BUDGET UNIT DESCRIPTION:

The Mental Health System of Care is a service delivery system that provides a full array of services and support that promote the wellness and recovery of individuals with serious mental illness and youth with serious emotional disturbance. Services include: assessment; psychological evaluation; medication management; individual, group and family therapy; case management; residential treatment; social support; and housing assistance. Services are client and family centered and delivered in the least restrictive setting most consistent with the recovery model. Integrated service system goals include: (1) provide quality, culturally competent care that averts disability, and (2) optimize the quality of life and capabilities of the people served. Quality of life goals include: maximizing the potential for independent living, achieving stability in an appropriate residential environment, and maintaining meaningful social activities and employment. For children and youth, quality of life goals include maintaining family unity, achieving stable placement in a foster care home when appropriate, and ensuring attendance and progress in school, while developing age-appropriate, pro-social behavior.

BUDGET UNIT DESCRIPTION:

The Driving Under the Influence (DUI) Program is a division under Behavioral Health Alcohol and Drug Programs that includes education and treatment services for first-time and subsequent offenders convicted of driving under the influence. First Conviction Program and Multiple Conviction Program are administered by the regulatory requirements of Title 9, California Code of Regulations and authorized under the specified statutes of the Health and Safety Code. These prescribe the scope of program activities, duration of programs and reporting requirements. Program activities, such as individual and group counseling, case management and substance abuse education, are the primary intervention strategies utilized under the program. The goal of the DUI Program is to reduce future DUI incidents. DUI works closely with the Courts, Probation Agency, District Attorney and Parole regarding this high-risk population. Program services are provided through County-operated centers located in Oxnard, Thousand Oaks, Simi Valley, Ventura, and Fillmore.
