS ALREADY RECEIVING SERVICES FROM THE VETERANS ADMINISTRATION (VA):

Use of 3E funds to serve a client of the Veterans Administration depends specifically on what service the VA is providing, and if it is for the benefit of the veteran or of the veteran's caregiver.

For example, the husband is the veteran and the wife is his caregiver. If the VA is providing her with respite services for her husband then she would not qualify (as it would be double dipping). If the VA is providing another service for her husband such as personal care, then she would technically qualify. However, in the latter case it would be up to the grantee's discretion whether or not to provide service. If in the grantee's assessment, if you feel that there is adequate support for the spouse as a caregiver through the VA and there is no real indicated need for additional service (i.e., her husband is not at risk for placement, she is not at risk for caregiver burnout, etc.) then the grantee does not have to provide the service.

**COORDINATION OF FAMILY CAREGIVER RESPITE SERVICES
(effective November 2, 2011)**

The purpose of this policy is to preserve the well being of the stressed out caregiver as well as avoid misuse of services. Due to the extreme burden of caregiving, on occasion,

an eligible Title III E caregiver (client) may seek and/or need services from multiple service providers. This policy applies to the situation where a client seeks Title III E funded family caregiver respite from more than one VCAA grant-funded service provider during the same fiscal year.

Before awarding respite services, Grantee shall check for the client's name, DOB, etc. in the Q Care Access system. If the client is in Q, Grantee will check the client's care plans in Q to see if the Title III E respite services have been provided during the current fiscal year by another VCAA grantee. If the client has an open (active) care plan for any form of respite services, the Grantee shall call the representative of the other service provider to coordinate respite services and/or advise them that the client is requesting additional respite services. VCAA grantees shall not provide the same services to the same client at the same time; however, the client may receive respite services intermittently from more than one service provider throughout the fiscal year provided the conditions listed below are met.

Conditions:

1. The client's need for additional respite hours is clearly justified and documented in the client's file.
2. Representatives from both grantees have discussed the client, and have agreed upon the coordination of respite services including which service provider can better accommodate the request for additional services. Note: Allocating additional hours of respite to a client who has already received respite hours during the fiscal year is feasible provided that doing so will not cause a new client to wait for or to be denied services. Priority for the award of respite hours should be to new clients.
3. If the client has exhausted the initial award of respite hours and more hours are justified, permission to provide additional hours must be obtained in writing (via e-mail) from the VCAA Grants Manager. The grantee intending to provide the additional hours of service is responsible for contacting VCAA to obtain authorization to provide more hours.

NEW SERVICE CATEGORIES AND DEFINITIONS
EFFECTIVE JULY 1, 2011 PER CDA PROGRAM MEMO 11-12(P) ISSUED JUNE 30, 2011

Service Category	Unit Measure ¹	Definitions	NAPIS Reference	Definition / Historical Reference ²	Primary Funding Source	Priority Service	Registered or Non-Registered ³
AAA Activities and CARS Reporting							
Personal Care	1 Hour	Personal assistance, stand-by assistance, supervision or cues. (such as with eating, bathing, toileting, transferring in/out of bed/chair, walking, dressing, grooming).	NAPIS 1	NAPIS Div 4000 Unit 20	Title III B	Yes	Registered
Homemaker	1 Hour	Assistance such as preparing meals, shopping for personal and household items, managing money, using the telephone or doing light housework.	NAPIS 2	NAPIS Div 4000 Unit 50, Unit 27	Title III B	Yes	Registered
Chore	1 Hour	Assistance such as heavy housework, yard work or sidewalk and other home maintenance for a person.	NAPIS 3	NAPIS Div 4000 Unit 5	Title III B	Yes	Registered
Home-Delivered Meals	1 Meal	A meal provided to an eligible individual in his or her place of residence, that meets all of the requirements of the Older Americans Act and State/Local laws, assures a minimum one-third of the current Dietary Reference Intake, and shall comply with Dietary Guidelines for Americans.	NAPIS 4	NAPIS Div 4000 Unit 51	Title III C-2	No	Registered
Adult Day Care / Adult Day Health	1 Hour	Personal care for dependent elders in a supervised, protective, and congregate setting during some portion of a day. Services offered in conjunction with adult day care/adult day health typically include social and recreational activities, training, counseling, and services such as rehabilitation, medications assistance and home health aide services for adult day health. SENIOR NUTRITION PROGRAM GUIDELINES

Senior Nutrition Program grantees providing congregate and/or home-delivered meals are also required to follow the regulations in the VCAAA Senior Nutrition Handbook, which includes specifications for the daily operation of these programs. A copy of the handbook has been given to every grantee providing congregate and/or home delivered meals. To obtain an additional copy, contact the Senior Nutrition Program grants manager.

1. Purpose

The purpose of the VCAAA Senior Nutrition program is to maintain the physical and mental well-being of Ventura County seniors by providing nutritious meals each week and to coordinate other nutrition-related services for program participants, assisting seniors to live independently and reducing isolation. Grantees shall give preference to seniors with the greatest economic and/or social need while paying particular attention to low-income minority individuals when determining whom to service.

Additionally, the VCAAA Advisory Council has adopted the following policy statement:

“Each Senior Nutrition Program grantee shall operate its program using Older American Act grant funds supplemented by participant donations. If current or future levels of service cannot be sustained using these funding sources or by other fundraising efforts, the grantee shall adjust service levels and/or expenses accordingly. The adjustments may include the use of waiting lists, a reduction in the number of days of program operation, less frequent deliveries of meals, etc. If such adjustments become necessary, the grantee shall provide advance written notice to the VCAAA.”

2. Administrative Responsibilities

Senior Nutrition Program grantees shall adhere to weekly, monthly, quarterly and annual reporting requirements as determined by the VCAAA. Administrative reporting requirements include, but are not limited to, the timely and accurate reporting of monthly meal counts, participant Meal Registration and Home Delivered Meals Assessment forms, Requests for Funds (**RFF**) and the ordering of food.

3. Staff Qualifications

Site Coordinator

Each Senior Nutrition Program grantee shall employ a Site Coordinator that is responsible for the day to day administration and operations at their site. The Site Coordinator shall have one of the following qualifications:

- a) An Associate Degree in Institutional Food Service or closely related field, and two years' experience as a food service supervisor; or
- b) Demonstrable experience in food service and, within twelve months of hire, successfully complete twenty (20) hours of college level coursework in food service management, business administration and/or personnel; or
- c) Two years experience in food service management as verified by a Registered Dietitian prior to hire.

Program Staff

Each Senior Nutrition Program grantee shall ensure that there are sufficient numbers of paid staff and/or volunteers to carry out the requirements of the program. The total number of qualified staff shall be determined by the scope and level of services provided.

General Provisions

Each Senior Nutrition Program site shall give preference to older individuals when hiring staff, subject to the applicant's qualifications. Volunteers shall be recruited to participate in all aspects and phases of the program. Furthermore, all Senior Nutrition Program staff, paid and unpaid, are Mandated Reporters by law and, as such, are required to report incidences of suspected elder abuse, including self neglect.

4. Staff and Volunteer Training Requirements

All staff, paid and volunteer, shall be oriented and trained to perform their assigned responsibilities and tasks. Each grantee shall have a written grievance policy posted for staff that ensures an equitable process for handling staff complaints.

Training by the VCAAA Registered Dietitian (**RD**) shall include at a minimum, food safety (**Serve Safe**). All new Site Coordinators must be Serve Safe trained prior to the commencement of serving food. The VCAAA RD will provide a yearly written plan for staff training that shall be maintained at each Senior Nutrition Program site. A minimum of four hours per year of approved staff training shall be provided for paid and non-paid food service staff at each Senior Nutrition Program sites by the VCAAA RD. Training sessions shall be conducted quarterly, documented with attendance records and evaluated by those receiving the training. All training records shall be submitted to the VCAAA quarterly.

5. Safety

Each Senior Nutrition Program grantee is responsible for contracting with local fire safety departments to provide accident prevention, fire safety, first aid, choking, earthquake preparedness and other emergency procedures training required at each congregate meal site. A current Fire Inspection Certification shall be displayed at each

site. Each meal site and/or Home Delivered Meals distributor is also required to maintain and make available to staff upon request current Material Safety Data Sheets (is MSDS) at their site(s) per 29 CFR. Furthermore, each meal site and/or home delivered meals distributor must display a State of California Health Certification. Each congregate meal site must also display a Serve Safe Certification.

6. Nutrition Education Services for Participants

Nutrition education for program participants shall be provided at a minimum of four times per year. All training shall be conducted by the VCAAA RD who develops and maintains a yearly nutrition education plan. Nutrition education for congregate meal participants may include demonstrations, presentations, lectures and group discussions, all of which may be augmented with printed materials. Distribution of printed materials shall constitute nutrition education for home delivered meal recipients. Each grantee shall maintain accurate training records that indicate the type and duration of training. Training records shall be submitted to the VCAAA on a quarterly basis to ensure that training requirements are being met.

7. Records, Reports, Distribution of Information and Confidentiality

Each Senior Nutrition Program grantee shall maintain current and accurate records on congregate and home-delivered meal participants as follows:

- a) Current and complete meal registration form for both congregate and home-delivered meal recipients;
- b) Each home-delivered meal recipient shall also have a current home-delivered meals assessment on file;
- c) Each Senior Nutrition Program grantee shall report meal counts monthly to the VCAAA via Q Care Access and manually to the Senior Nutrition Program Grants Manager. The monthly meal count includes meals for qualified participants, caregiver or spouse meals, volunteer and staff meals, paid meals, and “wasted meals”;
- d) Each Senior Nutrition program grantee shall maintain complete and accurate rosters for both home-delivered and congregate programs. .

Upon request, all Senior Nutrition Program documents and records shall be made available for audit, assessment and/or inspection by an authorized representative from the VCAAA. Furthermore, each Senior Nutrition Program grantee shall ensure that any and all information provided by participants shall be maintained in a confidential manner.

8. Nutrition Services Requirements

Congregate Meals

Each Senior Nutrition Program grantee shall ensure that the congregate meal site adheres to the following requirements:

- a) Each participant is registered for a meal using the Senior Nutrition Program Meal Registration form;

- b) Conduct an annual Nutritional Risk Survey on each participant
- c) Provide a means by which to obtain participants' views about the services received;
- d) Provide meals, if available, to all participants regardless of reservation status;
- e) Ensure that trained staff (paid and/or non-paid) is physically present during the time that meals are being served;
- f) Provide restrooms, lighting and ventilation at the site that meets the requirements of the California Retail Food Code (CRFC);
- g) Provide for suggested donation, per regulation;
- h) Provide equipment, including tables and chairs, that is sturdy and appropriate for older individuals; and
- i) Arrange tables and chairs in such a manner as to be conducive to and encourage socialization among participants.

Home Delivered Meals

Each Senior Nutrition Program grantee shall ensure that the home delivered meals operations at their site adhere to the following requirements:

- a) Eligible participants are registered and assessed for need using the Senior Nutrition Program Meal Registration and Home Delivered Meal Assessment forms;
- b) Initial assessments may be done by telephone, however, an in-home assessment and physical determination of eligibility shall be conducted at the participants' homes within two weeks of the beginning of meal service;
- c) Participants shall be assessed for other, supportive services and referred as needed; and
- d) Participants shall be reassessed for eligibility in their homes every six months and by telephone every other quarter. The Meal Registration Form shall be updated annually.
- e) All client assessment and demographic data shall be updated each quarter in Q.

Waiting List

A waiting list shall be established whenever a grantee is unable to provide home delivered meals to all eligible participants. Waiting lists must be pre-approved by the VCAAA. The decision to place an eligible individual on a waiting list and their ranking on that list shall be determined by greatest social and economic need. The VCAAA has established a hierarchy of needs assessment tool to assist Program Directors in determining which applicant has the greatest need.

9. Nutritional Requirements of Meals

The VCAAA shall provide each Senior Nutrition Program grantee with meals that meet the following nutritional criteria:

1. Each meal shall:
 - (a) Provide a weekly average caloric range of 600 to 800 kilocalories per meal.
 - (b) Provide a three-ounce cooked edible portion of meat, fish, poultry, eggs, cheese or the protein equivalent daily.
 - (c) Contain at least two one-half (1/2) cup servings, drained weight or volume, of different vegetables or fruits or their juices.
 - (d) Contain at least one serving of whole grain.

- (e) Contain eight ounces of fortified fat-free milk, low-fat milk, or buttermilk, or the calcium equivalent to one-third (1/3) of the DRI.
 - (f) Contain one-half (1/2) cup serving of a dessert.
 - (g) Provide a food(s) containing a minimum of 25 milligrams of Vitamin C.
2. A food(s) containing a minimum of 250 micrograms of Vitamin A shall be served at least three times per week for a five day per week menu, and four times per week for a seven day menu.
 3. Meals using detailed nutritional analysis shall identify, at a minimum, the following values: Vitamins A, B (niacin, riboflavin, folic acid, thiamin, B12), C, D and E; minerals: calcium, iron, zinc and magnesium; and fiber and kilocalories. Additionally, each meal shall comply with the most current Dietary Guidelines for Americans and CDA Program Memo 0713.

10. Eligibility for Senior Nutrition Services

Individuals eligible to receive Senior Nutrition Program meals are as follows:

Congregate Meals

Individuals eligible to receive meals at a congregate site are as follows:

- a) Any individual aged 60 and older; or
- b) The spouse or live-in caregiver of an eligible participant; or
- c) A disabled individual who resides at home with and accompanies an eligible participant to the meal site.

Home Delivered Meals

Individuals eligible to receive a home delivered meal are as follows:

- a) Any individual aged 60 and older who is frail and homebound by reason of disability, illness or isolation; or
- b) A spouse or caregiver of a home delivered meal recipient, regardless of age, if it is determined that providing a meal is in the best interest of the homebound participant; or
- c) An individual with a disability who resides at home with a participant if it is determined that providing a meal is in the best interest of the homebound individual.

Meals for Volunteers and Staff

Volunteers and staff may be offered a meal if doing so will not deprive a participant of a meal. Staff and volunteers receiving a meal must be present during and contribute toward the meal service in order to receive a meal. Each Senior Nutrition Program grantee shall establish in writing and implement a policy for providing and accounting for meals provided to Senior Nutrition Program volunteers and staff. The grantee shall report to volunteer meals on their monthly meal counts.

In all cases of eligibility, priority shall be given to individuals aged 60 and older.

11. Monetary Contributions

Suggested Contributions

Each Senior Nutrition Program grantee shall develop in writing and implement a policy that determines a suggested monetary contribution for meal recipients. When developing the suggested contribution amount, each grantee shall take into account the income ranges of the older individuals in their community as well as other sources of program income. The suggested contribution cannot exceed the actual cost of the meal. A sign shall be posted at the congregate meal site that states the suggested contribution amount and the fee for guests. The post shall also declare that no one will be denied service if they choose not to donate.

Actual Contributions and Confidentiality

An eligible participant who receives a meal shall be given the opportunity to contribute towards the cost of the meal; however, no eligible individual can be denied a meal due to failure to contribute. Furthermore, the grantee shall ensure that the amount of each individual's contribution is kept confidential.

Administration of Contributions

All contributions and fees are to be identified as "program income." The grantee shall develop written procedures and implement accounting measures to accurately collect and protect meal contributions on a daily basis. The written policy shall include measures to counter any loss, mishandling and/or theft of funds.

The grantee shall establish a separate account or project code to track Senior Nutrition Program income. One-hundred (100) percent of the total contributions shall be used by the grantee to increase the numbers of meals served and/or to otherwise enhance the program. Program enhancements not directly attributed to increased participation on the program shall be pre-approved by the VCAAA.

VENTURA COUNTY AREA AGENCY ON AGING (VCAAA)

Mission, Vision and Values⁵

VCAAA Mission⁶

The Ventura County Area Agency on Aging's mission is to serve Ventura County's aged 60+ population and to:

- Provide leadership in addressing issues that relate to older Californians;
- Develop community-based systems of care that provide services that support independence within California's interdependent society, and which protect the quality of life of older persons and persons with functional impairments; and
- Promote citizen involvement in the planning and delivery of services for Ventura County's older population and their caregivers.

The mission is accomplished through a network of education, advocacy, problem solving, program planning, and funding.

VCAAA Vision

VCAAA envisions that it will be the focal point of aging in the county, identifiable to seniors and caregivers; a leader in the aging industry that is innovative and responsive to the changing and varied needs of older adults.

This vision, the mission statement and our core values shape the development and direction of the VCAAA.

The VCAAA's motto is: ***"To Serve. To Guide. To Envision."***

To serve Ventura County's 60+ population and their caregivers and to provide guidance as we envision the future, the VCAAA is guided by a set of **core values** that drive the Agency. The core values are:

- **Put People First** – All our actions must benefit Ventura County residents aged 60+ (and their caregivers) especially those who are underserved, vulnerable, isolated and/or living with special needs.
- **Accountability** – Through leadership and stewardship, being accountable for VCAAA's programs and the efficiency, cost effectiveness and quality of

⁵ Excerpted from VCAAA's Strategic Plan.

⁶ California Code of Regulations, Title 22, requires specific wording to be used in the agency's mission statement.

services provided. These services will be provided in a “transparent” and open manner.

- **Integrity** – All services whether internal or external will be delivered with integrity. Programs will also be in compliance with legal, fiscal, and program mandates.
- **Collaboration** – VCAAA will create useful, effective forms of collaboration with partners, within and beyond the aging services sector, in the areas of service development and delivery, research, evaluation and management.
- **Respectful and Supportive Work Environment** – VCAAA encourages creativity, diversity, innovation, teamwork, accountability, continuous learning, a continuous quality improvement loop inclusive of all employees, a sense of urgency, enthusiasm, trust, and the highest ethical standards.
- **Accessibility** – Developing programs that are inclusive and available to all older adults throughout Ventura County as well as their caregivers. Programs will be culturally appropriate, responsive and reflective of the diverse nature of the senior community.
- **Neutrality** – VCAAA staff will provide accurate, non-biased, reliable, understandable, and timely information and services to our partners, seniors and the public.
- **Responsive and Innovative** – VCAAA will be responsive in identifying and addressing the changing needs of the community, encourage innovation in the effective delivery of aging services and facilitate the development of more diverse senior services within the community.
- **Deliver Results** – Deliver services and results that are useful to the people and communities directly served by VCAAA’s programs and to the taxpayers who pay for these programs.

Description of the VCAAA

The VCAAA was organized as a single county public agency in 1980, and is a regional focal point for services provided to older adults.

The agency operates under the auspices of the Ventura County Board of Supervisors, which has local policy-making authority over the VCAAA. The Board gives final approval to the budget, and any advocacy, program development, coordination efforts, or programs proposed for funding. This structure has been advantageous to the VCAAA by enabling it to: (1) establish and maintain a strong local presence; (2) facilitate good communication with other public agencies and units of local government; (3) have a sound framework for financial accountability; and, (4) have an office and meeting facility designated for the Advisory Council. A slight disadvantage to this structure is the exclusion of public agencies from some funding sources.

A 33-member Advisory Council advises the VCAAA staff on the agency’s policies, programs and funding, and makes recommendations to the Ventura County Board of Supervisors. The Advisory Council reflects the geographic and cultural diversity of Ventura County, and is comprised of representatives of city councils on aging,

commissions on aging, senior service providers, California Senior Legislature (CSL) members, supervisorial appointees and the general public.

The Advisory Council forms task forces and committees as needed to address specific issues. Current standing committees include: Legislative Committee, Health Issues Committee, Outreach Committee, Housing and Transportation Committee, Baby Boomer Committee and the Planning and Allocation Committee, all of which work very closely with the agency director and staff in developing program and funding recommendations.

The VCAAA works with the U.S. Administration on Aging, the California Department of Aging, the Centers for Medicaid/Medicare, the Department of Health Care Services, the Department of Labor, Ventura County Transportation Commission, and local agencies to improve the quality of life for older adults in Ventura County.

Visible Leadership

The VCAAA is a visible and effective leader in aging issues through its interaction with senior service providers, volunteers, the senior community, and the public. It is financially the largest single funding source of senior programs and services in Ventura County. Through community forums, public hearings, and presentations to community based organizations, the VCAAA receives public opinion on issues relating to the older population. The VCAAA collaborates with organizations to develop and enhance a community-based system of care for older residents of Ventura County. VCAAA staff members participate on numerous committees, coalitions, etc., in support of senior issues.

The VCAAA provides a comprehensive and coordinated community-based system that includes the following characteristics:

- A visible point of contact where anyone can visit or call for help or information;
- A range of program and service options;
- Accessible service options for all older individuals and others served by VCAAA programs, regardless of income⁷ or level of dependency;
- Support of the system by the commitment of public, private, voluntary and personal resources;
- Collaborative decision-making among all concerned organizations with input from older individuals being taken into consideration;
- Special help or resources are available for those who are most vulnerable (those in danger of losing their independence);
- Effective agency-to-agency referral and follow-up;
- Sufficient flexibility in the service delivery system to provide appropriate individualized assistance;
- The system is tailored to the nature of the community;

⁷ The State of California requires that seniors receiving food from the Brown Bag program be pre-qualified as having an income at or below the federal poverty level. The federal Title V Senior Community Services Employment Program also has a similar eligibility requirement regarding income.

- Direction by leaders with the stature and ability to convene meetings; assess needs; design solutions; track successes; stimulate change; and plan present and future community responses.

PROTECTION OF INFORMATION ASSETS

California Department of Aging Program Memo 07-18(P) - Issued October 9, 2007

Program Memo 07-18(P) transmits the California Department of Aging's (CDA) policy for the protection of information assets and procedures for reporting incidents when CDA information assets are accessed, modified or disclosed without proper authorization, or are destroyed, lost or stolen. This program memo applies to Title III B, Title III C1/C2, Title III D, Title III E, Title V, HICAP, MISSP, MSSP and CBSP programs.

Background and Purpose - CDA contractors and vendors are often required to collect, maintain and store information and data for the purpose of administering a CDA program. This information, whether in paper or electronic form, is considered to be an information asset of the State. Information assets are often stored on personal computers, laptops, portable devices such as thumb drives, discs, and personal digital assistants (PDA) or in office and workstation file drawers. State law and policies require State agencies to protect personal, sensitive and confidential information from inappropriate or unauthorized access or disclosure.

CDA is responsible for ensuring that its employees and its Contractors/Vendors comply with these privacy requirements. CDA has developed the following policy to protect its information assets and establish procedures for reporting security incidents in the event that CDA information assets are inappropriately accessed, disclosed, modified, destroyed, lost, or stolen. This policy is consistent with CDA general contract terms and conditions.

Policy - All CDA Contractors/Vendors must be vigilant to protect personal, sensitive and confidential information from inappropriate or unauthorized access, use or disclosure. CDA Contractors/Vendors are required to adopt operational policies, procedures and practices to protect CDA information assets. Contractors/Vendors, subcontractors, their staff, and volunteers must understand their responsibilities and the consequences of security breaches. They must also be trained to integrate information security practices into their daily work.

Information Classifications - Contractors/Vendors should classify Information assets into the following categories: public; confidential; sensitive; or personal. Classifying information assets allows an entity to identify appropriate protection levels; establish policies for access, use and disclosure of information; and implement procedures for responding properly to external requests for information.

Public Information/Public Records

Definition The California Public Records Act (PRA) defines public records as information relating to the conduct of the public's business that is prepared, collected, or maintained by, or on behalf of, State agencies. There are certain statutory exemptions and privileges that allow agencies to withhold

- specific information from disclosure.
- Examples Correspondence, program memos, bulletins, e-mails, and organization charts. Portions of a public record may include sensitive or personal information.
- Disclosure Disclosure is required; however, all confidential or personal information must be redacted or blacked-out prior to disclosure. No identification from the requester is required.

Confidential Information

- Definition Information maintained, collected, accessed or stored by a State agency or its Contractors/Vendors that is exempt from disclosure under the provisions of the PRA or other applicable State or federal laws.
- Examples Medical information, Medi-Cal provider and beneficiary personal identifiers, Treatment Authorization Requests (TARs), personnel records, social security numbers, legal opinions and proprietary Information Technology (IT) information.
- Disclosure Disclosure is allowed to:
- individuals to whom the information pertains or an authorized legal representative upon his/her request (proper identification required);
 - third parties with written consent from the individual to whom the information pertains or an authorized legal representative;
 - public agencies for the purpose of administering the program as authorized by law;
 - fiscal intermediaries for payment for services; and
 - government oversight agencies.

Sensitive Information

- Definition Information maintained, collected, accessed or stored by State agencies or their Contractors/Vendors that may not be considered confidential pursuant to law but still requires special precautions to protect it from unauthorized access, use, disclosure, loss, modification or deletion.
- Examples Policy drafts, system operating manuals, network diagrams, contractual information, records of financial transactions, etc.
- Disclosure Disclosure is allowed to:
- individuals to whom the information pertains or an authorized legal representative upon his/her request;
 - third parties with written consent from the individual to whom the information pertains or an authorized legal representative;
 - public agencies for the purpose of administering the program as authorized by law;
 - fiscal intermediaries for payment for services; and
 - government oversight agencies.

Personal Information

Definition	Information which identifies or describes an individual that is maintained, collected, accessed or stored by a State agency or its Contractors/Vendors.
Examples	Examples include name, social security number, home address and home phone number, driver's license number, medical history etc.
Disclosure	Disclosure is allowed to: <ul style="list-style-type: none">• individuals to whom the information pertains or an authorized legal representative upon his/her request (Note that an individual has a right to see, dispute, and correct his or her own personal information);• third parties with written consent from the individual to whom the information pertains or an authorized legal representative;• public agencies for the purpose of administering the program as authorized by law;• fiscal intermediaries for payment for services; and• government oversight agencies.

Written consent to access or release an individual's personal information must include:

- Signature of the individual to whom the information pertains or an authorized legal representative;
- Date signed; and
- Description of the records that the individual agrees to release.

Contractor/Vendor Confidentiality Statement - CDA requires all of its Contractors/Vendors to sign a Contractor/Vendor Confidentiality Statement when entering into a Contract or Agreement with CDA. This is to ensure that Contractor/Vendors are aware of, and agree to comply with, their obligations to protect CDA data from unauthorized access and disclosure.

Training/Education - The Contractor/Vendor must provide ongoing education and training, **at least annually**, to all employees and subcontractors who handle personal, sensitive or confidential information. **Contractor/Vendor employees, subcontractors, and volunteers must complete the required SECURITY AWARENESS TRAINING module located at www.aging.ca.gov within 30 days of the start date of the Contract/Agreement (fiscal year) or within 30 days of the start date of any new employee, subcontractor or volunteer.** The Contractor/Vendor must maintain certificates of completion on file and provide them to CDA upon request. Training may be provided on an individual basis or in groups. A sign-in sheet is acceptable documentation for group training in lieu of individual certificates. If internet access is not available, a hardcopy of the training module may be provided to employees and/or volunteers for their completion.

Contractor/Vendors may substitute CDA's Security Awareness Training program with its own Security Training provided such training meets or exceeds CDA's training

requirement. Contractors/Vendors shall maintain documentation of training and education provided to their staff, volunteers, and/or subcontractors.

All employees and volunteers who handle personal, sensitive or confidential information relating to CDA's programs must participate in Security Awareness Training.

Security Incident Reporting - A security incident occurs when CDA information assets are accessed without proper identification, modified, destroyed, disclosed, lost, or stolen. Contractors/Vendors must report all security incidents to the CDA Program Manager immediately upon occurrence or detection. A Security Incident Report form (CDA 1025) must be submitted to the CDA Information Security Officer within five (5) business days of the date the incident occurred or was detected. Form is available at <http://www.aging.ca.gov>. Search, Form 1025.

Liability/Sanctions - Contractor/Vendors, subcontractors and their employees should be aware that security incidents and failure to report these incidents may lead to administrative sanctions (e.g., contraction termination, personnel action), criminal prosecution or civil liability.

DISABILITIES: ACCESS TO PROGRAMS, SERVICES AND ACTIVITIES FOR PERSONS WITH DISABILITIES

California Department of Aging Program Memo 07-16(P) - Issued August 28, 2007

This Program Memo provides policy guidance and technical assistance to CDA contractors to help them comply with the Americans with Disabilities Act (ADA) and California Government Code Sections 11135 – 11139.8. For the purposes of this memo, “contractor” refers to an AAA and Multipurpose Senior Service Program (MSSP). **“Subcontractor” refers to a service provider that has contracted with either an AAA or MSSP.** The term “agency” refers to an entity covered by the nondiscrimination laws. This program memo applies to Title III B, Title III C1/C2, Title III D, Title III E, Title V, HICAP, MISSP, MSSP and CBSP programs.

This Memo is intended to remind CDA contractors and subcontractors of their existing statutory and contractual obligations to provide individuals with disabilities equal access to programs, services and activities. These State and federal laws have been in effect for many years and do not constitute new requirements. This memo does not address physical access to new buildings.

Who Must Comply? CDA and all of its contractors and subcontractors must comply with the requirements of the ADA and California Government Code Section 11135-11139.8. Both of these laws require that government funded services, programs and activities be accessible to, and usable by, individuals with disabilities. The Department complies with its obligation by including nondiscrimination requirements in its contract terms and conditions. However, CDA’s legal obligation to ensure that services, programs and activities are accessible does not relieve these agencies from complying with their own legal obligations to provide equal access under the State and federal laws. CDA contractors are expected to pass these requirements on to their providers through the terms and conditions of their contracts.

What is Required - The specific requirements of the ADA and State law can be complex. The Department does not prescribe a particular method or measure to achieve compliance. However, the Department expects all of its **contractors and subcontracting service providers** to take proactive steps to make public services readily accessible to individuals with disabilities. The Technical Assistance Manual prepared by the federal Department of Justice includes substantial guidance and numerous examples to help contractors and subcontractors in their compliance efforts. The Technical Assistance Manual is available at www.usdoj.gov/crt/ada.

The following requirements highlight some of the major State and federal mandates. This list is not exhaustive. Agencies should review available resources or consult with their parent agency for additional guidance.

- **Services, programs and activities.** Government funded programs, services and activities must be accessible to, and usable by, individuals with disabilities. Agencies must make reasonable modifications to policies, practices, and procedures that deny equal access to individuals with disabilities. Agencies may achieve program and service accessibility by a number of methods. In many situations, providing access to buildings through structural methods may be the most efficient method of providing program and service accessibility. This would include measures such as building a ramp for wheelchair access or otherwise altering an existing building to provide equal access. In other cases, it might be sufficient to use nonstructural methods in order to achieve program or service accessibility. Nonstructural methods include providing services at alternate accessible sites or on a ground floor location. It is important to note that other federal laws require places of accommodation, including private entities that provide public services, to remove barriers where the removal is readily achievable. Whether removal of a barrier is “readily achievable” may depend on factors including program size and available financial resources. Agencies should consult the technical assistance guides and resources attached to the memo for further information and guidance.
- There are limited exceptions to the requirement to modify a program or service where the modification would result in a fundamental alteration in the nature of its program or activity or in undue financial and administrative burden. A decision to invoke one of these exceptions can only be made by agency director such as an AAA Director or MSSP Program Manager and must be confirmed by CDA’s Director or her designee. The decision must be accompanied by a written statement of the reasons for reaching that conclusion. The determination that that a modification would result in a fundamental alteration of a program or impose an undue burden for the entity must be based on an evaluation of all resources available for use in the program. If an action would result in a fundamental alteration or undue burden, the agency must take another action to ensure that individuals with disabilities receive the benefits and services of the program or activity. Examples of reasonable modifications to policies, practices, and procedures are provided in the DOJ Technical Assistance Manual.
- **Communication.** Agencies must ensure that communications with individuals with disabilities are as effective as communications with others. Individuals with disabilities who do not have effective communication tools are less likely to have equal access to services. Depending upon the specific circumstances, agencies may need to arrange to make available auxiliary aids and services including interpreters, special equipment, or TDDs. However, agencies may be able to ensure effective communication through simple measures like note-takers, readers and assistance with completing forms. Factors to be considered in determining whether an interpreter is required include the context in which the communication is taking place and the number of people involved. Agencies should consult with the individual to determine the most appropriate auxiliary aid or service.

- **Integrated Setting.** Agencies must, to the maximum extent appropriate, provide programs and services in an integrated setting. Separate programs may be permitted where it is necessary to ensure equal opportunity.
- **No charge for measures.** Agencies may not charge individuals with disabilities to cover the costs of taking the necessary measures to ensure nondiscriminatory treatment, such as printing materials in Braille or providing qualified interpreters.

Self Evaluation - To enable CDA to ensure compliance with State and federal laws, CDA requests that its contractors and subcontracting service providers conduct a self-evaluation of current policies and practices to determine whether they comply with equal access requirements. Agencies may wish to use the attached ADA Self-Evaluation for Program and Services Access form to help them assess their compliance. Agencies are not required to send a copy of their self-evaluations to CDA. However, Agencies should maintain a copy of their self-evaluation in their files for three years.

If as a result of a self-evaluation, an agency determines that any policy or practice is not in compliance, it must modify the policy to bring it into compliance. CDA recognizes that many of its contractors are part of local government agencies, which have their own requirements and compliance activities related to program and physical access. The Department is not requesting that a contractor duplicate evaluation or compliance activities conducted by the local government agency.

Complaint Process - All CDA contractors, including AAAs and MSSPs, must establish a complaint process to accept and resolve disability related complaints received from service and program recipients. This applies to complaints lodged against an AAA or MSSP and complaints directed at their service providers. AAAs and MSSPs must investigate and make a good faith effort to resolve a complaint and eliminate any barriers to access. If CDA receives a complaint directly about a program administered by an AAA, MSSP or service provider, CDA will forward the complaint to the appropriate AAA or MSSP to investigate and resolve at the local level. AAAs and MSSPs should direct their service providers to immediately forward to them all complaints received at their level for investigation and resolution. If an AAA or MSSP cannot resolve a complaint to the satisfaction of the consumer, the agency must notify the CDA Director immediately and provide written documentation of the facts and reasons for not resolving the complaint. AAAs and MSSPs are required to make the complaint process available upon request to all recipients of services and program benefits.

ACCESS TO PROGRAM AND SERVICES SELF-EVALUATION ACTIVITIES

The following self-evaluation activities are derived from the ADA requirements for State and local governments. They are not directly applicable to private entities. However, CDA recommends that all of its contractors use this tool to evaluate the programs they administer and services they provide, either directly or indirectly, to assess compliance with equal access requirements.

- Review policies and practices to determine whether any limit the participation of individuals with disabilities in its programs, activities, or services. Such policies or practices must be modified, unless they are necessary for the operation or provision of the program, service, or activity.
- Review policies to ensure that the agency communicates with applicants, participants, and members of the public with disabilities in a manner that is as effective as its communications with others. If the agency communicates with applicants or clients by telephone, it should ensure that TDDs or equally effective telecommunication systems are used to communicate with individuals with impaired hearing or speech. If a contractor provides telephone emergency services, it should review its policies to ensure direct access to individuals who use TDDs and computer modems.
- Review policies to ensure that they include provisions for readers for individuals with visual impairments; interpreters or other alternative communication measures, as appropriate, for individuals with hearing impairments. Agencies should develop a method to secure these services, including providing guidance on when and where these services will be provided. Where equipment is used as part of an agency's program, activity, or service, the agency should conduct an assessment to ensure that the equipment is usable by individuals with disabilities, particularly individuals with hearing, visual, and manual impairments.
- Examine whether there are physical barriers that preclude access to programs and services. Eliminate barriers either through structural modification or other measures that ensure an equally effective opportunity to participate in programs and receive services.
- Review policies and procedures to ensure that individuals with mobility impairments are provided access to public meetings.
- Review procedures to evacuate individuals with disabilities during an emergency. This may require the installation of visual and audible warning signals and special procedures to assist individuals with disabilities from a facility during an emergency.
- Review written and audio-visual materials to ensure that individuals with disabilities are not portrayed in an offensive or demeaning manner.
- Review employment practices to ensure that they comply with other applicable nondiscrimination requirements, including Section 504 of the Rehabilitation Act and ADA Regulations issued by the Equal Employment Opportunity Commission and the California Department of Fair Employment and Housing .
- Determine whether the agency has taken measures to ensure that employees are familiar with the policies and practices for the full participation of individuals with disabilities. If appropriate, training should be provided to employees.
- Review policies to ensure that its decisions concerning a fundamental alteration in the nature of a program, activity, or service, or a decision that an undue financial and administrative burden will be imposed, are made properly and expeditiously.

LESBIAN, GAY, BISEXUAL, AND TRANSGENDER OLDER ADULTS

California Department of Aging Program Memo 08-07(P) - Issued February 20, 2008

This program memo was issued in response to additions made to California's Welfare and Institutions (W&I) Code, Section 9103 (resulting from the passage of Assembly Bill 2920 in August 2007). The legislative intent language in W&I Code, Section 9103, states in part: "...LGBT seniors often lack social and family support networks available to non-LGBT senior... LGBT seniors are denied many vital financial benefits provided to heterosexual married couples...The number of people 65 years of age and older in California is estimated to double to 6.5 million by the year 2020, thereby increasing the number of LGBT seniors who are receiving inadequate service...Ensuring that the needs of LGBT seniors as well as other underrepresented groups are adequately assessed during the planning and development of programs and services will increase access to the programs administered by the California Department of Aging and the area agencies on aging."

To ensure compliance with this mandate, area agencies on aging were directed to include LGBT seniors in the planning of programs and services and the development of their area plans.

SECTION 1. Section 9103 is added to the Welfare and Institutions Code, to read:

9103. The Legislature finds and declares all of the following:

(a) Recent studies have shown that lifelong experiences of marginalization place lesbian, gay, bisexual, and transgender (LGBT) seniors at high risk for isolation, poverty, homelessness, and premature institutionalization. Moreover, many LGBT seniors are members of multiple underrepresented groups, and as a result, are doubly marginalized. Due to these factors, many LGBT seniors avoid accessing elder programs and services, even when their health, safety, and security depend on it.

(b) LGBT seniors often lack social and family support networks available to non-LGBT seniors. They may face particular health risks, as disease prevention strategies often ignore LGBT seniors, and HIV and AIDS drug trials generally do not include older participants.

(c) LGBT seniors are denied many vital financial benefits provided to heterosexual married couples. For example, surviving same-sex partners are denied the social security benefits that married couples are provided, and may face heavy taxes on the transfer of assets upon the death of a partner. Moreover, even under California law, LGBT seniors are denied equal long-term care insurance protections. This costs LGBT seniors hundreds of millions of dollars each year in lost benefits.

(d) The number of people 65 years of age and older in California is estimated to double to 6.5 million by the year 2020, thereby increasing the number of LGBT seniors who are receiving inadequate services.

(e) Ensuring that the needs of LGBT seniors as well as other underrepresented groups are adequately assessed during the planning and development of programs and services will increase access to the programs administered by the California Department of Aging and the area agencies on aging.

(f) California leads the nation in the protections it affords to LGBT persons. As failure to meet the needs of LGBT seniors is a problem of national scope, including LGBT seniors and other underrepresented groups in need of assessment and area plan process will help the state to be a model for change in other states and at the federal level.

(b) This section is not intended to increase General Fund obligations for programs administered by area agencies on aging.

(c) The department shall require that each area agency on aging include the needs of lesbian, gay, bisexual, and transgender seniors in their needs assessment and area plans.

(d) The department shall provide technical assistance to the area agencies on aging regarding the unique needs of the lesbian, gay, bisexual, and transgender seniors.

(e) The department may adopt regulations to implement this section. If the department determines that adopting regulations is necessary, it shall do so only after consultation with the area agencies on aging and the California Association of Area Agencies on Aging.

TARGETING PRIORITIES FOR DELIVERY OF SERVICES

The Older Americans Act (OAA), the Older Californians Act (OCA) and the California Code of Regulations, Article 3, Section 7310 (CCR.3§7310) require that specific segments of the population be “targeted” as having priority for services funded or provided by the VCAAA. The targeted populations are as follows:

- Older individuals with the greatest economic need (i.e., an income level at or below the federal poverty line), with particular attention to low-income minority individuals
- Older individuals with the greatest social need with particular attention to low-income minority individuals. Social need is caused by non-economic factors, including:
 - Physical and mental disabilities, especially severe disabilities;
 - Language barriers, which include limited English-speaking ability among older adults; and,
 - Cultural, social or geographical isolation including isolation caused by (1) racial or ethnic status that: (a) restricts the ability of an individual to perform normal daily tasks, or (b) threatens the capacity of the individual to live independently; and (2) isolated, abused, neglected and/or exploited older individuals
- Older Native Americans
- Older individuals who reside in rural areas
- Older individuals at risk for institutional placement
- Family or informal caregivers
- Older individuals with Alzheimer’s disease or related disorders with neurological and organic brain dysfunction and their caregivers.

Substantial emphasis must be given to serving eligible persons with greatest social and/or economic need with particular attention to low-income minority individuals. "Substantial emphasis" is regarded as an effort to serve a greater percentage of older persons with economic and/or social needs than their relative percentage to the total elderly population within the geographic service area.

Each service provider must be able to specify how they satisfy the service needs of low-income minority individuals in the area they serve. Each service provider, to the maximum extent feasible, must provide services to low-income minority individuals in accordance with their need for such services.

A means test shall not be used to determine the eligibility of an older person for any service. Service providers shall not use a means test to deny or limit a service to older persons unless specifically required by state law or federal regulation.

Bilingual personnel (personal services contracts or volunteer positions) must be available in areas where non-English or limited-English speaking persons constitute at least ten (10) percent of the senior population.

IN ADDITION, VCAAA TARGETING PRIORITIES ARE:

- Older individuals living at or below the federal poverty level with particular attention to low-income minority individuals, females aged 85 and over.
- Older individuals with the greatest social need with particular attention to low-income minority individuals, persons with disabilities, persons with language barriers (especially Spanish-speaking persons aged 60 to 64), and persons affected by cultural, social or geographic isolation (especially females aged 80 and over).
- Older individuals who are abused, neglected, or exploited with particular attention to financial abuse, neglect (including self-neglect), psychological /mental abuse and physical abuse.
- Family and informal caregivers as defined by the OAA including amendments of 2006.
- Older individuals with Alzheimer's disease or related disorders with neurological and organic brain dysfunction and their caregivers.
- All county residents aged 60 and over whose needs, if not addressed now, may force them into the category of greatest need.
- Residents in long term care facilities or those at risk for placement.

TARGETING PRIORITIES FOR TITLE III E FAMILY CAREGIVER PROGRAMS - Refer to Appendix #3, Title III E Family Caregiver Programs.

TERMINOLOGY AND ACRONYMS

AAA	Area Agency on Aging
ADA	Americans With Disabilities Act - http://www.usdoj.gov/crt/ada/
ADHC	Adult Day Health Care
ADL	Activities of Daily Living - Activities done in a normal day, such as eating, dressing, etc.
AoA	Administration on Aging (Federal)
APS	Adult Protective Services
BoS	Board of Supervisors (Ventura County)
C4A	California Association of Area Agencies on Aging - A nonprofit organization representing California's 33 Area Agencies on Aging. http://www.c4aging.org/
CAAAA	California Association for Adult Day Services
CAADS	California Association for Adult Day Services
CANDE	California Association of Nutrition Directors for the Elderly
CBSP	Community Based Service Programs funded by the State of California
CCoA	California Commission on Aging
CDA	California Department of Aging
CMS	Centers for Medicare & Medicaid Services
CPFI	Contingency Plan Funding Increase
CSL	California Senior Legislature - http://www.4csl.org/
FCSP	Family Caregiver Support Program (Title III E - OAA)
HDM	Home-Delivered Meals (Ventura County)
HICAP	Health Insurance Counseling and Advocacy Program
HIPAA	Health Insurance Portability and Accountability Act of 1996
HSA	Human Services Agency (Ventura County)
HUD	Housing and Urban Development (federal)
I&A / I&R	Information and Assistance / Information and Referral
IADL	Instrumental Activities of Daily Living
IFB	Invitation for Bid
IHSS	In-Home Support Services
MPSC	Multipurpose Senior Center
MSSP	Multipurpose Senior Services Program
N4A	National Association of Area Agencies on Aging. http://www.n4a.org/
NAPIS	National Aging Program Information System
OAA	Older Americans Act, federal funding
OCA	Older Californians Act, state funding
PAC	Planning and Allocation Committee of the VCAAA Advisory Council
PSA	Planning and Service Area - The state is divided geographically into 33 PSAs.
RCF	Residential Care Facility
RCFE	Residential Care Facilities for the Elderly
RDA	Recommended Dietary Allowance
RFF	Request for Funds (VCAAA)
RFP	Request for Proposal
SNF	Skilled Nursing Facility
Title III B	OAA General Program Support
Title III C	OAA Senior Nutrition – Congregate (C1) and Home Delivered Meal (C2) Programs
Title III D	OAA Health and Wellness Programs
Title III E	OAA Family Caregiver programs
Title V	OAA Senior Community Services Employment Program (“SCSEP”)
Title VII	OAA Elder Abuse Prevention Programs
VA	Veterans Administration - http://www.va.gov/
VCAAA	Ventura County Area Agency on Aging - http://www.aaa.countyofventura.org
