BUDGET UNIT DESCRIPTION:

This budget unit accounts for the Urban County Community Development Block Grant (CDBG) entitlement program administered by the County Executive Office. The program supports projects in the unincorporated area of Ventura County and the cities of Fillmore, Moorpark, Ojai, Port Hueneme, and Santa Paula. Projects in these areas include housing rehabilitation, affordable housing development, public facility improvement or construction, economic development, fair housing counseling services, public service activities, and efforts to assist the homeless. The cities of Thousand Oaks, Simi Valley, Camarillo, Oxnard and San Buenaventura each receive CDBG funds directly from the U.S. Department of Housing and Urban Development (HUD) to address the needs within their jurisdictions. Yearly, the Entitlement Area's federal grant is shared among the member jurisdictions based on a formula contained in the cooperating agreements negotiated between the parties. This is Ventura County's twenty-fifth year as an entitlement county.

BUDGET UNIT DESCRIPTION:

The Ventura County Revolving Loan Fund (RLF) Program was established in May 1995 with federal Department of Commerce, Economic Development Administration (EDA) funds to provide loans to businesses impacted by the January 1994 Northridge Earthquake. Eligible businesses were those that had been declined and/or did not receive sufficient funding by the Small Business Administration and loans were restricted to businesses located in the areas of Fillmore, Piru and Simi Valley. Lending criteria was later expanded to include businesses affected by other Presidential-declared disasters as well as disaster mitigation related activities. Loans are reviewed and approved by a Revolving Loan Fund Board. The Revolving Loan Fund Program is coordinated by the County Executive Office through a contract administrator.

BUDGET UNIT DESCRIPTION:

This budget unit was established during FY 1998-99 to track the Community Development Block Grant (CDBG) funded loans of the Ventura County Revolving Loan Fund (RLF) program. The County Executive Office administers this CDBG Loan program which is part of the \$2 million RLF program established after the Northridge earthquake with a grant from the federal Economic Development Administration (EDA). The County and cities of Fillmore and Simi Valley, using CDBG funds, provided the initial local match for the RLF. Phase I of the program provided loan funds to earthquake impacted businesses. The program was expanded to include other Presidentially-declared, disaster-related loans. Separate and distinct record keeping and fiscal accounting requirements for the CDBG funded portion of the loan program made it necessary to track this source of funding separately from the EDA grant.

BUDGET UNIT DESCRIPTION:

On July 1, 2000, the Workforce Investment Act (WIA) of 1998 was implemented to reform and redefine federal job training programs, adult education, literacy, and vocational rehabilitation. The legislation allows local Workforce Investment Boards the authority and flexibility to establish policies and determine budgets that will assist employers in training and developing the local workforce through the mandated One-Stop system.

In Ventura County, the Ventura County Board of Supervisors is the fiscal agent, and the Workforce Investment Board of Ventura County (WIB) is the grant recipient responsible for the local administration of WIA. In accordance with WIA requirements, the Board of Supervisors appoints 33-45 community leaders to the WIB to provide oversight of revenues and service delivery. By law, the WIB consists of a majority of business sector representatives, plus members from organized labor, economic development, education, government agencies, community-based organizations, and other mandated One-Stop system partners.

Under the Memorandum of Understanding between the WIB and the Board of Supervisors, the WIB directs the activities of the WIB Executive Director in carrying out the policies and priorities of the WIB. The WIB Executive Director and WIB Administration staff work closely with One-Stop system program operators and other providers to provide programs and services that are in alignment with workforce development needs in Ventura County.

The One-Stop system in Ventura County is comprised of the collective activities of the Job and Career Centers and other contracted program and service providers engaged in WIA business. The One-Stop consortium is part of the system and includes the Ventura County Human Services Agency - Business and Employment Services Department (BESD), the Ventura County Superintendent of Schools Office, and the Employment Development Department - Job Services Division.

BUDGET UNIT DESCRIPTION:

The RAIN Transitional Living Center (RAIN TLC) budget unit provides funding for the operation of a homeless transitional living center. Annually up to 120 homeless people throughout the County, including individuals, couples and families, are provided with housing, meals, treatment for alcohol and drug addiction, mental health services, counseling, medical care, job club/job training, linkage to CalWORKs, Medi-Cal, and CalFresh (formerly known as Food Stamps), transportation, tutoring, and case management services.

RAIN TLC is a 24/7 facility that provides oversight for the various needs of the target population. The ultimate goal is to provide the continuum of care necessary to transition clients from homelessness to independent living with minimum reliance on subsidies or assistance programs. Depending on clients' needs and circumstances, clients spend six to twelve months on average at the RAIN TLC. Per HUD regulations, clients may stay a maximum of 24 months; this length of stay, however, is rare.

The RAIN TLC addresses the basic needs (i.e., shelter, food, personal care supplies) of individuals and families who are homeless. In addition, intensive case management coupled with the development of a customized case plan and access to support services is provided to each resident at the RAIN TLC. Services such as individual and group counseling, credit counseling, budget and finance management, parenting skills, job readiness programs, and self-sufficiency courses are provided on site.

Further, programs specifically designed to support the children who reside at the RAIN TLC are provided. These child-focused programs offer individual and group counseling, homework support and tutoring, structured activities such as art time and group play, and activities such as field trips to libraries, museums and theaters. On average, 50% of the residents at the RAIN TLC at any time are children. The children's programs are funded solely through grants.

Transportation is often a key barrier for the target population. Therefore, transportation is provided to clients at the RAIN TLC to assist them in getting them to work, school, medical appointments, and other critical appointments. As clients progress through the program, they are helped in either securing their own vehicle or learning how to use public transportation so that they can overcome any transportation barriers before leaving the RAIN TLC.

Upon exiting the RAIN TLC, clients have completed their case plans and received assistance in securing stable housing. Case management is provided for an additional six months to ensure that the individual/family remains stable and housed.

BUDGET UNIT DESCRIPTION:

State legislation enacted in 1980 and revised in 1993, requires counties to collect a \$22.08 fee on each marriage license to provide funding for Domestic Violence Programs for victims and their children. The County contracts with Interface and The Coalition to End Domestic and Sexual Violence for shelter care and related support services. Services include: a 24 hours/day, 7 days/week switchboard to receive crisis calls; a drop-in center for victims to receive information and referral services; psychological support and peer counseling; 24 hours/day emergency transportation to transport victims to appropriate services; and two methods of shelter care - either shelter at an anonymous location or utilization of local hotels/motels as a back-up resource.
