BUDGET UNIT DESCRIPTION:

The Environmental Health Division performs mandated activities with respect to enforcing orders and ordinances of the Board of Supervisors and State statutes and regulations related to environmental health in the incorporated cities and in the unincorporated areas of Ventura County. The Division's activities include monitoring, inspecting, and enforcing regulations pertaining to: solid waste; hazardous materials; consumer food protection; liquid waste disposal; recreational facilities; land use; vector control; institutions; disaster and emergency sanitation; public health complaints; cross-connection control; hazardous materials emergency response; underground fuel storage tanks; ocean water testing; small water systems; medical waste; and Body Art practitioners and facilities.

The FY 2012-13 Preliminary Budget for the Environmental Health Division reflects revenue increases of approximately \$360,000 that will be generated by adjustments to existing fees, which are necessary to offset increased operating costs.

BUDGET UNIT DESCRIPTION:

The federal Centers for Medicare and Medicaid Services (CMS) approved California's five-year Medi-Cal Hospital/Uninsured Care Demonstration in the Fall of 2005 that made available \$180 million of federal funds each year for years 3, 4 and 5 of the Demonstration for a Coverage Initiative to provide health access for low-income uninsured residents. Senate Bill 1448 authorized the statutory framework for the development and implementation of the Health Care Coverage Initiative (HCCI). Ventura County was one of ten counties in the State to be awarded a HCCI contract after a competitive Request for Application process conducted by the California Department of Health Care Services (DHCS). Ventura County's HCCI Program is known as the Access Coverage and Enrollment Program (ACE) and provides up to \$10 million in federal funds per contract year for three years beginning Sept. 1, 2007. The ACE program is a Health Access Program that offers eligible low-income, uninsured individuals, that reside or work in the County of Ventura, access to comprehensive outpatient and inpatient health care services, including specialty care, through the Ventura County Health Care System and participating community health clinics. The individuals that enroll in this program will have an established medical home and have established co-payments to limit out-of- pocket expenses for services, thus reducing, if not eliminating barriers to accessing preventative and necessary health care services on a regular basis. The HCCI program is a cost based reimbursement program where 50% of the costs incurred are paid by the federal government and 50% is paid by the County. The HCCI administrative costs are also reimbursable at 50% and is in addition to the contract amount awarded.

BUDGET UNIT DESCRIPTION:

HCA-Emergency Medical Services (EMS) consolidates various medical support functions and responsibilities. Consolidated financial functions include: administering County funding provided for ambulance subventions and prisoner transport by ambulance, and distributing local emergency medical funding pursuant to the Health and Safety Code. The funding provides reimbursement to physicians and hospitals for uncompensated care due to emergency treatment and provides funding for emergency medical service projects. EMS is required to perform administrative functions which include planning, implementing and evaluating the following components, as defined by the Health and Safety Code: manpower and training, communications, transportation, facilities assessment, system organization and management, data collection, public information, and education and disaster response.

BUDGET UNIT DESCRIPTION:

The Public Health Department is responsible for the protection, maintenance, and improvement of public health through collaborative planning and development of effective community services programs. Public Health programs are not only direct service oriented but many provide oversight and enforcement of public health standards according to State laws and regulations. Public Health duties and responsibilities include: registration of Vital Records (birth, death, disease), population-based health surveillance and assessment, Communicable Disease Control and Prevention, Public Health Laboratory, Maternal Child Health, Health Promotion and Chronic Disease Control, and various population-based Preventive Health Programs. Various Public Health Programs are being sustained through Tobacco Settlement funding.

BUDGET UNIT DESCRIPTION:

The purpose of the Women, Infants and Children Supplemental Food Program (WIC) is to provide low income, high health risk infants, preschool children, and pregnant and nursing women with health and nutrition counseling and education, and nutritious foods for mental and physical development. WIC helps families by providing checks for buying healthy supplemental foods from WIC authorized vendors.

BUDGET UNIT DESCRIPTION:

Children's Medical Services (CMS) manages infant, children and teen health care services through the Child Health and Disability Prevention (CHDP) Program for low income children; the Early, Periodic Screening, Diagnosis and Treatment (EPSDT) Program for Medi-Cal children; and the California Children's Services (CCS) program for eligible children. The CCS program also provides: specialty level medical care, high risk infant follow-up care, services for children at risk for HIV, and a medical therapy program for children with disabling neuromuscular and orthopedic conditions. CMS promotes interagency collaboration for coordination of available children's services and participates in local groups for utilization of such services. Interagency agreements exist with the Special Education Local Plan Area, Tri-Counties Regional Center, Human Services Agency and Mental Health. CMS participates in the Early Start Program as a service provider for children up to three years of age as well as in an advisory capacity.

BUDGET UNIT DESCRIPTION:

The Mental Health System of Care is a service delivery system that provides full array of services and supports that promote the wellness and recovery of individuals with serious mental illness and youth with serious emotional disturbance including: assessment; psychological evaluation; medical and counseling services; case management; residential treatment; and social and housing supports. These services are client and family centered and delivered in the least restrictive setting most consistent with the recovery model. Two major goals of an integrated service delivery system are: (1) to provide quality, culturally competent care that averts disability, and (2) to optimize the quality of life and capabilities for the people served. Quality of life goals include maximizing potential for independent living, achieving stability in an appropriate residential environment, and maintaining meaningful social activities and employment. For children and youth, the quality of life goals include maintaining family unity, achieving stable placement in a foster care home where appropriate, and insuring attendance and progress in the local school, while developing age-appropriate pro-social behavior.

BUDGET UNIT DESCRIPTION:

Alcohol and Drug Programs provide drug and alcohol prevention, education, intervention and treatment services utilizing science-based practice and adhering to both State and Federal mandates and guidelines. The Division utilizes a variety of recognized treatment and process improvement protocols along with performance and outcome measures. Prevention and education services are universal or focused on the needs of specific at-risk populations countywide. Intervention and treatment services are provided to clients with substance use and abuse disorders. Treatment services are provided through a plan of systematic coordination and collaboration with other community agencies and organizations to provide the most appropriate levels of care, as an integral part of the Behavioral Health Department's array of services. This model incorporates both public sector and private non-profit community-based organizations.

BUDGET UNIT DESCRIPTION:

The Driving Under the Influence Program is a division under Behavioral Health Alcohol and Drug Programs and includes education and treatment services for first time and subsequent offenders convicted of driving under-the-influence (DUI). First Conviction Program (FCP) and Multiple Conviction Program (MCP) are administered by the regulatory requirements of Title 9, California Code of Regulations and authorized under the specified statutes of the Health and Safety Code. Each prescribes the scope of program activities, duration of programs, and reporting requirements. Program activities, such as individual and group counseling and case management and substance abuse education, are the primary intervention strategies utilized under the program. The goal of the DUI Program is to reduce future DUI incidents. DUI works closely with the Courts, Probation Agency, District Attorney, and Parole regarding this high-risk population. Program services are provided through County-operated centers located in Oxnard, Thousand Oaks, Simi Valley, Ventura and Fillmore.

BUDGET UNIT DESCRIPTION:

MENTAL HEALTH SERVICE ACT (MHSA) programs, designed to address priority public mental health issues, were conceived and developed through an extensive stakeholder process that has evolved over the past 7 years and has involved over 500 Ventura County residents, representing various constituencies. Far beyond the creation of new programming has been the dramatic change of philosophy, which has transformed the public metal health system in ways that were hardly imaginable at the inception of MHSA.
