

WVCV Climate Change Meeting

TUESDAY, OCTOBER 16, 2018

9:00 A.M. – 12:30 P.M.

****NOTE LOCATION****

LOWER PLAZA ASSEMBLY ROOM

COUNTY GOVERNMENT CENTER

800 South Victoria Avenue, Ventura

A G E N D A

1. **Welcome**
2. **Project introduction** – Po Chi Fung (5 minutes)
3. **Climate change analysis for California and Ventura County** – Dr. Nina Oakley (30 minutes)
 - Brief overview of previous climate change analyses incorporating Ventura County
 - Role of “just a few storms” in Southern CA annual precipitation and how it makes seasonal forecasting and projecting climate change impacts difficult
4. **Climate change scenarios for Ventura County from LOCA** – Dr. Ben Hatchett (30 minutes)
 - What is LOCA and why are we using it?
 - Precipitation and temperature outcomes for select climate change scenarios and select thresholds
 - Interpretation of each of analyses—what we think it might mean for vulnerabilities in Ventura County
 - Limitations of climate projections
5. **Break** (~15 min)
6. **Group discussion** – Moderated by Ben and Nina (60+ minutes)
 - Based on analyses shown, what are interpretations and concerns of group?
 - What additional threshold analyses would you like to see?
 - What are your concerns about these data and associated uncertainty?
 - What are other types of analyses needed to support decision making?

7. Next steps of IRWM Plan Amendment – Climate Change Impacts and Adaptation – Lynn Rodriguez
(10 minutes)

8. Adjourn

If you have any questions about the meeting, please call Sue Hughes at 654-3836, or Lynn Rodriguez at 654-2455
