ARTICLE 1
TERM

Sec. 101 **Term:** This Memorandum of Agreement (hereinafter "Agreement") between the California Nurses Association (hereinafter "Association" or "CNA") and the County of Ventura (hereinafter "County") is effective from March 17, 2020, up to and including March 17, 2023.

Sec. 102 **Successor Agreement:** In the event CNA desires to negotiate a successor Agreement, CNA shall, no more than six (6) months and no less than four (4) months prior to the expiration date referenced in Section 101, serve on the County its written request to commence negotiations as well as its initial written proposals for such successor Agreement.

Upon receipt of such written notice and proposals, the County shall, within thirty (30) days, present counter-proposals. Negotiations shall begin within thirty (30) days after receipt of CNA's proposals unless otherwise agreed to by the parties. Sections of this Agreement not addressed by either party in their proposals shall remain in full force and effect when a successor Agreement is implemented.

ARTICLE 2 **IMPLEMENTATION**

This Agreement constitutes a mutual recommendation to be jointly submitted to the Ventura County Board of Supervisors (hereinafter referred to as "Board") and the California Nurses Association (hereinafter referred to as "CNA"). It is agreed that this Agreement shall not be binding upon the parties - either in whole or in part - unless and until approved by CNA and unless and until the Board:

- A. Acts, by majority vote, formally to approve said Agreement; and
- B. Enacts necessary resolutions and amendments to all County ordinances required to implement the provisions of this Agreement.

Commencing with the effective date specified in Section 101, this Agreement shall completely supersede the 2018-2020 agreement between the County and CNA.

ARTICLE 3 RECOGNITION

"Regular Employee" shall mean an employee who holds an allocated full-time or less than full-time position in the County budget excluding, but not limited to, extra help, fixed term, or intermittent employees, enrollees in training programs, and independent contractors (e.g. registry and travelers).

Sec. 404 **New Retirement Plan:** CNA agrees to fully participate in the development of a new, less expensive retirement plan applicable to either new, regular employees or current employees who voluntarily elect to participate in said plan. 3. **Placement of Newly Hired Employees on to the Wage Grid**

“New Hire” shall be defined as an individual hired into a CNA-represented classification (as listed in Article 3 – Recognition) on or after September 15, 2014. Initial placement on to, and advancement within the Wage Grid shall be determined by the cumulative years of Verified Experience as defined below.

Verified Experience shall be determined based on the criteria set forth below:

- A. Verification of years of service shall be completed by the Agency prior to the New Hire’s first day of employment and the determination shall be based on the professional experience information supplied by the New Hire on their County application.
- B. The Agency’s determination of years of Verified Experience will be the basis for determining the appropriate placement of a New Hire on the Wage Grid.
- C. For the purposes of this Section, a year of Verified Experience shall be defined as 2,080 hours.
- D. Credit for one (1) salary step shall be given for each year of Verified Experience gained within a County of Ventura facility.
- E. Credit for one (1) salary step shall be given for each year of Verified Experience gained outside of the County of Ventura within that licensure.

- F. Subsequent movement through the salary range will be the same as for incumbent staff.

4. **Step Advances within the Wage Grid**

- A. An employee who is below the maximum step 20 shall be eligible for an annual step advance upon:
 - 1. Completion of an additional 2,080 hours of compensable service; and
 - 2. The timely submission by supervision/management of a performance evaluation with a rating of “competent” or better filed at least two months before the employee’s step advance anniversary date.
- B. If no performance evaluation is issued in accordance with subparagraph “4A (2)” above, the employee may submit a written request for their department to issue a performance evaluation. The Department Head, or his/her designee, shall cause issuance of an accurate performance evaluation within five (5) working days of the employee’s request. If said evaluation is competent or better, the employee shall be granted a step advance effective to his/her step advance anniversary date.
- C. An employee who has received an “Unsatisfactory” or “Improvement Needed” performance evaluation shall not be granted a step advancement in the position held when such rating was given until a “competent” or better rating is filed.

5. **Offsets for Increased Employee-Paid Retirement Contributions**

Effective July 6, 2014, in conjunction with Sec. 401, the base hourly rate range of each classification covered by this Agreement (and as identified in the Nurse Wage Grid Exhibit 2) and the base hourly rate of each employee therein shall be increased by two and forty-one hundredths percent (2.41%).

Sec. 502 **Compensation Schedule:** Except as otherwise provided herein, employees shall receive the compensation of the salary range assigned to the classification of the position in which they are employed and in

accordance with the pertinent conditions of employment enumerated in this Agreement.

Sec. 503 **Regular Pay Day:** Whenever compensation is fixed for any position, such compensation is the biweekly compensation to be paid to the person holding such position unless otherwise stated. Such biweekly compensation shall be paid to employees on or about the Friday following the end of the biweekly payroll period.

Sec. 504 **Pay On Termination:** Upon certification of the Human Resources Director that the employment of any employee is terminated prior to the expiration of the biweekly pay period, the compensation, and any other applicable incentive, bonus, or premium earned by that employee during that pay period, shall become due and shall be paid on the regular payday following the pay period in which termination occurred.

Sec. 505 **Pay For Less Than Full-Time Services Of Regular Exempt Employees:** Employees who are exempt from the overtime provisions of the FLSA are to be compensated on a salary basis only. In County service, an employee's FLSA status, and thus his method of compensation, is predetermined based on the job code in which the employee serves. The actual compensation for less than full time exempt employee is determined by the ratio of the agreed upon standard hours for the less than full-time function to the standard hours of 80 which are required for full-time employment. For example, a less than full time exempt employee with standard hours established at 40 would be paid 50 percent of the salary of an equivalent full-time employee in the same job code. Once determined by the assigned standard hours, this is the salary the less than full-time exempt employee will be paid every bi-week regardless of hours worked or reported.

Premium pay will also be paid to regular less than full-time employees on the same basis as full-time employees except that when premium pay is paid on a biweekly or monthly rate, that rate will be paid to less than full-time employees on a pro-rata basis.

Care must be used when assigning the standard hours of a less than full-time exempt employee. The standard hours of an exempt employee, not the actual hours worked, determines not only compensation but also impacts benefits, leave accruals, service hours, and retirement credits. Changes to the standard hours of an exempt employee shall be made no more frequently than once every three months and then only with the prior approval of the Director-Human Resources. More frequent changes

would be viewed as an attempt to compensate an exempt employee on an hourly basis in violation of FLSA.

Sec. 506 **Payment For Services Rendered On An Annual Basis:** Whenever the salary for any position is established as an annual rate, the employee appointed to that position shall be paid on a biweekly basis a salary equal to one twenty-sixth of the annual salary.

Sec. 507 **Pay/Salary Range Changes:** Whenever a higher pay/salary range is assigned to a classification, an employee holding such classification shall have his pay/salary increased by the percentage increase in the classification's pay/salary range, provided that no pay/salary shall be lower than the minimum of the new pay/salary range established for the classification. The employee's probation hours needed and/or merit increase hours needed shall not change in such an adjustment. Whenever a pay/salary range is assigned to a classification which previously was compensated on a flat rate, an employee shall either retain his pay/salary immediately prior to the establishing of such pay/salary range or receive the minimum of the pay/salary range established for the classification, whichever is greater. Whenever the County Executive Officer furnishes reasonable proof that an appointive employee whose classification was previously compensated on a flat rate is deserving of a higher placement in the newly established pay/salary range than the minimum of such range, the Board may authorize an adjustment to any point in the pay/salary range assigned to the classification. The employee's probation hours needed and/or merit increase hours needed shall not be affected by such an adjustment.

Whenever a lower pay/salary range is assigned to a classification, an employee holding that class shall receive the same pay/salary he was receiving on the day preceding the effective date of the new range if such pay/salary placement is within the newly established pay/salary range. In all other instances, whenever a lower pay/salary range is assigned to a classification, an employee holding the class whose pay/salary immediately preceding the effective date of the new range was in excess of the maximum of the new range, then such employee shall receive the maximum of the new range. The probation hours needed and/or merit increase hours needed of an employee affected by the establishment of lower pay/salary ranges for his classification shall not be affected by such an adjustment.

Sec. 508 **Pay/Salary On "Y" Rating:** When an employee is "Y" rated, his pay/salary immediately prior to the date of downward reclassification is

frozen and may not be increased until the maximum of the pay/salary range assigned his new classification exceeds the pay/salary he was earning immediately prior to establishment of the "Y" rate. The employee shall then be placed at the point in the range most closely representing an approximately five percent (5%) increase in pay/salary and shall retain his probation hours needed and/or merit increase hours needed that was in effect immediately prior to the establishment of the "Y" rate. For purposes of this section the term "Y" rate shall mean the amount equal to the difference between the pay/salary for the prior classification and the new classification.

Sec. 509 **Pay/Salary Rate On Transfer:** Whenever an employee is voluntarily or involuntarily transferred or assigned to a position in a different classification having the same pay/salary range as his former position, he shall retain his pay/salary rate and his probation hours needed and/or merit increase hours needed.

Sec. 510 **Priority Of Increases:** Whenever a general increase, a merit pay/salary increase, a higher pay/salary range or pay/salary range placement, a promotional pay/salary increase or any combination thereof are effective on the same date, the pay/salary to which an employee is entitled shall be fixed as follows: to the pay/salary received by the employee on the preceding day shall first be added any general pay/salary increase, then any higher pay/salary range or pay/salary range placement, then any merit increase, and then any promotional increase.

Sec. 511 **Pay/Salary On Demotion Of A Promotional Probationary Employee:**

- A. A promotional probationary employee demoted to the class he formerly occupied in good standing shall have the pay/salary status, probation hours needed and/or merit increase hours needed he would have achieved if he had remained in the lower class throughout the period of his service in the higher class.
- B. Upon the request of the employee, a probationary employee may, upon approval of the Agency/Department head, be demoted to a class in which he did not previously hold status provided the Director-Human Resources certifies that said employee is qualified for the position to which he is demoted. Such employee shall be demoted to the entry level pay/salary in the lower class or, upon request by the Agency/Department head and approval by the Director-Human Resources, retain his current pay/salary or receive the top of the range for the lower class, whichever is less. The

employee shall also be required to serve a new probationary period.

- Sec. 512 **Pay/Salary On Demotion:** Whenever an employee who has completed his probationary period in a higher class is then demoted to a position in a lower class for reasons other than unsatisfactory performance, or for functional disability, he shall receive the highest pay/salary on the new range that does not exceed his hourly rate of pay/salary immediately prior to demotion and shall retain his merit increase hours needed.
- Sec. 513 **Pay/Salary On Promotion:**
A regular employee who is promoted to a position in a class having a higher pay rate shall receive the pay rate for the higher class associated with the years of verified service for the employee. For example, a Registered Nurse II at “step 5” (e.g. 5 years of verified service) who promotes to a Sr. Registered Nurse – Hospital would receive the pay rate of the new higher classification at “step 5” (e.g. five years of verified service).
- Sec. 514 **Effective Date of Promotion:** Whenever a person is promoted, the effective date of his/her promotion shall always be the first (1st) Sunday of the first full pay period following the written and dated approval of the division head.
- Sec. 515 **Pay/Salary On Temporary Promotion:** An employee assigned to a higher classification to fill a vacancy caused by sick leave or other approved leave of absence, or any other reasons stipulated by this Agreement, and who serves in said higher classification for forty (40) consecutive work hours, shall thereafter be paid according to the pay/salary range of the class to which he has been temporarily promoted. Upon temporary promotion, an employee will receive either the minimum of the new pay/salary range or a five percent (5%) increase over his present pay/salary (Effective September 14, 2014, the employee shall receive the pay rate for the higher class associated with the years of verified service for the employee.), whichever is greater. In no case shall such pay/salary adjustment place the employee beyond the pay/salary range of the position to which he has been temporarily promoted. An employee so temporarily promoted shall receive this pay/salary as long as he continues to serve in said higher classification and shall be entitled to receive increases within the range for the position as provided in this Agreement as though he had been appointed on the day he began to receive the pay/salary designated for the position. The forty (40) hour

waiting period shall apply each time an employee is assigned to a higher classification in this manner.

This provision excludes those classifications whose specific duties and responsibilities require supervision in the absence of an immediate supervisor.

Sec. 516 **Payroll/Human Resources System Reopener:** The parties agree that if, during the life of this agreement, a new “Payroll/Human Resources” system is adopted, the County and CNA shall meet and confer prior to the implementation of the new system regarding any changes requiring negotiations that would affect employees.

Sec. 517 **Recruitment and Retention Committee:** A Joint Labor Management Committee (JLMC) may be convened by either party, but no more than once per quarter, to investigate recruitment and retention issues pertaining to nursing classifications represented by CNA. The JLMC shall consist of two members from the bargaining unit appointed by CNA, one CNA staff member, two members from the Health Care Agency, and one member from the County Executive Office. Findings shall be reported to the County Executive Office for final recommendation.

ARTICLE 6
PREMIUM PAY

Sec. 601 **Bilingual Premium Pay:** Positions which require the use of bilingual skills shall be allocated for bilingual premium pay at the I, II, or III level. The allocation of positions among the respective levels shall be made by the Agency/Department Head, based upon criteria established by, and subject to approval by, the Director - Human Resources. The level of an employee's bilingual proficiency shall be determined by an examination administered by the Director - Human Resources. Employees assigned to such positions shall be eligible for bilingual premium pay at the level of their position or the level of their proficiency, whichever is less, subject to the conditions set forth herein.

Upon adoption of this agreement by the Board of Supervisors the rates for the respective levels are:

<u>Bilingual Level</u>	<u>Premium Pay</u>
I	\$.65/HR
II	\$.80/HR
III	\$.90/HR

Employees in positions eligible to receive this premium shall receive the appropriate rate per hour compensated per biweekly pay period. Such premium pay shall be in addition to their base pay. To be eligible to receive this premium pay, upon the recommendation of the Agency/Department Head and the Director - Human Resources, the County Executive Officer must designate that such payment will be made.

Sec. 602 **Standby Premium Pay:** Should an employee be placed on formal standby duty, such an employee shall be compensated for actual time on call at one-quarter (1/4) of his regular hourly wage or at the Federal minimum wage, whichever is greater, and for time worked as a result of a callback to duty at one and one-half times his hourly wage. In no instance shall a callback to duty be considered as less than two (2) hours for pay purposes. No employee shall be paid for call back time and standby simultaneously. All employees excluded from the overtime provisions of this Agreement are also excluded from the provisions of this Section.

It is the intent of the parties that, on a unit-by-unit or, if appropriate, specialty basis, employees should not be involuntarily scheduled to serve on formal standby when other unit or specialty employees have volunteered to do so. Procedures governing the bidding for standby shall

be established in accordance with the aforementioned intent provided, however, the parties agree that Management is otherwise exclusively vested with the right to schedule standby as operationally appropriate. Standby hours are limited to no more than forty-eight (48) hours of on-call or standby hours bi-weekly unless an employee mutually consents with management to schedule additional hours of standby. Upon the request of Management, an employee may agree to work a callback in a unit other than that for which he/she is initially scheduled for standby. As an alternative to standby, employees may be assigned any duties necessary for the operations of VCMC to include working outside the classification of nursing duties.

County agrees to count towards retirement those hours worked as a result of call back to duty. At no time will hours worked over a total of 80 in a bi-week count towards retirement. County commits to have this procedure in place by the second reading and approval by the County Board of Supervisors of this agreement.

Sec. 603 **Evening And Night Shift Differential Premium Pay:** Shift differential pay shall be paid as described below.

Shifts under this MOA shall be defined as follows:

Day Shift: The work hours between 7:00 a.m. and 3:00 p.m.

Evening Shift: The work hours between 3:00 p.m. and 11:00 p.m.

Night Shift: The work hours between 11:00 p.m. and 7:00 a.m.

The payment of a shift differential shall be subject to the following conditions:

- A. An Evening Shift differential premium payment of seven and one-half percent (7.5%) of an employee's base pay/wage shall be paid for each hour worked between 3:00 p.m. and 11:00 p.m.
- B. Employees who work fifty percent (50%) or more of their shift during the Evening Shift shall receive the Evening Shift differential premium payment for their entire shift.
- C. A Night Shift differential premium payment of fifteen percent (15%) of an employee's base pay/wage shall be paid for each hour worked between 11:00 p.m. and 7:00 a.m.

- D. Employees who work fifty percent (50%) or more of their shift during the Night Shift shall receive the Night Shift differential premium payment for their entire shift.
- E. Scheduled 8-hours shifts, 9/80 schedules, or similar shifts occurring Monday thru Friday and beginning and completed between 6:00 a.m. and 7:00 p.m. shall not be eligible for any shift differential to ensure that employees working a typical County business week schedule are not eligible to receive a shift differential premium payment.

Sec. 604 **Evening And Night Shift Differential Compensation While On Paid Leave:** All paid leave shall include compensation for shift differential for those employees exclusively assigned to work hours qualifying for such differential under Section 603. All other employees shall only receive shift differential during those hours actually worked which qualify for the differential.

Sec. 605 **In-House Registry:** The County agrees to implement an In-House Registry as described in Exhibit A.

ARTICLE 7
HEALTH INSURANCE

Sec. 701 **County Contribution:**

- A. Full-time employees covered by this Agreement are provided benefits by the County of Ventura Flexible Benefits Program ("Cafeteria Plan"). Subject to the terms and conditions of the Cafeteria Plan Document, the County shall contribute \$397.00 per biweekly pay period toward the Cafeteria Plan for each full-time employee.

Effective March 22, 2020, the County shall contribute \$472.00 biweekly for each full-time employee.

Effective December 13, 2020, the County shall contribute \$547.00 biweekly for each full-time employee.

Effective December 12, 2021, the County shall contribute \$597.00 biweekly for each full-time employee.

- B. Flexible credits for enrolled less than full-time employees shall be established on a separate basis from full-time employees. For each enrolled less than full-time employee, and subject to the conditions of the plan document, the County shall contribute an amount not to exceed \$278.00 per bi-weekly pay period towards the Flexible Benefits Program. For purposes of this Article only, less than full-time employees shall be defined as those who work no fewer than forty (40) hours but less than sixty (60) hours per biweekly pay period.

Effective March 22, 2020, the County shall contribute \$330.00 biweekly for each enrolled less than full-time employee.

Effective December 13, 2020, the County shall contribute \$383.00 biweekly for each enrolled less than full-time employee.

- B. Effective December 12, 2021, the County shall contribute \$418.00 biweekly for each enrolled less than full-time employee.

Sec. 702 **Continuation Of Medical Plan:** It is the intent of the parties to fully comply with the provisions of both the Federal Family Medical Leave Act (FMLA) and the California Family Rights Act (CFRA). Notwithstanding the

requirements of either Act, should an employee go on a medical or maternity leave of absence without pay, or a qualifying personal leave to care for a spouse, child, or parent with a bona-fide serious medical condition, the County agrees to continue to make its contribution to the medical premium for up to six (6) biweekly pay periods provided, however, that any such biweekly period covered pursuant to this provision shall be credited towards, and not be considered in addition to, any requirement of the FMLA or CFRA. The number of hours of compensation upon which payment of this premium is based shall be the number of hours in the employee's regular work schedule in the pay period immediately preceding the placement of the employee on leave of absence without pay.

Sec. 703 **Labor/Management Committee:** CNA agrees that it is in the best interest of the parties to review the current Health Insurance Plan to determine if the Plan design is the most efficient and economical for the benefits provided by the plan. The County agrees to consult with CNA, per Section 704, on health insurance benefits and the solution of claims processing problems when requested. Accordingly, the parties agree to the continuation of a joint management/labor health care cost containment committee. Such committee shall meet quarterly for the purpose of discussing cost containment alternatives, reviewing financial progress of the plan and assisting in educational activities.

Sec. 704 **County's Right To Make Changes:** The parties agree that the County retains the exclusive right to make changes necessary to administer the Cafeteria Plan, and CNA specifically waives any rights it may have to meet and confer with respect to the decision or impact of changes. Such changes may include, but are not limited to, the addition or deletion of plans, plan benefits, and/or increases or decreases in benefit rates.

Notwithstanding the above, County agrees to give CNA thirty (30) days notice of any changes proposed to be made to the Plan and to afford CNA an opportunity to express its opinion regarding them. Any changes in the plan initiated by the County must be submitted to the Board of Supervisors for approval at a regular session. Said notice and opportunity to communicate shall not be interpreted as an obligation on the part of the County or a right on the part of CNA to meet and confer or otherwise consult or negotiate regarding these issues.

Sec. 705 **State Disability Insurance (SDI):** The parties agree to continue participation in the employee paid State Disability Insurance Program

(SDI) pursuant to applicable State regulations and the following provisions:

- A. For purposes of this Section only, the term "employee" shall include regular employees assigned to County classifications. This inclusion in the SDI program will not confer any representation rights to temporary help employees or alter in any way the definition of "employee" in the County's Personnel Rules and Regulations or this Agreement.
- B. If the bargaining unit chooses to withdraw from SDI after the required two (2) years, its membership must present, via CNA, a majority petition indicating such desire.
- C. This program shall be administered by the County.
- D. The employee shall pay all costs of the program.
- E. Per State regulations, benefits for employees not previously covered by SDI shall become effective approximately seven (7) months after enrollment.

Sec. 706 **Affordable Care Act:** During the term of this Agreement, either party shall have the option to compel the other to meet with it to discuss the impact of the Affordable Care Act on the provisions of Article 7; provided, however, that no change to the provisions of Article 7 shall occur without the mutual agreement of the parties.

Sec. 707 **Low Census Call-Off:** An employee who has been relieved from duty by VCMC/SPH management due to patient census shall not have their Flexible Benefits Allowance adjusted downward within the first three (3) consecutive pay periods if their hours worked drop below the minimally required hours to maintain their current benefit level.

ARTICLE 8
OTHER COMPENSABLE BENEFITS

ARTICLE 10 HOURS OF WORK

- Sec. 1001 **Normal 80-Hour Biweekly Work Schedule:** Except as may be otherwise provided herein or by law, the County's normal biweekly work schedule shall consist of ten (10) working days of eight (8) hours each. The provisions of this Article are intended to define a normal work schedule and do not, in any way, guarantee a minimum number of hours of work. The County retains its right to relieve employees from duty because of lack of work or for other legitimate reasons; however, this does not preclude employees or CNA from grieving the practical consequences of that action.
- Sec. 1002 **Other Allowable Work Schedules:** A Department/Agency head may, following communication with the employees involved, assign, or reassign, employees of the Department or Agency to any schedule which aids the Department's/Agency's ability to serve the public if such schedule is not a violation of State or Federal law. Whenever possible, and on a unit-by-unit basis, the County agrees to provide at least three (3) weeks advance notice prior to implementation to both the affected employees and CNA of any change to the unit's scheduled work hours. The Nurse Manager of the specified unit will discuss with the employee prior to the change being made. For purposes of this section, "unit" shall be defined in the same manner as is found in Section 1008G. Public Health shall be defined as a unit for the purposes of this section only.
- Sec. 1003 **Schedule Changes:** The County and CNA agree to meet and discuss problems with, or changes to, work schedules on a Department/Agency basis upon request of either party. CNA represented member schedules will be posted twenty-one (21) days in advance from the first day of the new schedule. Once posted, any and all changes made by a CNA member or a manager will be mutually agreed on prior to the change occurring.
- Sec. 1004 **Permanent Weekend Assignment:** If a CNA represented employee who was hired to work weekends wants a weekend off and is able to find a like replacement, that does not incur overtime or Registry use, that employee will be given the weekend off if approved by Management prior to taking time off and will not be unnecessarily denied.
- Sec. 1005 **Benefit Accruals For Other Than 8-Hour Employees:** Benefit accruals for full-time regular employees on work schedules consisting of shifts other than eight (8) hours shall be on the same hourly basis as other full-time regular employees, with accrual based on regular scheduled hours.

Sec. 1006 **Variable Work Hour Program:**

A. DEFINITIONS:

1. Variable Work Hours will be defined as either a compressed work week, or flexible working hours.
2. Compressed Work Week is defined as a work week schedule which permits employees to work their usual number of working hours in fewer days per pay period; for example, by working the "normal" weekly hours in four days (4/10) or the "normal" biweekly hours in nine days (9/80).
3. Flexible Working Hours gives the employees the options of changing their starting and ending times on a periodic basis as determined by management in consultation with the employee.
4. Job Sharing – County will consider job sharing as budget and program constraints allow as outlined in the County Administrative Policy Manual.

B. CONDITIONS:

When a variable work hour arrangement is implemented, the following conditions will apply:

1. The determination to implement a variable work hour program shall be at the sole discretion of the Department/Agency Head.
2. A Department/Agency Director may decide to cancel the program at any time, at which time the employees shall be assigned another work schedule. Cancellation will be preceded by a fourteen (14) calendar day notification.
3. Eligibility for variable work hours will be at the sole discretion of the Department/Agency Head.
4. On a compressed work week program, use of full vacation, sick or annual leave day will be charged according to the scheduled day; for instance, 10 hours will be charged to an employee on the 4/10 schedule, and, depending upon the scheduled hours of the employee, either 8 or 9 hours if scheduled to work the 9/80.

5. Any employee requesting change in a schedule or flexible working hours schedule will require his supervisor's approval, subject to management's review.
6. Any change in working hours schedule shall be at the sole discretion of the appropriate supervisor/manager.
7. Preference in selecting a day off, or variable hours starting and ending time, may be given to employees with ridesharing arrangements, or dependent care considerations. This is a guideline for use by managers in determining work flow and coverage issues.
8. Holidays represent leave with pay equivalent to the employee's regular work schedule for the day of the holiday.
9. Employees and managers/supervisors may be required to complete periodic surveys, to evaluate the effects of the program.
10. Employees participating in the program will be required to sign an agreement that they have read and understand the program.

Sec. 1007 **Low Census Time Off:** At the sole discretion of VCMC/SPH management, employees may be relieved from duty without pay at any time it is determined that the patient census is such that their services are not immediately necessary.

- A. Before employees covered by this Agreement are relieved from duty, and on a unit-by-unit (or if appropriate, specialty) basis, the following must first occur:
 1. Any registry employee working in the unit will be relieved from duty.
 2. Any extra-help, intermittent, or "Per Diem" employee working in the unit will be relieved from duty.
 3. Employees in the unit covered by this Agreement working a non-regularly scheduled shift may then be relieved from duty.

4. If deemed appropriate by Management, employees in the affected unit covered by this Agreement may then be assigned to "float" into other units.
 5. Employees in the unit covered by this Agreement working their regularly scheduled shift will then be polled to determine whether or not any of them wish to volunteer for relief from duty.
 6. Management will attempt to provide coverage for nurses' meal breaks, though VCMC is not obligated to fulfill a nurse's entire scheduled shift. To accomplish this, if deemed appropriate by management, nurses may be assigned to float outside their specialty unit/cluster, if they have the competencies to do so.
- B. Subject to legitimate patient care considerations as determined by VCMC Nursing Administration, those unit employees working their regularly scheduled shift remaining after management has undertaken the aforementioned actions will then be relieved from duty, provided, however, employees so relieved shall have the option of working at least 2 hours. It is not the intent of the County to use low census call off to lower the standards of quality patient care. Accurate records shall be kept reflecting the number of hours each regularly-assigned unit employee has been relieved from duty under this provision. The initial rotation shall be by alphabetical order. During the initial rotation, new unit employees shall go to the end of the alphabetical list. Upon completion of a full rotation, and subject to all other provisions of this section, Management shall then relieve from duty that employee who has the least amount of "lost" hours. After completion of the initial rotation, new unit employees shall become part of the system by being credited with the average of hours previously "lost" by other unit employees.
- C. For purposes of this Section only, and in lieu of overtime compensation as per Article 11, a VCMC employee may be allowed to accrue ("bank") a maximum of sixteen (16) previously worked overtime hours (resulting in a maximum "comp-time bank" of no more than twenty-four (24) hours). A VCMC employee relieved from duty pursuant to the provisions of this section on what would otherwise be his/her regularly scheduled shift shall be allowed to utilize these previously accrued "comp-time" hours to receive pay for that shift equal to that which the employee would have received had he/she not been so relieved from duty.

1. Hours accrued pursuant to the provisions of this subsection may be utilized for only the supplemental pay purpose reflected herein and may not be used for any other purpose.
 2. Any employee who terminates or who is terminated shall be paid for each hour remaining in his/her comp-time bank at the rate of pay in effect for such person on the last day actually worked or spent on authorized leave.
- D. For purposes of this Section only, a VCMC employee who is relieved from duty on what would otherwise be his/her regularly scheduled shift shall be allowed to utilize previously accrued vacation or annual leave hours in order to receive pay for that shift equal to that which the employee would have received had he/she not been so relieved from duty.
- E. For purposes of this Section only and for only those VCMC employees who possess Sick Leave banks, subsequent to use of all available previously accrued comp-time, vacation and annual leave hours, such an employee may, if relieved from duty on what would otherwise be his/her regularly scheduled shift, utilize previously accrued Sick Leave hours to receive pay for that shift equal to that which the employee would have received had he/she not been so relieved from duty.
- F. Any regularly scheduled employee who is not notified at least two (2) hours prior to the start of his/her scheduled shift of his/her relief from duty shall be allowed to report and work for at least two (2) hours.
- G. For purposes of this section only, the term "unit" shall mean any one of the following organizational entities at the VCMC:

The Emergency Department

Surgical Services

Pre-Anesthesia Care Unit (Pre-op)

Surgery

Post Anesthesia Care Unit (Post-op)

Day Surgery

GI Lab

Pediatrics

Neonatal Intensive Care Unit (including Intermediate and Intensive Care)

Maternal/Infant Unit

Labor and Delivery
Post Partum & Couplet
Transitional Care Unit
Med/Surg (including 3 West, 2 West and Telemetry)
Intensive Care (including Intensive Care and Definitive
Observation Unit (DOU)
Inpatient Psychiatric Care (including Assessment and Referral
and Acute Inpatient Care)
Ambulatory Care
Behavioral Health

Sec. 1008 **A. Meal Period:** All CNA-represented members who work a scheduled shift of five or more hours shall have one 30-minute unpaid/uninterrupted lunch period. If a CNA-represented member is required to work or be available to work during the lunch period, such lunch period shall be paid as time worked and shall be deemed as time worked for the purpose of overtime. Prior to working through lunch period, the CNA-represented member must notify their immediate manager or if off hours, the nursing supervisor, at which time authorization for overtime will be made. The overtime will not be paid if prior notification has not occurred. Reports regarding notification of missed lunch breaks will be reviewed by hospital nursing management on a monthly basis to determine staffing needs and the Patient Classification Committee, as needed.

B. Rest Period: VCMC/SPH management will make a good faith effort to give all CNA-represented members a paid fifteen (15) minute rest period for each five (5) hours worked.

Sec. 1009 **Rest Between Shifts:** If a nurse returns to work from on-call status, and there is less than a ten (10) hour interval between the conclusion of the "return to work" status and the start of her/his immediately following regularly scheduled shift, and s/he is too tired to work that shift, the nurse may request to be excused for part or all of that shift. A nurse's request to be excused for part of a shift shall be subject to mutual agreement between the nurse and the County, and shall not be unreasonably denied. Unless the nurse has requested to be excused, the nurse is expected to work her/his regular shift.

ARTICLE 11 OVERTIME

Sec. 1101 **Purpose:** To provide the basis for both calculation and payment of overtime in a manner that meets the requirements of the Fair Labor Standards Act (FLSA). No provision of this Article should be construed as a guarantee of hours of work per day/week/biweek nor of days of work per week/biweek.

Sec. 1102 **Policy-Limitation On Overtime:** It is the County's policy to avoid the necessity for overtime whenever and wherever possible. Overtime work may sometimes be necessary to meet emergency situations, seasonal or peak workload requirements. No employee shall work overtime unless authorized by his department head or designee. Procedures governing the authorization of overtime shall be established in accordance with the provisions herein.

Any employee who is FLSA exempt shall not be paid overtime of any type unless specifically provided herein.

Sec. 1103 **Definitions:** For purposes of this Article only:

- A. A "Designated Work Period" shall normally consist of seven (7) consecutive days (168 hours). Management reserves the right to designate the Work Period of each employee.
- B. "Overtime" is defined as time worked by an employee in excess of forty (40) hours in a 168-hour Designated Work Period.
- C. "Regular Hourly Rate of Pay" shall be in accord with the standard set by the FLSA, that is, the average amount of money earned per hour by an employee upon which overtime is based. As per the FLSA, this amount would typically include shift differentials, retroactive pay adjustments, educational and other incentives, standby time and special pay, but specifically excludes paid leave, discretionary bonuses, "fringe benefits", expense reimbursement and other, non-FLSA overtime payments.
- D. "Hours Worked" shall include paid assigned holidays, paid court appearances, and paid industrial leave as provided for by this Agreement.

- E. Effective September 28, 2014, "Hours Worked" shall include only hours actually worked and shall not include any form of paid leave.
- F. Effective September 28, 2014, "Time Worked" shall include, in addition to Hours Worked, paid assigned holidays, paid court appearances and paid industrial leave as provided for by this Agreement.

Sec. 1104 Compensation For Overtime Hours Worked - In General:

Except for those employees who are eligible for the payment of overtime under the provisions of Section 1105, regular full-time and less than full-time employees who are neither eligible for Administrative Leave nor considered as "exempt" employees under the provisions of the FLSA shall be paid in cash at a rate of one and one-half times their regular hourly rate of pay for all Hours Worked in excess of forty (40) hours during their Designated Work period.

An employee eligible for paid overtime under the provisions of this Section, may request and, subject to management approval, receive, the accumulation of compensatory time off in lieu of paid overtime, at the rate of one and one-half (1.5) hours of compensatory time off for each Hour Worked in excess of forty (40) hours during their Designated Work period. The maximum number of accumulated hours of compensatory time off shall not exceed 120 (80 hours of overtime times 1.5).

Effective September 28, 2014, an individual who elects to receive compensatory time off shall receive two-thirds of the entitled compensation as compensatory time off, subject to the limitations set forth above, and the remaining one-third in the form of a cash payment at the regular rate of pay.

Accumulated compensatory time off may be utilized subject to the following conditions:

- A. Accumulated compensatory time off may be taken off by an employee provided prior approval of department management has been received.
- B. Whenever any person is unable to take compensatory time off within the calendar year during which the overtime is earned, such compensatory time off may be either compensated for or carried over into the next calendar year. If such compensatory time off is carried over, it must be taken as compensatory time off during the

next year or, at the completion of the two (2) year period, it will be paid off at the base hourly rate then in effect.

- C. Any employee who terminates or is terminated, shall be paid the hourly rate for each hour of accrued compensatory time off. The compensation resulting from this provision shall be based upon the base hourly rate in effect for such person on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for overtime.

Sec. 1105 Contractual Overtime:

- A. Hours Worked in excess of FLSA maximums shall be paid based upon the FLSA definition of rate of pay. Contractual overtime payments shall be credited towards FLSA minimum overtime pay obligations where appropriate.
- B. Registered Nurse classifications who are assigned to the Ventura County Medical Center shall be paid in cash at a rate of one and one-half times their regular hourly rate of pay for all Hours Worked in excess of their scheduled shift.
- C. VCMC Psychiatric Unit employees shall receive overtime pay at the rate of one and one-half times their regular hourly rate of pay for all Hours Worked in excess of their regularly scheduled shift per twenty-four (24) hour period, or all Hours Worked in excess of forty (40) hours in their seven (7) day designated work period.
- D. Effective September 28, 2014, Sections 1105(B) and (C) above shall become inoperative and, instead, Contractual Overtime shall be paid as follows:
 - 1. For Time Worked in excess of forty (40) hours in a Designated Work Period.
 - 2. For Registered Nurse classifications who are assigned to the Ventura County Medical Center, for all Time Worked in excess of their scheduled shift.
 - 3. For employees assigned to the VCMC Psychiatric Unit, for all Time Worked in excess of their regularly scheduled shift per twenty-four (24) hour period.

- E. Effective September 28, 2014, compensation for Contractual Overtime as set forth in Section 1105(D), above, shall be paid at the rate of one and one-half (1.5) times the employee's contract rate of pay. Contract rate of pay shall include base hourly rate of pay, not taking into account the hourly pay increase set forth in Section 501-5 (Offsets). As an example, assume the employee's hourly contract rate of pay prior to that increase was \$40.00. Overtime covered by this provision would then still be paid at the rate of one and one-half times \$40.00, or \$60.00 per hour. Upon receiving the additional pay raise set forth in Section 501-1A (e.g., 1%), that \$40.00 per hour contract rate of pay would be increased by 1% to equal \$40.40 per hour, which rate would still not include the increase in base hourly rate of pay set forth above in Section 501-5 (Offsets).

ARTICLE 12

Sec. 1201 **Purpose:** To provide for granting time off with pay for employees who are not eligible to be compensated for overtime.

Sec. 1202 **Eligible Employees:** Any employee whose position is declared exempt under the provisions of the Fair Labor Standards Act is eligible for administrative leave.

Sec. 1203 **Granting Of Administrative Leave:** Employees shall be granted paid administrative leave upon approval of their supervisor in accordance with County policies and guidelines.

Administrative Leave may only be granted in increments of eight hours (or the regular shift) or more.

Sec. 1204 **Payment For Overtime Worked:** Nothing herein shall prevent the payment of straight cash compensation to employees eligible for administrative leave in times of stress or unusual workload situations. Such compensation shall require the authorization of the Board of Supervisors.

Sec. 1205 **Use, Accruals And Record Keeping:** Employees exempt from overtime shall not accrue or record hours worked beyond the regular workday or biweekly work period. Employees exempt from overtime shall be eligible to receive administrative leave for personal business in addition to vacation, sick leave and holidays. Administrative leave is not an accrual and has no cash value. It is not earned, but is allowed exempt employees, subject to supervisory scheduling.

Sec. 1206 **Adding Or Deleting Classifications Eligible For Administrative Leave:** Each party to this Agreement shall, upon notice from the other, promptly meet and confer with respect to proposed additions to or deletions of those classifications eligible for administrative leave

ARTICLE 13 ANNUAL LEAVE

- Sec. 1301 **Applicability:** The provisions of this Article shall apply only to those employees who were either hired on or after July 31, 1983, or those who, if hired prior to that date, then exercised their one-time irrevocable option on an individual basis to participate in the annual leave program.
- Sec. 1302 **Conflicting Articles Inapplicable:** Article 14 and Article 15 of this Agreement, both in whole or in part, except as otherwise provided herein, are not applicable to persons eligible for Annual Leave. Provisions of this Article are provided in lieu of the provisions of Article 14 and 15, except as provided in this Article.
- Sec. 1303 **Purpose:** To provide an annual leave policy, which prescribes the manner in which annual leave is accrued and utilized. Annual leave is only authorized for full-time or less than full-time and provisional employees.
- Sec. 1304 **Accrual Rates:** Full-time employees shall generally be entitled to the following leave accruals, subject to the limitations provided in this Article:

<u>Hours Of Compensable Service</u>	<u>Annual Leave Credit Earned Per Hour</u>
Less than 10,400 hours	.07692 Hours
10,400 but less than 22,880 hours	.09615 Hours
22,880 hours	.10000 Hours
24,960 hours	.10385 Hours
27,040 hours	.10769 Hours
29,120 hours	.11154 Hours
31,200 hours Or More	.11539 Hours

Annual leave is earned according to each biweekly pay period of service commencing with the hire date during his latest period of County employment.

- Sec. 1305 **Minimum Annual Leave Use:** During their first 2,080 hours of compensable service, employees shall not be required to use annual leave; thereafter, employees shall be required to use no less than ten (10) days of annual leave in each succeeding 2,080 hours of compensable service.
- Sec. 1306 **Annual Leave Redemption:** An employee may elect to receive cash in lieu of up to a maximum of eighty (80) hours of annual leave accruals at

the current hourly salary rate. Any such election shall be subject to the following conditions:

- A. Any employee wishing to receive cash in lieu of annual leave hours must submit an irrevocable written election by December 31 of the calendar year prior to the calendar year in which the employee wishes to redeem annual leave hours for cash.
- B. After a qualified election is made, employees may request cash-out payments during the calendar year for which the election was made by submitting requests for cash payment in the ordinary payroll process. An employee may make up to two requests per calendar year for cash payment in lieu of a combined annual maximum of eighty (80) hours of annual leave accrual. Only annual leave hours already accrued in the calendar year for which an election is made may be cashed out. Cash-outs for annual leave hours accrued in a prior calendar year are not allowed.

The Association and County agree that a temporary exception to the above requirement that only annual leave hours already accrued in the calendar year for which an election is made may be cashed-out shall apply to employees who submit a notice of intent to retire to the Ventura County Auditor-Controller's office in the calendar year in which the annual leave will be cashed-out. As such, if an employee has accrued less annual leave in a calendar year than she/he wishes to cash-out at a given time, the employee may cash-out annual leave hours carried over from a prior calendar year, if and only if the following conditions are met:

- 1. At the time the employee made an irrevocable election to receive cash in lieu of annual leave, the employee submitted a notice of intent to retire in the calendar year in which the annual leave will be cashed-out.
- 2. At the time the employee makes a request for cash out payments to be paid, the employee submit an irrevocable notice of resignation/retirement on a specified date in the calendar year during which the payment is to be made.
- 3. This exception will expire January 1, 2018, as to employees who are entitled to Tier I or safety retirement; and will expire December 31, 2020, as to employees entitled to Tier II retirement.

- C. An employee must use eighty (80) hours of accrued annual leave during the twelve (12) months immediately preceding a cash-out payment request. For this purpose, “use” shall mean actually taking time off work and being paid annual leave pay for such time off. If the employee has not used eighty (80) hours of accrued annual leave in the twelve (12) months immediately preceding the cash-out, the employee’s cash-out request shall be denied. If an employee is unable to cash-out by the final payroll processing period of the year because the employee has not used the required eighty (80) hours in the preceding twelve (12) months, the employee shall, for tax purposes, be considered to have had the unlimited right to cash out the amount of accrued leave the employee had elected to redeem for cash.

If an employee is unable meet the eighty (80) hour usage requirement necessary to cash-out annual leave by the end of the election year as a result of the denial of a written request (or requests) to use annual leave, the employee’s election shall be deemed null and void, no cash-out shall be allowed, and the employee shall not have taxes reported or withheld on the value of the annual leave hours that the employee had been eligible to receive. In order to request that an election be deemed null and void, the sum total of both the hours requested in the denials and actual annual leave hours utilized by the employee in the election year must equal at minimum 80 hours. It is the responsibility of the employee to submit the written denials to the Auditor-Controller’s Office at the time the request is made to void the election.

- D. If an employee fails to request cash payment for the total annual leave hours elected for cash-out, the employer shall unilaterally cash out the elected annual leave hours to the extent that an employee has accrued leave available before December 31 of the calendar year.
- E. Annual leave hours used for paid time off will be deducted first from annual leave hours accrued in prior calendar years, and last from annual leave hours accrued in the current calendar year.
- F. Employees who are eligible for annual leave redemption and do not make an affirmative election by the end of the calendar year shall

be deemed to have irrevocably elected not to redeem annual leave for cash in the subsequent calendar year.

- G. Employees who experience an unforeseeable emergency may be permitted to make a new irrevocable election and redeem annual leave hours for cash (or to increase the amount of a previous election) during the calendar year in which the unforeseeable emergency occurs. For these purposes, “unforeseeable emergency” means a severe financial hardship to the employee resulting from an illness or accident of the employee, the employee’s spouse, or a dependent of the employee, loss of the employee’s property due to casualty, or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the participant. The amount of such new election (or increase in a prior election) shall be limited to the amount necessary to satisfy the unforeseeable emergency plus an amount necessary to pay taxes reasonably anticipated as a result of the cash-out, after taking into account the extent to which the hardship is or may be relieved through reimbursement or compensation by insurance or otherwise or by liquidation of the employee’s assets (to the extent that liquidation of the employee’s assets would not itself cause severe financial hardship). Whether an occurrence is an unforeseeable emergency shall be determined by the auditor-controller’s office in its sole discretion.
- H. The Human Resources Division and Auditor-Controller’s Office shall develop forms and procedures for implementation of this program.

Sec. 1307 **Advanced Annual Leave Credit:** New full-time regular employees shall receive 43.07 hours of advanced annual leave accruals as of the date of hire. Said annual leave advancement shall be balanced upon completion of 560 hours of compensable service or upon earlier separation.

Sec. 1308 **Annual Leave Usage:**

- A. Each Department/Agency head shall be responsible for scheduling the annual leave periods of his employees in such a manner as to achieve the most efficient functioning of the department or agency and of the County service. The appointing authority shall determine when annual leave will be taken.

- B. Employees claiming illness or injury as grounds for unscheduled usage of annual leave may be required to furnish a certificate issued by a licensed physician or nurse or other satisfactory evidence of illness. Any person absent from work shall notify his department or agency head on the first day of such leave and as often thereafter as directed by his agency or department head. The Director - Human Resources or the Department/Agency Head may request that a medically trained employee verify the employee's illness by a visit to the employee's residence.
- C. An employee absent due to his illness or injury for more than five (5) consecutive work days shall not be entitled to use annual leave for his absence on any day after the five (5) days unless and until he presents to his appointing authority a certificate signed by his physician stating that he was ill or injured on each day of such absence. Any employee absent for a period of five (5) consecutive workdays due to illness or accident may, at the discretion of his appointing authority or the Director - Human Resources be required to take a physical examination before returning to active duty. Such physical examination shall be performed by a physician designated by the Director - Human Resources and shall be at County expense.

Sec. 1309 **Pay For Annual Leave On Termination:** Any employee who terminates or who is terminated shall be paid at the then prevailing hourly rate of pay for each hour earned of annual leave based on the pay rate in effect for such person on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for overtime.

Sec. 1310 **Rate Of Pay/Salary While On Annual Leave:** While on annual leave, employees shall be compensated at the same pay/salary rate they would have received if they had been on the job.

Sec. 1311 **Annual Leave While On Temporary Disability Leave Without Pay:** An employee who is on temporary disability leave of absence without pay as provided for in this Agreement, shall accrue annual leave during the period he is on such temporary disability leave without pay.

Sec. 1312 **Use Of Annual Leave When Permanently Incapacitated:** Annual leave shall not be used to continue the pay/salary of any employee after it has been determined by the County's Employee Health Services physician that such employee is permanently incapacitated for a return to County employment and is eligible for retirement. Annual leave credits may be

utilized by such employee until such a determination has been made and appropriate action has been taken by the Ventura County Retirement Board.

Sec. 1313 **Coordination With Disability Benefits:** An employee may use accrued Annual Leave hours in conjunction with either State Disability Insurance or the County's Long Term Disability Program in order to receive an amount equal to the biweekly rate of pay the employee would have otherwise received had he/she actually worked his/her normal schedule.

Sec. 1314 **Long Term Disability Plan:**

- A. The County will continue to provide a Long-Term Disability Plan for full-time employees. In addition, those less than full-time employees who were covered by this plan prior to September 6, 1987 shall continue to receive coverage.
- B. The Long-Term Disability Plan shall have a waiting period of thirty (30) calendar days before the benefits shall be extended to an employee. The benefits shall continue to a maximum of two (2) years for illness or five (5) years for injury. The maximum allowable benefits shall be 60% of the first \$3,500 of the monthly salary or a \$2,100 maximum monthly benefit subject to the terms and conditions of the Long-Term Disability Plan.
- C. Employees shall use any remaining sick leave accruals in excess of three hundred and sixty (360) hours before becoming eligible for disability income protection benefits.

Sec. 1315 **Coordination With Sick Leave:**

- A. Employees may continue to maintain their sick leave accrual banks in effect at the time of implementation of the annual leave program.
- B. The provisions of Sections 1504 and 1508 of this Agreement are incorporated into this Article and subsection by reference.
- C. Employees desiring unscheduled time off shall use accumulated sick leave prior to using annual leave.

Sec. 1316 **Maximum Accrual:** Employees hired on or before June 21, 1981, shall not accumulate more than six hundred (600) hours of annual leave. Employees hired after June 21, 1981, shall accumulate no more than the following listed levels:

Hours Of
Compensable Service

Maximum
Accumulation

Less than 10,400 hours

400 hours maximum

10,400 but less than 31,200 hours

500 hours maximum

31,200 or more hours of compensable service

600 hours maximum

It is the mutual responsibility of the employee and the department/ agency head to insure that no employee shall exceed said maximum accrual.

ARTICLE 14 VACATION

Sec. 1401 **Vacation Usage:** Each department or agency head shall be responsible for scheduling the vacation periods of his employees in such a manner as to achieve the most efficient functioning of the department or agency and the County service. The granting of a vacation period less than the employee's annual entitlement is to be discouraged so that the full benefit of the vacation plan can be realized by each employee. The appointing authority shall determine when vacations will be taken.

Sec. 1402 **Vacation Accrual:** Regular employees shall accrue hours of vacation with pay for each hour of compensation to a maximum of eighty (80) hours per biweekly work period according to the following schedule, commencing with the employee's hire date of his latest period of County employment.

A. Vacation credits are earned as follows:

<u>Hours Of Compensable Service</u>	<u>Vacation Credit Earned Per Hour</u>
- Less than 10,400 hours	.05386 hours
- 10,400 but less than 22,880 hours	.07313 hours
- 22,880 hours	.07688 hours
- 24,960 hours	.08075 hours
- 27,040 hours	.08463 hours
- 29,120 hours	.08850 hours
- 31,200 hours	.09225 hours

B. Vacation Credit Accumulation - Vacation credit shall not be accumulated beyond four hundred (400) hours. For employees with 20,800 hours of compensable County service, vacation credit shall not be accumulated beyond four hundred and forty (440) hours.

Sec. 1403 **Vacation Redemption:** After completing 20,800 hours of compensable service, an employee may elect to receive cash in lieu of up to eighty (80) hours of vacation accrual at the current hourly salary rate. Any such election shall be subject to the following conditions:

A. Any employee wishing to receive cash in lieu of vacation hours must submit an irrevocable written election by December 31 of the calendar year prior to the calendar year in which the employee wishes to redeem vacation hours for cash.

- B. After a qualified election is made, employees may request cash-out payments during the calendar year for which the election was made by submitting requests for cash payment in the ordinary payroll process. An employee may make up to two requests per calendar year for cash payment in lieu of a combined annual maximum of eighty (80) hours of vacation accrual. Only vacation hours already accrued in the calendar year for which an election is made may be cashed out. Cash-outs for vacation hours accrued in a prior calendar year are not allowed.

The Association and County agree that a temporary exception to the above requirement that only vacation hours already accrued in the calendar year for which an election is made may be cashed-out shall apply to employees who submit a notice of intent to retire to the Ventura County Auditor-Controller's office in the calendar year in which the vacation will be cashed-out. As such, if an employee has accrued less vacation in a calendar year than she/he wishes to cash-out at a given time, the employee may cash-out vacation hours carried over from a prior calendar year, if and only if the following conditions are met:

1. At the time the employee made an irrevocable election to receive cash in lieu of vacation, the employee submitted a notice of intent to retire in the calendar year in which the vacation will be cashed-out.
 2. At the time the employee makes a request for cash out payments to be paid, the employee submit an irrevocable notice of resignation/retirement on a specified date in the calendar year during which the payment is to be made.
 3. This exception will expire January 1, 2018, as to employees who are entitled to Tier I or safety retirement; and will expire December 31, 2020, as to employees entitled to Tier II retirement.
- C. An employee must use eighty (80) hours of accrued vacation during the twelve (12) months immediately preceding a cash-out payment request. For this purpose, "use" shall mean actually taking time off work and being paid vacation pay for such time off. If the employee has not used eighty (80) hours of accrued vacation in the twelve (12) months immediately preceding the cash-out, the employee's cash-out request shall be denied. If an employee is unable to cash-out by the final payroll processing period of the year because the

employee has not used the required eighty (80) hours in the preceding 12 months, the employee shall, for tax purposes, be considered to have had the unlimited right to cash out the amount of accrued vacation the employee had elected to redeem for cash.

If an employee is unable meet the eighty (80) hour usage requirement necessary to cash-out vacation by the end of the election year as a result of the denial of a written request (or requests) to use vacation, the employee's election shall be deemed null and void, no cash-out shall be allowed, and the employee shall not have taxes reported or withheld on the value of the vacation hours that the employee had been eligible to receive. In order to request that an election be deemed null and void, the sum total of both the hours requested in the denials and actual vacation hours utilized by the employee in the election year must equal at minimum 80 hours. It is the responsibility of the employee to submit the written denials to the Auditor-Controller's Office at the time the request is made to void the election.

- D. If an employee fails to request cash payment for the total vacation hours elected for cash-out, the employer shall unilaterally cash out the elected vacation hours to the extent that an employee has accrued vacation available before December 31 of the calendar year.
- E. Vacation hours used for paid time off will be deducted first from vacation hours accrued in prior calendar years, and last from vacation hours accrued in the current calendar year.
- F. Employees who are eligible for vacation redemption and do not make an affirmative election by the end of the calendar year shall be deemed to have irrevocably elected not to redeem vacation for cash in the subsequent calendar year.
- G. Employees who experience an unforeseeable emergency may be permitted to make a new irrevocable election and redeem vacation hours for cash (or to increase the amount of a previous election) during the calendar year in which the unforeseeable emergency occurs. For these purposes, "unforeseeable emergency" means a severe financial hardship to the employee resulting from an illness or accident of the employee, the employee's spouse, or a dependent of the employee, loss of the employee's property due to casualty, or other similar extraordinary and unforeseeable

circumstances arising as a result of events beyond the control of the participant. The amount of such new election (or increase in a prior election) shall be limited to the amount necessary to satisfy the unforeseeable emergency plus an amount necessary to pay taxes reasonably anticipated as a result of the cash-out, after taking into account the extent to which the hardship is or may be relieved through reimbursement or compensation by insurance or otherwise or by liquidation of the employee's assets (to the extent that liquidation of the employee's assets would not itself cause severe financial hardship). Whether an occurrence is an unforeseeable emergency shall be determined by the auditor-controller's office in its sole discretion.

- H. The Human Resources Division and Auditor-Controller's Office shall develop forms and procedures for implementation of this program.
- I. Either party may request a review of this program. Upon such a request, the parties agree to meet promptly.

- Sec. 1404 **Vacation Payoff On Retirement Or Termination:** Any employee who terminates or is terminated shall be paid the hourly equivalent of his salary for each hour of earned vacation based on the salary rate in effect for such person on the last day actually worked, spent on authorized leave, or spent on authorized time off as compensation for overtime.
- Sec. 1405 **Vacation Benefits For Less Than Full-Time Employees:** Regular less than full-time employees shall be eligible for vacation benefits. Accruals usage and maximum accruals of said benefits shall be governed by the same rules and regulations applicable to regular, full-time employees.
- Sec. 1406 **Rate Of Pay/Salary While On Vacation:** While on vacation, employees shall be compensated at the same pay/salary rate they would have received if they had been on the job.
- Sec. 1407 **Coordination With Disability Benefits:** An employee may use accrued vacation hours in conjunction with either State Disability Insurance or the County's Long Term Disability Program in order to receive an amount equal to the biweekly rate of pay the employee would have otherwise received had he/she actually worked his/her normal schedule.

Sec. 1408 **Ineligibility For Benefits:** Provisions of this Article are not applicable to employees eligible for annual leave, pursuant to Article 13 of this Agreement.

Sec. 1504 **Departmental/Agency Responsibility For Administration:** Each agency or department head shall be responsible for control and use of sick leave privileges. Employees utilizing sick leave may be required to furnish a certificate issued by a licensed physician or nurse, or other satisfactory evidence of illness. Any person absent from work on sick leave shall notify his department or agency head on the first day of such leave and as often thereafter as directed by his agency or department head. The Director - Human Resources or the department or agency head may request that a medically trained employee verify the employee's illness by a visit to the employee's residence.

Sec. 1505 **Physician's Certificate And Examination Following Absence From Duty:** An employee absent due to his illness or injury for more than five (5) consecutive work days may not be entitled to use sick leave credits for his absence on any day after the five days unless and until he presents to his appointing authority a certificate signed by his physician stating that he was ill or injured on each day of such absence. Any employee absent for a period of seven (7) consecutive calendar days due to illness or accident may, at the discretion of his appointing authority or the Director - Human Resources, be required to take a physical examination before returning to active duty. Such physical examination shall be performed by a physician designated by the Director - Human Resources and shall be at County expense.

Sec. 1506 **Cancellation Of Sick Leave On Termination:** Termination of the continuous service of an employee, except by reason of layoff, shall result in cancellation of all sick leave accrued by him at the time of such termination irrespective of whether or not such a person is subsequently employed by the County.

ARTICLE 16

HOLIDAYS

Sec. 1601 **Holiday Policy:** Paid holidays shall be authorized only for regular full-time, regular less than full-time, and provisional employees. To be entitled to pay for such paid holidays, an employee must be entitled to compensation for his regularly scheduled shift both the day before and the day after such paid holiday.

Sec. 1602 **Paid Assigned Holidays:**

For those employees regularly scheduled to work Saturday and/or Sunday, the paid assigned holiday shall be the day on which the holiday actually occurs.

- A. In addition to the holidays listed above, on January 1st of each year, each regular, full-time employee covered under the terms of this Agreement shall be granted floating holiday leave hours equivalent to the employee's standard daily work schedule. The purpose of granting annual floating holiday leave hours is to provide employees with an additional day off with pay. Therefore, an employee's annual floating holiday leave hours shall be utilized in their entirety to cover a single day's absence. In no instance will an employee be allowed to split his annual allowance of floating holiday leave hours over multiple days.

- B. Regular less than full-time employees shall be granted the leave provided under (A) above on a pro rata basis.

Sec. 1603 **Holiday Pay:** Effective January 19, 2003, if a holiday falls within a biweekly pay period in which an employee is compensated, then such employee shall be given leave with pay for each holiday occurring within the biweekly pay period. This determination may be made by the employee and the employee's physician or, if the appointing authority requests, the determination may be made by the County's physician in consultation with the employee's physician and the employee. The determination as to when an employee is to begin pregnancy disability leave shall be made on the basis of the following:

PROBATIONARY PERIOD

Sec. 2001 **Length Of Probationary Period:** The probationary period is one thousand and forty (1,040) compensable hours, exclusive of overtime and any hours an employee is on a leave of absence. If federal, state or local law requires a longer probationary period, such law shall prevail. The probationary period for a less than full-time employee shall be the same as a fulltime employee.

Sec. 2002 **Employees Who Must Serve Probationary Periods:** The following employees shall serve probationary periods:

1. Newly hired employees.
2. Employees who are promoted.
3. Persons appointed from reemployment or classification reinstatement eligible lists. However, persons reemployed following layoff or reinstated to a formerly held classification following a reduction in force who are so reemployed or reinstated within ninety (90) calendar days of such layoff or demotion and who are reemployed or reinstated within the agency/department in which they were employed immediately prior to demotion or layoff shall not serve a new probationary period.
4. Persons appointed from County service reinstatement eligible lists.

Prior service in an extra help status shall not be considered part of the probationary period. Prior service in a Manpower training/work program shall be considered part of the probationary period only if such service was performed within the same classification and within the same department/agency in which such employee is employed.

Sec. 2003 **Extension Of Probationary Period:** Employees serving a probationary period may request and the Department/Agency Head on his own initiative may authorize an extension of the probationary period of an additional 80 to 1,040 hours of compensable service in 80-hour increments where insufficient training, marginal performance and other related factors warrant such extension. This authorization shall be in writing. The Department/Agency Head shall notify to the Director - Human Resources and the employee of any extension and the reasons therefore.

Where Management is considering the extension of an employee's probationary period, such employee shall be informed of his right to representation at a meeting to discuss the extension of the probation period. The Director - Human Resources shall notify the appointing authority immediately in writing of any misrepresentation of fact or false statement made by a probationary employee relating to that employee's obtaining employment with the County.

Sec. 2005 **Return To Previous Position:** A promoted employee who is dismissed during his probationary period, except if the cause warrants action to dismiss him from the County Service, shall return to the position in which he held permanent status, if vacant, or any other vacant position in his former classification unless all positions in that classification are filled. The employee so dismissed may write a letter for inclusion in his permanent personnel file. Upon a return to his former position in the same agency or department, the employee shall not serve a new probationary period. In the absence of such vacancy in the agency or department in which he held permanent status, the dismissed probationary employee may either:

- A. Accept a position in the same class in another department or agency if a vacancy exists, and serve another probationary period; or,
- B. Accept a voluntary demotion to a lower classification within the same series within the department or agency in which he held permanent status, with the right to be restored to his original classification when the first vacancy occurs. He need not serve a new probationary period if he accepts a voluntary demotion.
- C. When an employee takes a probationary demotion to a lower related class in which a probationary period has not previously been served, such employee shall be required to begin a new probationary period.

ARTICLE 21

Space shall be provided on the performance evaluation form for the employee to sign, signifying that he has read the supervisor's comments. Space will also be provided so that employees may give related comments of their own relative to the performance evaluation. The opportunity to sign and comment shall be provided prior to the time that the evaluation form is forwarded to the division, department or agency head, the employee's personnel file, or to the Director - Human Resources. If inadequate space is available on the performance evaluation form, an attachment may be added by the employee.

Sec. 2103 **Confidentiality Of Performance Evaluations:** Performance evaluation reports shall be confidential and shall be made available as required to the employee, appointing authority, Director - Human Resources , and the Arbitrator. - Sec. 2202 **Unfavorable Reports On Performance (Written Reprimands):** If upon such counseling an employee's performance does not improve and disciplinary action could result, a written report shall be prepared by the supervisor, including specific suggestions for corrective actions, if appropriate. A copy shall be given to the employee and a copy filed in his Human Resources file. Provided no additional report has been issued during the intervening period, each report shall be removed from the employee's file at the end of two (2) years if requested by the employee. No material relating to performance appraisal, salary action or disciplinary action shall be placed in the personnel file of an employee without the employee first being given an opportunity to read such material. The employee shall acknowledge that he has read such material by affixing his signature on the material to be filed with the understanding that, although such signature indicates acknowledgement, it does not necessarily indicate agreement. If the employee refuses to sign the material, it shall be placed in his personnel file with an appropriate notation by the person filing it.
- Sec. 2302 **Full Right Of Inspection Of Employee Personnel File:** An employee or (upon written designation of the employee) his CNA representative shall have the right to inspect the contents of his personnel file.

Employees eligible for, and who participate in, the 401(k) Plan may contribute the maximum allowable limits as stated in the deferred compensation plan documents but must contribute at least one and one-half percent (1.5%) of salary and the County shall match one and one-half percent (1.5%).

Effective March 22, 2020, for any employee who contributes two percent (2.0%) of salary, the County shall match two percent (2.0%).

Sec. 2402 **Serving As Witness:** No deductions shall be made from the salary of a regular employee for an absence from work when subpoenaed to appear in court as a witness, other than as a litigant.

Sec. 2403 **Jury Service:** No deductions shall be made from the salary of a regular employee absent from work when required to appear in court as a juror. When possible to do so, employees shall provide advance notification of any anticipated absence to their immediate supervisor and shall receive no more than eight (8) hours of jury pay per day of service. For purposes of this Section, "salary" shall include for those who are regularly scheduled on the night shift, Evening and Night Shift Differential Premium Pay Section 603.

Any employee scheduled to work a twelve-hour shift who serves on jury service, may upon their release from jury service complete their scheduled shift depending on the needs of the department and provided that their supervisor grants approval prior to the employee beginning work. Such employees may complete their weekly scheduled hours depending on the needs of the department and with prior approval from their supervisor provided that such hours are completed within the same work week as originally scheduled. Alternatively, a 12-hour employee may elect to use annual leave to compensate for time lost while on jury duty. An employee may take leave without pay with the understanding that leave without pay may result in a loss of benefits, including but not limited to Flexible Credit Allowance, leave accrual, or continuous service time. This provision is in no way meant to be a guarantee of work.

If a CNA represented employee, who is regularly scheduled on the night shift, is summoned for jury services they will be paid night shift differential for the hours of jury duty they serve.

- Sec. 2404 **Parking Space:** The County shall attempt to provide adequate parking facilities for employees within a reasonable distance of their work locations. At the discretion of the Appointing Authority, employees may be required to utilize alternative forms of transportation to come to work for a minimum of two (2) days each week. Such leave may be taken while utilizing Textbook and Tuition Reimbursement. The approval and scheduling of such time off with pay by a department head is predicated on the availability of adequate staffing.
- Nurses who have hours that will be impacted by the change from fiscal to calendar year will be allowed to roll over the remaining balance of hours (up to a maximum of 40 hours) after January 2006. The rolled over hours must be utilized by July 1, 2006.
- Sec. 2408 **In-Service Training For Nurses:** The Health Care Agency will attempt, through its Staff Development Program, to provide the In-Service Nursing Education required by statute (AB 449 of 1972). Sec. 2409 **Operating Room Leave:** Operating room nurses who in the preceding twenty-four (24) hours worked a minimum of fourteen (14) hours or six (6) hours in the immediately preceding twelve (12) hours may, with the approval of the appointing authority, not be required to report for their next shift and such time off may be taken as leave without pay and not charged to accrued annual leave, vacation or sick leave.

Such leave without pay will be considered as time entitled to compensation only for purposes of applying Section 1601 (Holiday Policy), allowing employees who use this option to still receive their holiday pay.

Sec. 2410 **License Reimbursement - Nurses And Specified Technician Classes:** The County shall reimburse employees in the below listed classifications for State required, job related licenses provided, however, that the Director, Health Care Agency determines that such licenses are necessary to meet the requirements of the position(s). - Sec. 2501 **Definition:** A transfer is a change from one department or agency to another in the same or similar classification, or a change from one class to a similar class within a County department or agency.
- Sec. 2502 **Notice of Vacant Positions:** Job announcements for bargaining unit vacancies that are to be filled, shall be posted for a minimum of 14 calendar days in each unit or department, cafeteria area and the County Human Resources website.
- Sec. 2503 **Minimum Qualifications:** A person must meet the minimum qualifications of the classification to which he is to be transferred. Employees who have not completed their probationary period shall not be eligible for transfer.
- Sec. 2504 **Pay/Salary Rate And Merit Increase Hours Needed On Transfer:** If the transfer occurs within the County Service, there shall be no change in salary rate. Any regular employee may be transferred from one position to another in either the same classification or to one which has the same salary range. An employee so transferred shall not have his merit increase hours needed reset.
- Sec. 2505 **Probationary Period On Transfer:** If transfer occurs within the County Service, the employee shall not be required to serve another probationary period.
- Sec. 2506 **Approval Of Transfer:** All transfers must have the written approval of the appointing authorities concerned and the Director - Human Resources.
- Sec. 2507 **Written Request For Transfer:** Any employee wanting to transfer shall submit a request in writing to the Director - Human Resources indicating his desire to transfer, his present classification, and any other special consideration or limitation regarding a possible transfer.
- Sec. 2508 **Consideration For Appointment Of Person Requesting Transfer:** Whenever the Director - Human Resources receives a request for certification of eligibles to an appointing authority, all persons who, within one (1) year from the date of the certification request, have requested a transfer shall have their names submitted to the appointing authority for consideration for appointment and shall be so notified. Such consideration

shall be made in accordance with the provision of Section 809 of the Ventura County Personnel Rules and Regulations.

Sec. 2509 **Transfer Within Department/Agency:** An employee desiring transfer or reassignment to another position within the same Department/Agency may request consideration for transfer, in writing on the designate form, to the Health Care Agency personnel officer. This form will be retained and valid for six (6) months or until position/assignment is filled, whichever occurs first.

When a vacancy occurs and is posted, if there is more than one qualified candidate (considering competencies, skills, experience, and abilities) each candidate will be given equal consideration as determined by nursing administration. All things being equal, years of service will be the determining factor.

Sec. 2510 **Duration Of Transfer Request:** Except as provided in Section 2508 and notwithstanding any other consideration, a transfer request shall not be honored for more than one (1) year. In addition, a transfer request may be invalidated for any of the following reasons:

- A. The person has accepted a transfer which resulted from the specific transfer request.
- B. The person no longer has status in the County service as a regular employee.
- C. The person requests that his name be removed from consideration.
- D. The person refuses an offer of appointment.
- E. The person is refused appointment by three (3) appointing authorities.
- F. The person fails to appear for a selection interview once he has been notified of his eligibility for consideration.

Sec. 2511 **Pay/Salary Rate And Merit Increase Hours Needed On Involuntary Transfer:** Whenever an employee is involuntarily transferred to a different position in a different classification having the same salary range as his former position, he shall retain his salary rate and his merit increase hours needed will not be reset.

Sec. 2512 **Transfer To Fixed Term Positions:** Regular employees shall have the opportunity to apply for and transfer to fixed term positions without losing their rights to a regular position. ARTICLE 26
REDUCTIONS IN FORCE

Sec. 2601 **Layoff Procedure:** Whenever there is a reduction in force, one or all of the following may occur, until the situation which necessitated the reduction in force has been eliminated:

- A. All incentive or differential payments to existing employees shall cease.
- B. Except for emergency situations as declared by the County, no overtime will be authorized.
- C. All merit increases may be delayed for 2,080 hours.
- D. Employees shall be laid off in the following order:
 - 1. Extra help employees
 - 2. Provisional employees
 - 3. Fixed term (only those positions filled with Regular and Regular Probationary employees)
 - 4. Temporarily promoted employees
 - 5. Probationary employees
 - 6. Employees who, within the twenty-six (26) pay periods immediately prior to the layoff, have received a disciplinary suspension of more than one (1) day, demotion or reduction in pay equal to a suspension of more than one (1) day. If an employee has been demoted as a result of this provision then, for further reduction in force decisions, such disciplinary action will not be considered.
 - 7. Regular employees.
- E. Upon request of the affected employee, CEO/HR shall provide a written explanation of the final determination of the reduction in force.

So that CNA and all potentially affected employees may properly monitor application of the procedure set forth herein, the County shall, whenever possible, notify CNA and all such potentially affected employees of its intention to utilize this procedure at least four (4) weeks prior to the actual occurrence of layoff.

Sec. 2602 **Seniority:** "Seniority" shall be determined by each employee's "continuous service" with the County. All uninterrupted employment (including all time served as a provisional, probationary, limited term or regular less than full-time employee) shall be counted as continuous service for purposes of calculating seniority. A separation from the County service shall be the only cause for a break in continuous service, provided, however, a separation of three (3) or fewer days shall not constitute such a break. There shall be no "bridging" with prior County service for purposes of establishing seniority or calculating continuous service. An authorized leave of absence shall not constitute a break in service, but no time spent on an authorized leave of absence shall count towards continuous service and all seniority shall be adjusted by an amount of time equal to the time spent on such leave of absence.

Sec. 2603 **Order Of Layoff:** For purposes of this Article only, and as per Section 2610, each Department within HCA and each unit within VCMC/SPH shall be considered as separate and distinct organizational entities. The determination of which employee(s) shall be laid off shall be made within each Department (or in the case of VCMC/SPH, within each unit) on a classification-by-classification basis. The County shall designate the classification(s) to be affected. The order of layoff shall be determined by length of seniority and shall be in reverse order of seniority status. If two (2) or more employees have identical seniority, then such employee(s) shall be laid off in the order determined by the appointing authority.

Whenever a Department Head believes that the best interest of the Department requires the retention of an employee with special qualifications, skills, abilities or fitness for his/her position, the Department Head may prepare a written request to the Director - Human Resources to grant an exemption to the order of layoff. Subsequent to conducting a review of the request, the Human Resources Director shall forward the request, together with his recommendation, to the County Executive Officer for final action.

Sec. 2604 **Transfer In Lieu Of Demotion:** A regular employee who is to be laid off shall have the right to transfer and/or voluntarily demote and transfer to any vacant position in his/her department within a classification for which he is qualified. The provisions of this Agreement shall govern such transfers and/or voluntary demotions and transfers. If there are two (2) or more employees to be laid off and they opt to exercise this right and request to transfer and/or demote and transfer to the same vacant position, then the employee with the greatest seniority shall have the right to fill such vacancy(ies). If the seniority status of these employees is

equal, the Appointing Authority shall then have the right to fill such vacancy as he/she desires.

Sec. 2605 Demotion In Lieu Of Layoff (Bumping):

- A. If there are no vacant positions to which a regular employee who is to be laid off can transfer and/or demote and transfer as per 2604, then such regular employee shall have the right to demote to any position within his department (or, in the case of a VCMC/SPH employee, his/her unit) within a classification in which that employee previously held permanent status. Such "bumping" is restricted to positions within the department, or in the case of VCMC/SPH, to positions within the Unit, in which the employee is employed, provided, however, VCMC/SPH employees may "bump" into other units as per subsection "B" of this section. "Bumping" shall not be restricted to classes within the bargaining unit covered by this Agreement. Should an employee bump into a position within a classification in a bargaining unit covered by another Agreement, then the layoff procedures applicable to that classification's bargaining unit shall then become controlling. There does not need to be a vacant position within the classification for an employee to exercise this right. If, as a result of the exercise of this right, layoffs must occur in the classification to which that employee was demoted, then such layoff shall be made in accordance with the provisions of the Agreement which is controlling for that classification.
- B. If a VCMC/SPH employee is deemed "qualified" by VCMC's Director of Nursing, he/she may then utilize his/her seniority to "bump" into VCMC/SPH Units other than the one in which he/she was employed at the time of lay-off. For purposes of this subsection only, such a VCMC/SPH employee "bump" shall also include movement to the same classification within another VCMC/SPH unit. The determination as to whether or not an employee is "qualified" shall be at the sole discretion of the VCMC/SPH Director of Nursing who shall be guided by the subject employee's recency of relevant experience, continuing relevant education, and the possession of current and relevant certifications and/or licenses. Subsequent to the aforementioned determination by the Director of Nursing, such employee must then demonstrate that he/she is fully competent in the new unit after an orientation period of no less than two (2) weeks duration. If an

employee is not deemed fully competent at the end of the orientation period, then he/she shall be laid off and placed on the appropriate lists as per sections 2606 and 2607. This subsection shall be applied only when VCMC/SPH employees are being both laid off from classifications covered by this Agreement and "bumping" into other classifications covered by this Agreement.

Sec. 2606 **Reemployment:** All persons who have been laid off as a result of a reduction in workforce shall have their names placed on a Reemployment Eligible List for the classification in which they were employed immediately prior to being laid off. There shall be two (2) Reemployment Eligible Lists: one which includes only the names of the laid off employees within the department (or, in the case of VCMC/SPH , within the unit), and the other which has the names of all other HCA (or, in the case of VCMC/SPH, department) employees who were laid off. The HCA Department and VCMC/SPH Unit Reemployment lists shall have priority over (respectively) the HCA Agency and VCMC/SPH Department Reemployment lists. Eligibles on Reemployment Lists shall be ranked in reverse order of their order of lay-off. Each person's name shall remain on such lists for a period of two (2) years following the date that their name was placed on such eligible list, or until they have been reemployed, or until their name has been removed from the eligible list in accordance with the provisions of Section 716 of the Ventura County Personnel Rules and Regulations, whichever occurs first. Eligibles on the Reemployment List shall be reappointed to vacant positions as they occur in the classification and department (or, in the case of VCMC/SPH, in the classification and unit) in which they were employed immediately prior to layoff. Such eligibles may be interviewed for consideration for appointment to vacant positions in other departments or units in the classification in which they were employed immediately prior to layoff.

Sec. 2607 **Classification Reinstatement:** All employees who have demoted to a lower classification as a result of a reduction in workforce shall have their names placed on a Classification Reinstatement List for the classification from which they were demoted. There shall be two (2) Classification Reinstatement Lists: one which includes only the names of the demoted employees within the department (or, in the case of VCMC/SPH , within the unit), and the other which has the names of all other HCA (or, in the case of VCMC/SPH, Department) employees who were demoted from the specific classification. The HCA department and the VCMC/SPH Unit Classification Reinstatement lists shall have priority (respectively) over HCA Agency and VCMC/SPH Department Classification Reinstatement lists. Eligibles on the Classification Reinstatement Lists shall be ranked in

reverse order of the order of their demotions. Each person's name may remain on such lists for a period of two (2) years following the date that their name was placed on such eligible list, or until they have been reinstated to the classification from which they were demoted, or until their name has been removed from the eligible list in accordance with the provisions of Section 716 of the Ventura County Personnel Rules and Regulations, whichever occurs first. To remain on a Classification Reinstatement List, a person must maintain status as an HCA employee. Eligibles on the Classification Reinstatement List shall be reappointed to vacant positions as they occur in the classification in the department (or, in the case of VCMC/SPH, in the Unit) in which they were employed immediately prior to layoff. Such eligibles may be interviewed for consideration for reappointment to vacant positions in other departments or units in the classification in which they were employed immediately prior to layoff.

Sec. 2608 Restoration Of Benefits:

- A. Sick Leave - For laid off employees, sick leave accruals shall remain on the books and be reinstated if such employees are reappointed. Whenever a person becomes ineligible for reemployment and such person has not been reemployed, then, if at the point of layoff such person was eligible to receive a sick leave accrual payoff, such person shall be paid for existing sick leave accruals in accordance with Section 1507 of this Agreement.
- B. Seniority - For laid off employees, upon reemployment such employees shall have their seniority status held immediately prior to layoff reinstated.
- C. Salary - Laid off employees who are reemployed or demoted employees who are reinstated to the classification demoted from, shall receive salary equivalent to that which they were receiving immediately prior to layoff or demotion or the maximum of the salary range of the classification, whichever is less, upon reemployment or classification reinstatement.
- D. Annual Leave Accrual Rates - Laid off employees who are reemployed shall have the Annual Leave Accrual rate they held immediately prior to layoff restored.

- E. Vacation Accrual Rates - Laid off employees who are reemployed shall have the vacation accrual rate they held immediately prior to layoff restored.
- F. Merit Increase Hours Needed - An employee who is reemployed while in layoff status shall retain the merit increase hours needed as of the time of the layoff.
- G. Retirement Contributions - Upon reemployment, laid off employees shall not be required to redeposit retirement contributions withdrawn at the time of layoff or subsequently; provided, however, that the employee may elect to redeposit said funds to the retirement system.
- H. Grievability - Persons disputing the application or interpretation of layoff, reemployment and/or classification reinstatement policies shall use the grievance procedure to resolve their dispute and shall not have any such allegation considered under any other County administrative procedure.

Sec. 2609 **Priority Of Lists:** The order of priority of eligible lists for certification to an appointing authority shall be: Classification Reinstatement List, Reemployment List, Department/Agency Promotional List, Countywide Promotional List, County Service Reinstatement List, and Open List.

Sec. 2610 A. **HCA Organization:** Unless otherwise explicitly provided within this Article, and for purposes of this Article only, HCA shall not be considered as a single entity, but rather, as an organization comprised of the following separate and distinct Departments:

ARTICLE 27
NURSING PROCESS STANDARDS/RATIOS

No nurse shall be required to practice in a manner which jeopardizes patient care, exceeds the limit of a registered nurse licensure as defined by the Nurse Practice Act, or is outside Title 22, section 70217 related to nurse service staff, as determined and controlled by the California Department of Public Health.

If a nurse believes that circumstances are present which may jeopardize a patient's health or safety, the nurse must attempt to resolve the issue with their immediate supervisor by communicating their concern in writing. The supervisor shall respond to the registered nurse within 14 days from receipt of the written notice. If the matter is not resolved at this level, the matter may be brought to the Professional Practice Committee (PPC) by submitting an Assignment Despite Objection form. The PPC will bring forth any issues related to the above to the Patient Classification Committee for review.

A formal Patient Classification Committee (PCC) will be established in accordance with Title 22. The committee will be composed of five (5) nurses, two (2) members from the Professional Practice Committee and three (3) staff nurses who are not participating on any other committee and five (5) managers, one of whom will be the Chief Nurse Executive or his/her designee. The PCC will meet a minimum of once per year. PCC members will be compensated for time spent in committee meetings. Such release time or additional hours of pay for the committee members shall not be counted as hours worked for purposes of calculating overtime.

Interested staff may provide input to the Committee concerning the Patient Classification System, potential required revisions, and the overall staffing plan.

If the review by the PCC reveals that adjustments are necessary in the Patient Classification System in order to assure accuracy in measuring patient care needs, such adjustments will be reviewed by the Nursing Administrative Team for determination of need for adjustment.

ARTICLE 28 TECHNOLOGY

CNA and Management agree to jointly support efforts to increase efficiency, effectiveness, productivity, and economy in all operations through improving methods, reducing waste, and in exploring and implementing change that will contribute to sound, effective, economical county government. To the extent that such improvements involve technology, the County affirms the following guiding principles with respect to the implementation and use of technological advances affecting the practice of nursing:

1. Technology must be consistent with the provision of safe, therapeutic, effective care which promotes patient safety. Deployment of technology is intended to support the registered nurse and CNA represented members in the implementation of the nursing process, including the use of clinical judgment in assessment, planning, implementation and evaluation of care and the nurse as a patient advocate. New technology may affect nursing duties but will not be used to supplant the overall role of nurses in providing direct patient care.
2. The manner in which technology is used shall ensure patient confidentiality.
3. Technology is intended to enhance, not diminish nursing skills.
4. Technology is intended to provide information and options for clinical decision making. Clinicians will maintain accountability for actual clinical decision-making, including incorporating individualized patient needs, complications and co-morbidities, as appropriate.
5. Prior to implementing new technology, the Health Care Agency shall notify the PPC of the proposed new technology being considered. Upon CNA's request, HCA management shall meet with the PPC to assess the extent to which the new and existing technology meets the guidelines set forth in this Article, and provide opportunities for registered nurses to have input regarding the new technologies. Input from the nurses and the PPC will be considered prior to the implementation of the new technology.

ARTICLE 29
NO STRIKE/NO LOCKOUT

The County's Affirmative Action Plan will be fully supported by CNA.

ARTICLE 31
COUNTY RIGHTS

It is the exclusive right of the County to direct its employees, take disciplinary action for proper cause, relieve its employees from duty because of lack of work or for other legitimate reason, classify and reclassify positions, and determine the methods, means, and personnel by which the County's operations are to be conducted; provided, however, that the exercise and retention of such rights do not preclude employees or their representatives from consulting about the practical consequences that decisions on these matters may have on wages, hours, and other terms and conditions of employment.

Nothing contained in this provision shall be deemed to supersede the provisions of existing State law and the ordinances and rules of the County which established the Civil Service System.

Nursing administration recognizes the registered nurses' right to act as a patient advocate and will receive and accept such notification as an objective tool to improve overall patient care. This section is not subject to the grievance procedure set forth in Article 33.

Whenever the Practice Committee makes a written recommendation to the Director of Nursing, a response in writing shall be made as soon as practicable, but no less than thirty (30) days, unless the Chair of the PPC and the Director of Nursing mutually agree that the time may be extended.

2. Within seven (7) calendar days after receiving the completed grievance form the agency/department head or his designated representative shall meet with the employee and, at the employee's option, the employee's representative, and they shall thoroughly discuss the grievance. The Department/ Agency Head shall give his written decision to the employee within fourteen (14) calendar days after the discussion.

On matters that do not concern or involve the interpretation or application of the specific terms and provision of this Agreement or past practice within the department/agency, the written decision of the department/agency head shall be final as to the disposition of matters within his authority.

Sec. 3304 **Arbitration:**

- A. A grievance unresolved in the steps enumerated above may be submitted to arbitration by CNA by submitting a letter requesting that the grievance be submitted to arbitration to the Director - Human Resources within fourteen (14) calendar days after the Department/ Agency Head renders a decision. Prior to submitting the matter to arbitration, the Director - Human Resources, or his designee, may meet with CNA in an effort to resolve the grievance. In the event the parties reach an agreement, such agreement shall be submitted to the County Executive Officer (CEO) for his approval. The CEO shall advise the parties of his decision within fourteen (14) calendar days after the receipt of the proposed resolution. If the CEO concurs with the agreement, the grievance shall be considered resolved and binding upon the parties. If the CEO rejects the agreement or fails to respond within the fourteen (14) calendar days described above, CNA may proceed to submit the matter to arbitration. The grievance submitted to arbitration shall be limited to the grievance originally filed at the first step except as amended by mutual agreement between CNA and the Director - Human Resources or his designee.
- B. The Arbitrator shall be selected by mutual agreement. In the event mutual agreement cannot be reached on an arbitrator within fourteen (14) calendar days of the receipt of notice of appeal to arbitration, the State Conciliation Service shall be asked to list a panel of five (5) individuals from which one (1) name shall be selected by the parties within fourteen (14) calendar days after the receipt of such list by alternate striking of names. The party making the first deletion shall be determined by lot. The remaining name shall be deemed to be the arbitrator for this grievance.
- C. Costs of the Arbitrator and Court Reporter, if any, shall be shared equally by the parties.
- D. The Arbitrator shall have no power to alter, amend, change, add to or subtract from any of the terms of this Agreement, but shall determine only whether or not there has been a violation of the Agreement in respect to the alleged grievance and remedy. The decision and/or award of the Arbitrator shall be based solely upon the evidence and arguments presented to him by the respective parties. The decision and/or award of the Arbitrator shall be final

and binding upon the County, CNA, and the employee affected, subject to judicial review.

- E. If either the County or CNA shall claim before the Arbitrator that a particular alleged grievance fails to meet the tests of arbitrability as set forth in this Agreement, the Arbitrator shall proceed to decide such issue before hearing the case upon its merits. The Arbitrator shall have the authority to determine whether he will hear the case on its merits at the same hearing in which the jurisdictional question is presented. In any case where the Arbitrator determines that such grievance fails to meet said test of arbitrability, he shall refer the case back to the parties without a decision or recommendation on the merits.
- F. All arbitration proceedings arising under this grievance procedure shall be governed by the provisions of Title 9 of Part 3 of the Code of Civil Procedure of the State of California.

Sec. 3305 **Mediation:** Prior to an arbitration hearing, CNA and the County, by mutual agreement, may request the assistance of a mediator from the State Conciliation Service in an attempt to resolve the grievance. The mediator shall have no authority to resolve the grievance except by agreement of CNA and the County. In the event the grievance is not resolved, concessions agreed to or offered during mediation shall not be admissible at a subsequent hearing.

Sec. 3306 **Waiver And Limits:** Grievances may, by mutual agreement, be referred back for further consideration or discussion to prior steps or advance to a higher step in the grievance procedure. Time limits specified in the grievance procedure of this Agreement may be waived by mutual written agreement. Should the County fail to respond orally and/or in writing when required within the specific time limits, the grievance shall be automatically progressed into the next step of the grievance procedure. Likewise, should CNA and/or the grievant fail to initiate or appeal any grievance within the specific time limits, the grievance shall be considered resolved on the basis of the County's last response and/or considered waived and abandoned for all purposes.

Sec. 3307 **Time Off For Grievance Resolution:** An employee who has filed a written grievance shall be given a reasonable amount of time off with pay by his appointing authority to process, prepare and resolve his grievance.

- Sec. 3308 **Grievances And Rules Or Memoranda Changes:** Grievances shall be arbitrated on the basis of the Rules, Agreement, etc., in effect when the incident or incidents upon which the specific grievance is based occurred or first occurred.
- Sec. 3309 **Full Disclosure:** At that step of the Grievance procedure described in Section 3303-C, and during any efforts to resolve the matter prior to arbitration under Section 3304, the grieving employee and/or his authorized representative shall disclose to Management's representatives a full detailed statement of the facts of the matter, the specific provisions of the Agreement relied upon, all related arguments, and specify the exact remedy sought.
- Sec. 3310 **Responsibility And Authority Of Respondents:** Respondents at each level of the grievance procedure are empowered to resolve disputes only by properly applying existing provisions of this Agreement; they cannot alter, amend, change, add to or subtract from any of the terms of this Agreement. Thus, an improper response by an organizational subordinate shall not bind his organizational superior and an improper response by a representative of the County shall not bind the County.

ARTICLE 34
DISCIPLINARY ARBITRATION

Sec. 3401 **Purpose:** To provide an equitable and uniform procedure for administration and arbitration of discipline. The provisions of this Article supersede those of Article 21 of the Ventura County Personnel Rules and Regulations.

Sec. 3402 **Written Order For Demotion, Suspension, Reduction In Pay, Dismissal:** The continuing employment of every regular employee shall be contingent upon good behavior. Any such employee may be dismissed, demoted, suspended, reduced in pay, or demoted and suspended for cause as specified in Section 3403 by the appointing authority in the following manner:

- A. The appointing authority shall serve upon the employee a Notice of Proposed Disciplinary Action stating the nature of the proposed action and its effective date. Such Notice shall also set forth in writing the reasons for the proposed disciplinary action, a statement of the charges upon which the action is to be based, a notice to the employee that he has the right to review the materials being used against him, and a statement advising the employee that he has a right to respond to the charges. A duplicate of that Notice must be filed with the Director - Human Resources and CNA.
- B. Within seven (7) calendar days from receipt of the Notice of Proposed Disciplinary Action, unless additional time is otherwise specified by the appointing authority in said Notice of Disciplinary Action, the employee may respond to the proposed action. Such response may be presented orally or in writing. The employee has a right to have a CNA representative if he so chooses.
- C. At the completion of the period provided in "B" above, the appointing authority shall review the employee's response, if any, and make a determination whether to cancel, amend, or sustain the proposed action. If the appointing authority decides to amend or sustain the proposed action, the employee will be served with Notice of Disciplinary Action again setting forth in writing the reasons for disciplinary action and offering a statement of the charges upon which the action is based.

The Notice of Disciplinary Action shall also advise the employee that the action being taken is final, and apprise him of his right to request that CNA

submit the matter to arbitration within fourteen (14) calendar days. A duplicate of that Notice must be filed with the Director - Human Resources and CNA.

Nothing in this Section shall be considered to restrict the right of the County to take immediate disciplinary action when it is deemed appropriate.

- Sec. 3403 **Causes For Demotion, Suspension, Reduction In Pay, Dismissal:** In accordance with Section 1345.1.4.13.1 of the Ventura County Ordinance Code, causes for disciplinary action are as follows: fraud in securing appointment, incompetency, inefficiency, inexcusable neglect of duty, physical or mental disability, insubordination, dishonesty, drunkenness on duty, intemperance, addiction to the use of narcotics or habit forming drugs, inexcusable absence without leave, conviction of a felony or misdemeanor involving moral turpitude, immorality, discourteous treatment of the public or other employees, improper political activity in violation of Article 24 of the Ventura County Personnel Rules and Regulations or Sections 1351 and 1351.1 of the Ventura County Ordinance Code, willful disobedience, violation of any provision of Article IV of the Ventura County Ordinance Code, which among other things includes the corrupt use of official authority or influence, or any other failure of good behavior or acts which are incompatible with or inimical to the public service.
- Sec. 3404 **Disciplinary Reduction In Salary:** In accordance with the necessity for taking disciplinary action, the salary of a CNA represented employee may be reduced by either 2.5% or 5% for a period of time not to exceed thirteen (13) pay periods for any one offense.
- Sec. 3405 **Suspension Without Pay:** Suspension without pay may be imposed not to exceed thirty (30) calendar days. Whenever an employee is suspended without pay, no salary shall be paid to the suspended employee for the duration of his suspension and such suspension shall be treated as an authorized leave of absence without pay for purposes of annual leave, vacation and sick leave accruals.
- Sec. 3406 **Demotion:** The employee may be demoted to a classification which has a lower salary range than the position currently occupied. In cases of disciplinary demotion, the compensation of the employee shall be adjusted to the salary in the range of the position to which he has been demoted which is approximately 5% lower than the salary he was receiving in the higher class. If the top step of the salary in the range of the position to which he has been demoted is more than 5% lower than the salary he was

receiving in the higher class, the employee shall receive the top step of the salary in the range of the position to which he has been demoted. An employee so demoted shall not have his merit increase hours needed reset.

Sec. 3407 **Disciplinary Action Imposed During Probationary Period:** The appointing authority may dismiss, demote, suspend, demote and suspend, or impose any other disciplinary action on any probationary employee during the probationary period. Neither a probationary employee nor CNA may request arbitration of any disciplinary action taken against an employee during his probationary period.

A promoted employee who is dismissed during his probationary period shall return to the position in which he held permanent status, if vacant, or any other vacant position in his former classification in the department/agency. If no such vacancy exists, every reasonable attempt will be made by the appointing authority to retain the employee in an underfill capacity. Only if there is no vacancy and the appointing authority is unable to make reasonable accommodation, the employee shall be placed on a leave of absence without pay not to exceed one (1) year and shall be granted the first position that becomes available in his former classification. The above provisions shall not apply if the cause of the dismissal warrants dismissal from County service. If the cause for dismissal warrants dismissal from County service, the employee may request that CNA submit the matter to arbitration.

Sec. 3408 **Non-Discrimination:** Disciplinary actions shall be taken without regard to race, color, national origin, religion, sex, age, or functional limitation.

Sec. 3409 **Request For Arbitration:** If an employee wishes to appeal a disciplinary action, he shall ask that the matter be submitted to arbitration by CNA. If CNA concurs, it shall submit to the Director - Human Resources, in writing, within fourteen (14) calendar days of the employee's receipt of the Notice of Disciplinary Action, a request that the matter be submitted to arbitration. Upon receipt of CNA's request, the Director - Human Resources shall, within fourteen (14) days, request a panel of five (5) names from the State Mediation and Conciliation Service or some other mutually agreeable list. Within seven (7) calendar days of the receipt of that list, the parties shall jointly select an arbitrator. In the event the parties are unable to select an arbitrator, they shall alternately strike names from the list with the last name being the arbitrator selected. The party striking the first name shall be determined by lot.

Sec. 3410 **Arbitration Costs:** The costs of the arbitrator shall be paid by the losing party. In the event the arbitrator modifies the discipline imposed, the costs shall be shared equally by the parties. Costs of the court reporter, if any, shall be paid by the party who requested the presence of the reporter; however, nothing shall preclude the parties from agreeing to share equally in the costs of the reporter. If a cancellation fee is imposed on the parties by the arbitrator, it shall be paid by the party whose actions were responsible for the imposition of said fee.

Sec. 3411 **Scope Of Arbitrator's Authority:** The Arbitrator shall have no power to alter, amend, add to or subtract from the provisions of this Article or any other terms of this Agreement. If the Arbitrator finds that none of the charges contained in the Notice of Disciplinary Action are true, then he shall set aside the action taken by the appointing authority. If the Arbitrator finds that some or all of the charges are true, then he shall make a decision confirming or modifying the action of the appointing authority provided, however, that his authority to modify the appointing authority's action is limited to those disciplinary actions described in Section 3402. The Arbitrator shall have no authority to increase the discipline imposed by the appointing authority.

Notwithstanding the provisions of Section 3405, nothing shall preclude the Arbitrator from ordering the reinstatement of an employee with or without back pay. The decision of the Arbitrator shall be final and binding, subject to judicial review pursuant to Title 9 of Part 3 of the Code of Civil Procedure of the State of California, upon the employee, the County, and, if applicable, CNA.

Sec. 3412 **Governing Provisions:** All arbitration proceedings arising under this Article shall be governed by the provisions of Title 9 of Part 3 of the Code of Civil Procedure of the State of California. However, Code of Civil Procedure Section 1283.05, relating to discovery, shall not be a part of this Agreement. Further, subpoenas duces tecum may be issued by the attorney or other representative of a party as well as by the arbitrator. All other provisions relating to subpoenas found in Chapter 3 of Title 9 of the Code of Civil procedure shall apply.

Sec. 3413 **Arbitrability:** If either the County or CNA shall claim before the Arbitrator that a particular request for arbitration fails to meet time limits, or is in some other manner defective, and, thereby, fails to meet the tests of arbitrability, the Arbitrator shall proceed to decide such issue before hearing the case upon its merits. The Arbitrator shall have the authority to determine whether he will hear the case on its merits at the same hearing

in which the jurisdictional question is presented. In any case, where the Arbitrator determines that such appeal fails to meet said test of arbitrability, he shall refer the case back to the parties without a decision or recommendation on its merits.

Sec. 3414 **Report Of Hearing:** The Arbitrator shall render his report to the parties in writing, including reasons for any decision, within thirty (30) calendar days of the completion of the hearing. Failure to comply with this provision shall result in the automatic waiver of all arbitration, per diem, preparation, and related fees.

Sec. 3415 **Vacation Of Order:** A decision of the Arbitrator may be modified or vacated, in whole or in part, and a new or further hearing granted on all or part of the issues on the application of a party to the arbitration for any of the following causes, materially affecting the substantial rights of the parties:

- A. Irregularity in the arbitration proceedings, or any order of the Arbitrator or abuse of discretion by which either party was prevented from having a fair hearing.
- B. Accident or surprise, which ordinary prudence could not have guarded against;
- C. Newly discovered evidence which could not, with reasonable diligence, have been discovered and produced at the hearing and which is material to the question that was before the Arbitrator;
- D. Error in law, occurring at the arbitration and excepted to at the arbitration by the party making the application or motion.

Sec. 3416 **Application For Vacation Of Order:** The application or motion to the Arbitrator shall be made either before the signing of the order of the Arbitrator or within fourteen (14) calendar days of the Arbitrator mailing notice of his order and shall designate the grounds upon which vacation is requested.

Should the Arbitrator grant a hearing on the application or motion, the Arbitrator shall, after review of the application or motion, specify the ground or grounds on which it is granted and his reason or reasons for granting the application or motion. At the hearing, the evidence introduced shall be limited to the ground or grounds upon which the hearing was

granted. At the conclusion of the hearing, the Arbitrator shall either confirm his prior findings and decision or issue a new finding and decision.

The filing of an application under this Section shall not be necessary to exhaust administrative remedies and the application or motion shall not operate to stay the effectiveness of the Arbitrator's order except by discretion of the Arbitrator upon a showing by affidavit of emergency or hardship should the order not be stayed.

EXHIBIT A

IN-HOUSE REGISTRY (IHR) GUIDELINES FOR CNA NON-EXEMPT CLASSIFICATIONS – HEALTH CARE AGENCY

Introduction: This agreement is reached in an effort to develop a program in which regular full-time and regular less than full-time employees represented by the California Nurses Association can voluntarily work extra hours as needed to reduce the utilization of outside agencies.

Registration: Employees interested in working IHR shifts will offer a letter of intent to their direct manager.

Eligibility: Registry sign-up is contingent on the employee reporting for duty and completing his/her regular hours schedule for a two week period (not including hours placed “on call”). If the employee is called off during the two (2) week schedule, the hours called off will be considered hours worked for purposes of IHR eligibility, not direct compensation. Paid time off (for example, annual leave, vacation, or sick leave) does not count as time worked for completing the hours schedule requirement. Holidays are time worked for purposes of IHR eligibility.

Only non-exempt employees in classifications represented by the California Nurses Association (CNA) are eligible to participate in the registry. Non-exempt employees are those who under the Fair Labor Standards Act are eligible for overtime payment.

The establishment of the IHR Program is not intended as a guarantee of work.

Competencies: Nursing Personnel will be certified for work in specific areas of the Medical Center, Ambulatory Care, Public Health and the Crisis Team. The Clinical Manager or designee will be responsible for orientation and competency certification of the nurse prior to the nurse taking an IHR assignment. Orientation and competency certification will be on paid time.

Availability and Assignment: IHR participants will notify their direct clinical manager (or their designees) each month of their availability for the following month (shifts, dates and areas of work).

IHR employees will accept both the unit and patient care assignments, based on their competencies, preferences and availability. An IHR employee who accepts an assignment in a work area other than that which the employee is usually assigned will not serve as the Resource/Charge Nurse for that work unit.

IHR Employees will get written approval from their manager to work an IHR shift in another unit prior to working the shift.

Call On/Call Off: IHR employees will receive a minimum of two hours notice if called off from IHR work. Employees will be given a minimum of two hours of pay at the IHR rate if the employee reports for work and the need for registry work no longer exists. The two hours of pay, in that instance, only applies if the employee actually works the two hours. The employee may also volunteer to go home, in which case the employee would be paid at the IHR registry rate for actual hours worked.

Employees also have up to forty eight hours before reporting for registry work to cancel. If an employee cancels a shift less than forty eight (48) hours before a scheduled registry shift, those hours will be charged to sick/annual leave bank, the only exception being if the nurse brings a doctor's notice excusing the absence. If an employee is called for registry work without the two hours advance notice, the employee may decline registry work without it being counted as a refusal.

The above IHR call on/call off procedure is for IHR only and does not conflict with any other call on/call off procedure, e.g., "Low Census" call off as contained in the current Memorandum of Agreement between CNA and Ventura County.

Removal from Registry: An employee may be removed from the IHR if s/he does not report or refuses an otherwise valid request to report for registry duty three (3) times during the six months commitment to the IHR.

In addition, an IHR enrollee may be removed from the program if there are performance or job-related disciplinary issues which a nurse is functioning in the IHR Program or in the course of his/her employment with the County. Such issues will be evaluated and reviewed with the employee prior to removal from the IHR.

Timekeeping: IHR employees will sign in and out on the IHR Log. At the end of the pay period, the employee's regular supervisor/manager may verify the hours worked with the appropriate IHR Coordinator or designated staffing coordinator.

IHR Hours: IHR work will be considered "extra" shifts and not an extension of the regular work day. IHR will be used after overtime is offered to all employees eligible to work the overtime. IHR employees will record hours worked which represent overtime (beyond 40 hours/pay period) separately from those which represent non-overtime hours (e.g., those which do not cause the employee to have worked more than 40 hours/pay period).

IHR Rates of Pay: The IHR rate of pay is as follows:

1. IHR hours which are "non-overtime" hours (i.e., the total of the employee's regular hours worked and any IHR hours does not equal above 40 hours in any one week), the rate is equal to 1.75 times the employee's straight time base hourly rate plus any applicable evening and night shift differentials exclusive of any other premiums. For example, a nurse making \$20/hour who works a 24

hours weekly schedule and then works an additional 4 hours of IHR is paid \$35/hour for the IHR assignment.

2. For IHR hours which result in overtime (i.e., IHR hours which when added to hours worked equals more than 40 hours in a week, the rate is 2.0 times the employee's straight time base hourly rate plus any applicable evening and night shift differentials exclusive of any other premiums. For example, a nurse making \$20/hour who works a 40 hours weekly schedule and then works an additional 4 hours of IHR is paid \$40/hour for IHR "overtime" hours.

The IHR rate is intended for registry work only and is not considered as the rate of pay for usual overtime hours.

Overpayments: Should an overpayment occur under the IHR, the employee shall be informed of the circumstances of the overpayment. A nurse representative may review the documentation explaining the overpayment with the employee and his/her supervisor/manager. CNA agrees that it will support the County's efforts to collect any IHR overpayment.

IHR Committee Review: The IHR Committee will meet as needed to resolve issues of mutual concern. The Committee shall be composed of ten members (five members from County Management and five members from the Association).

Additional Provisions: All provisions of the August 3, 1999 Board letter which recommends adoption of the IHR are incorporated in this Exhibit.

FLOAT POLICY

Floating of registered nurses shall be subject to patient care considerations and staffing needs, and shall consider current skill level needs, qualifications and patient acuity and shall be in compliance with applicable regulations including Title 16 and Title 22.

Nurses shall float in the following order:

- (1) Dedicated Float Pool Nurses
- (2) Volunteers
- (3) IHR/Registry/Travelers (where contracts have been negotiated with the relevant company)
- (4) Per Diem
- (5) Regular

County will attempt to negotiate registry/traveler contracts that comply with this language within six (6) months of the closing of this contract. Upon reaching agreement with registry contractors that allow floating of registry nurses, they shall then become number 3 in this section of the Article.

Assignments shall include only those duties and responsibilities for which the registered nurse is qualified.

Registered nurses who float will have completed a float orientation and float competency signed by the nurse and the orienting nurse prior to their first patient care assignment outside their unit. Assignments shall include only those duties and responsibilities for which demonstrated current competencies have been validated.

Orientation of registered nurses to float will occur with an experienced registered nurse of that specific unit. Registered nurses must complete the float orientation and float competency process before they can float.

Registered nurses shall float within their specialty units/clusters. There shall be no mandatory floating between clusters except in emergencies (a foreseen lack of staffing is not an emergency). Clusters are designated as follows:

Home Unit	Float To
Emergency Department	No Float
Pre-Anesthesia Department	No Float
Surgery Department	No Float
Recovery Room	No Float
GI Lab	No Float
PICU	Pediatrics, NICU (growers & feeders)
Pediatrics	NICU (growers & feeders)
NICU	Transitional Care Nursery (TCN), Pediatrics (infants under 6 months), Post-Partum as Nursery Nurse
Intensive Care Unit	DOU, Telemetry
DOU	Telemetry
Telemetry	Med/Surg 1 Tele, Observation Unit ¹
Med/Surg 1	Med/Surg 3, Telemetry, Observation Unit ¹
Med/Surg 3	Med Surg 1 (med surg patients only), Observation Unit (med surg patients only) ¹
Observation Unit ¹	Med/Surg 1, Med/Surg 3, ED (for med surg and tele holds only)
Labor and Delivery	Post-Partum, TCN
Post-Partum	TCN
Transitional Care Nursery	Post-Partum
Ambulatory Care	No Float
Inpatient Psychiatric Unit	Crisis Stabilization Unit
Crisis Stabilization Unit	Inpatient Psychiatric Unit

Rotation of floating will be at the unit level and maintained by the nurse manager.

Floating is part of all registered nurse's duties and responsibilities in order to meet patient needs and state mandated staffing ratios. A registered nurse who has completed the float orientation and float competency for that specific unit shall not refuse a floating assignment.

There shall be no double floating, with the exception to the Float Pool Unit. If the nurse volunteers to return to her/his home unit, it shall not be deemed as double floating.

¹The new VCMC Observation Unit is expected to open in the summer of 2020. The Chief Nurse Executive will give CNA a 60-calendar day notice of the opening of the Observation Unit. The parties agree that, effective the opening date of the Observation Unit, floating to the Observation Unit will be implemented pursuant to the provisions of Exhibit B of this Agreement unless CNA submits a written objection no later than 30 calendar days prior to the opening of the Observation Unit. CNA's written objection shall be submitted to CEO/Labor Relations and to the Chief Nurse Executive, at which time the implementation of floating to the new Observation Unit will be null and void. Within 30 days of receipt of

said objection letter, the parties agree to meet and confer regarding floating to the Observation Unit.

SETTLEMENT AGREEMENT

On or about March 2, 2009, a dispute arose regarding the interpretation of Section 3211 Access between the Ventura County Health Care Agency ("HCA") and the California Nurses Association ("CNA") pertaining to access to the Ventura County Medical Center ("VCMC") and Santa Paula Hospital ("SPH"). CNA submitted a grievance to the HCA on March 15, 2009, with respect to said dispute.

The HCA and CNA desire to resolve the dispute underlying said grievance at this time without further proceedings. Accordingly, in consideration of the aforesaid premises and the following mutual promises, the HCA and CNA agree as follows:

- This Agreement is intended to supplement only the provisions of Section 3211 of the Memorandum of Agreement ("MOA") between the County of Ventura and CNA and does not supersede or nullify any of those provisions. Moreover, this Agreement is not intended to alter, modify, limit or expand any other provisions of the MOA, including but not limited to provisions pertaining to union stewards.
- The HCA agrees CNA paid Labor Representatives' shall have access to work areas for CNA represented employees to observe working conditions with proper notice and by escort within those work areas that abides by Federal, State and HCA regulations protecting patient rights.
- The HCA agrees CNA paid Labor Representatives' shall have the right to access non-working areas in VCMC and SPH , such as cafeterias, meeting rooms and employees break rooms to conduct representation activities with CNA represented employees

HCA agrees that CNA paid Labor Representatives are not required to be escorted or accompanied to access these non-work areas. Hallways and corridors shall be considered non-work areas where escort or accompaniment are not required. A list of break rooms in both VCMC and SPH is attached as Exhibit 1.

- The parties agree that certain break rooms are not conducive to representation activities. At VCMC, these are the break rooms located in the ICU/DOU areas and in the OB/Labor & Delivery area. As an alternative, within the ICU/DOU area, CNA may have access to the area known as the "quiet room" for representation activities. For the OB/Labor & Delivery area, CNA may have access to the "waiting room" for representation activities. AT SPH, the breaks rooms that are not conducive to representation activities are located in the ER and ICU areas. CNA may have access to the "Library" to conduct representation activities for those units.
- The parties also acknowledge and agree that the break room located in the Pediatrics unit also serves as a family conference room. CNA shall have access to, and use of, the Pediatrics break room except during such times as it is in use for a family conference. The parties also acknowledge that the Pediatrics break room may, in the future, be converted back to patient use. In this event, the parties will make reasonable good-faith efforts to find a suitable alternate location for CNA to conduct representation activities with its represented employees from the Pediatrics unit.
- CNA agrees to provide the required notice of intent to access both work and non-work areas, as outlined in Section 3211.
- CNA agrees to withdraw, with prejudice, the grievance and pending arbitration with respect to said dispute.
- Each party shall bear its own costs and attorney's fees.

- The arbitrator's fee shall be split evenly between the parties.

§ 70217. Nursing Service Staff.

(a) Hospitals shall provide staffing by licensed nurses, within the scope of their licensure in accordance with the following nurse-to-patient ratios. Licensed nurse means a registered nurse, licensed vocational nurse and, in psychiatric units only, a psychiatric technician. Staffing for care not requiring a licensed nurse is not included within these ratios and shall be determined pursuant to the patient classification system.

No hospital shall assign a licensed nurse to a nursing unit or clinical area unless that hospital determines that the licensed nurse has demonstrated current competence in providing care in that area, and has also received orientation to that hospital's clinical area sufficient to provide competent care to patients in that area. The policies and procedures of the hospital shall contain the hospital's criteria for making this determination.

Licensed nurse-to-patient ratios represent the maximum number of patients that shall be assigned to one licensed nurse at any one time. "Assigned" means the licensed nurse has responsibility for the provision of care to a particular patient within his/her scope of practice. There shall be no averaging of the number of patients and the total number of licensed nurses on the unit during any one shift nor over any period of time. Only licensed nurses providing direct patient care shall be included in the ratios.

Nurse Administrators, Nurse Supervisors, Nurse Managers, and Charge Nurses, and other licensed nurses shall be included in the calculation of the licensed nurse-to-patient ratio only when those licensed nurses are engaged in providing direct patient care. When a Nurse Administrator, Nurse Supervisor, Nurse Manager, Charge Nurse or other licensed nurse is engaged in activities other than direct patient care, that nurse shall not be included in the ratio. Nurse Administrators, Nurse Supervisors, Nurse Managers, and Charge Nurses who have demonstrated current competence to the hospital in providing care on a particular unit may relieve licensed nurses during breaks, meals, and other routine, expected absences from the unit.

Licensed vocational nurses may constitute up to 50 percent of the licensed nurses assigned to patient care on any unit, except where registered nurses are required pursuant to the patient classification system or this section. Only registered nurses shall be assigned to Intensive Care Newborn Nursery Service Units, which specifically require one registered nurse to two or fewer infants. In the Emergency Department, only

registered nurses shall be assigned to triage patients and only registered nurses shall be assigned to critical trauma patients.

Nothing in this section shall prohibit a licensed nurse from assisting with specific tasks within the scope of his or her practice for a patient assigned to another nurse. "Assist" means that licensed nurses may provide patient care beyond their patient assignments if the tasks performed are specific and time-limited.

(1) The licensed nurse-to-patient ratio in a critical care unit shall be 1:2 or fewer at all times. "Critical care unit" means a nursing unit of a general acute care hospital which provides one of the following services: an intensive care service, a burn center, a coronary care service, an acute respiratory service, or an intensive care newborn nursery service. In the intensive care newborn nursery service, the ratio shall be 1 registered nurse:2 or fewer patients at all times.

(2) The surgical service operating room shall have at least one registered nurse assigned to the duties of the circulating nurse and a minimum of one additional person serving as scrub assistant for each patient-occupied operating room. The scrub assistant may be a licensed nurse, an operating room technician, or other person who has demonstrated current competence to the hospital as a scrub assistant, but shall not be a physician or other licensed health professional who is assisting in the performance of surgery.

(3) The licensed nurse-to-patient ratio in a labor and delivery suite of the perinatal service shall be 1:2 or fewer active labor patients at all times. When a licensed nurse is caring for antepartum patients who are not in active labor, the licensed nurse-to-patient ratio shall be 1:4 or fewer at all times.

(4) The licensed nurse-to-patient ratio in a postpartum area of the perinatal service shall be 1:4 mother-baby couplets or fewer at all times. In the event of multiple births, the total number of mothers plus infants assigned to a single licensed nurse shall never exceed eight. For postpartum areas in which the licensed nurse's assignment consists of mothers only, the licensed nurse-to-patient ratio shall be 1:6 or fewer at all times.

(5) The licensed nurse-to-patient ratio in a combined Labor/Delivery/Postpartum area of the perinatal service shall be 1:3 or fewer at all times the licensed nurse is caring for a patient combination of one woman in active labor and a postpartum mother and infant. The licensed nurse-to-patient ratio for nurses caring for women in active labor only, antepartum patients who are not in active labor only, postpartum women only, or mother-baby couplets only, shall be the same ratios as stated in subsections (3) and (4) above for those categories of patients.

(6) The licensed nurse-to-patient ratio in a pediatric service unit shall be 1:4 or fewer at all times.

(7) The licensed nurse-to-patient ratio in a postanesthesia recovery unit of the anesthesia service shall be 1:2 or fewer at all times, regardless of the type of anesthesia the patient received.

(8) In a hospital providing basic emergency medical services or comprehensive emergency medical services, the licensed nurse-to-patient ratio in an emergency department shall be 1:4 or fewer at all times that patients are receiving treatment. There shall be no fewer than two licensed nurses physically present in the emergency department when a patient is present.

At least one of the licensed nurses shall be a registered nurse assigned to triage patients. The registered nurse assigned to triage patients shall be immediately available at all times to triage patients when they arrive in the emergency department. When there are no patients needing triage, the registered nurse may assist by performing other nursing tasks. The registered nurse assigned to triage patients shall not be counted in the licensed nurse-to-patient ratio.

Hospitals designated by the Local Emergency Medical Services (LEMS) Agency as a "base hospital," as defined in section 1797.58 of the Health and Safety Code, shall have either a licensed physician or a registered nurse on duty to respond to the base radio 24 hours each day. When the duty of base radio responder is assigned to a registered nurse, that registered nurse may assist by performing other nursing tasks when not responding to radio calls, but shall be immediately available to respond to requests for medical direction on the base radio. The registered nurse as-

signed as base radio responder shall not be counted in the licensed nurse-to-patient ratios.

When licensed nursing staff are attending critical care patients in the emergency department, the licensed nurse-to-patient ratio shall be 1:2 or fewer critical care patients at all times. A patient in the emergency department shall be considered a critical care patient when the patient meets the criteria for admission to a critical care service area within the hospital.

Only registered nurses shall be assigned to critical trauma patients in the emergency department, and a minimum registered nurse-to-critical trauma patient ratio of 1:1 shall be maintained at all times. A critical trauma patient is a patient who has injuries to an anatomic area that : (1) require life saving interventions, or (2) in conjunction with unstable vital signs, pose an immediate threat to life or limb.

(9) The licensed nurse-to-patient ratio in a step-down unit shall be 1:4 or fewer at all times. Commencing January 1, 2008, the licensed nurse-to-patient ratio in a step-down unit shall be 1:3 or fewer at all times. A "step down unit" is defined as a unit which is organized, operated, and maintained to provide for the monitoring and care of patients with moderate or potentially severe physiologic instability requiring technical support but not necessarily artificial life support. Step-down patients are those patients who require less care than intensive care, but more than that which is available from medical/surgical care. "Artificial life support" is defined as a system that uses medical technology to aid, support, or replace a vital function of the body that has been seriously damaged. "Technical support" is defined as specialized equipment and/or personnel providing for invasive monitoring, telemetry, or mechanical ventilation, for the immediate amelioration or remediation of severe pathology.

(10) The licensed nurse-to-patient ratio in a telemetry unit shall be 1:5 or fewer at all times. Commencing January 1, 2008, the licensed nurse-to-patient ratio in a telemetry unit shall be 1:4 or fewer at all times. "Telemetry unit" is defined as a unit organized, operated, and maintained to provide care for and continuous cardiac monitoring of patients in a stable condition, having or suspected of having a cardiac condition or a disease requiring the electronic monitoring, recording, retrieval, and display of cardiac electrical signals. "Telemetry unit" as defined in these regulations does not include fetal monitoring nor fetal surveillance.

(11) The licensed nurse-to-patient ratio in medical/surgical care units shall be 1:6 or fewer at all times. Commencing January 1, 2005, the licensed nurse-to-patient ratio in medical/surgical care units shall be 1:5 or fewer at all times. A medical/surgical unit is a unit with beds classified as medical/surgical in which patients, who require less care than that which is available in intensive care units, step-down units, or specialty care units receive 24 hour inpatient general medical services, post-surgical services, or both general medical and post-surgical services. These units may include mixed patient populations of diverse diagnoses and diverse age groups who require care appropriate to a medical/surgical unit.

(12) The licensed nurse-to-patient ratio in a specialty care unit shall be 1:5 or fewer at all times. Commencing January 1, 2008, the licensed nurse-to-patient ratio in a specialty care unit shall be 1:4 or fewer at all times. A specialty care unit is defined as a unit which is organized, operated, and maintained to provide care for a specific medical condition or a specific patient population. Services provided in these units are more specialized to meet the needs of patients with the specific condition or disease process than that which is required on medical/surgical units, and is not otherwise covered by subdivision (a).

(13) The licensed nurse-to-patient ratio in a psychiatric unit shall be 1:6 or fewer at all times. For purposes of psychiatric units only, "licensed nurses" also includes psychiatric technicians in addition to licensed vocational nurses and registered nurses. Licensed vocational nurses, psychiatric technicians, or a combination of both, shall not exceed 50 percent of the licensed nurses on the unit.

(14) Identifying a unit by a name or term other than those used in this subsection does not affect the requirement to staff at the ratios identified for the level or type of care described in this subsection.

(b) In addition to the requirements of subsection (a), the hospital shall implement a patient classification system as defined in Section 70053.2

above for determining nursing care needs of individual patients that reflects the assessment, made by a registered nurse as specified at subsection 70215(a)(1), of patient requirements and provides for shift-by-shift staffing based on those requirements. The ratios specified in subsection (a) shall constitute the minimum number of registered nurses, licensed vocational nurses, and in the case of psychiatric units, psychiatric technicians, who shall be assigned to direct patient care. Additional staff in excess of these prescribed ratios, including non-licensed staff, shall be assigned in accordance with the hospital's documented patient classification system for determining nursing care requirements, considering factors that include the severity of the illness, the need for specialized equipment and technology, the complexity of clinical judgment needed to design, implement, and evaluate the patient care plan, the ability for self-care, and the licensure of the personnel required for care. The system developed by the hospital shall include, but not be limited to, the following elements:

(1) Individual patient care requirements.

(2) The patient care delivery system.

(3) Generally accepted standards of nursing practice, as well as elements reflective of the unique nature of the hospital's patient population.

(c) A written staffing plan shall be developed by the administrator of nursing service or a designee, based on patient care needs determined by the patient classification system. The staffing plan shall be developed and implemented for each patient care unit and shall specify patient care requirements and the staffing levels for registered nurses and other licensed and unlicensed personnel. In no case shall the staffing level for licensed nurses fall below the requirements of subsection (a). The plan shall include the following:

(1) Staffing requirements as determined by the patient classification system for each unit, documented on a day-to-day, shift-by-shift basis.

(2) The actual staff and staff mix provided, documented on a day-to-day, shift-by-shift basis.

(3) The variance between required and actual staffing patterns, documented on a day-to-day, shift-by-shift basis.

(d) In addition to the documentation required in subsections (c)(1) through (3) above, the hospital shall keep a record of the actual registered nurse, licensed vocational nurse and psychiatric technician assignments to individual patients by licensure category, documented on a day-to-day, shift-by-shift basis. The hospital shall retain:

(1) The staffing plan required in subsections (c)(1) through (3) for the time period between licensing surveys, which includes the Consolidated Accreditation and Licensing Survey process, and

(2) The record of the actual registered nurse, licensed vocational nurse and psychiatric technician assignments by licensure category for a minimum of one year.

(e) The reliability of the patient classification system for validating staffing requirements shall be reviewed at least annually by a committee appointed by the nursing administrator to determine whether or not the system accurately measures patient care needs.

(f) At least half of the members of the review committee shall be registered nurses who provide direct patient care.

(g) If the review reveals that adjustments are necessary in the patient classification system in order to assure accuracy in measuring patient care needs, such adjustments must be implemented within thirty (30) days of that determination.

(h) Hospitals shall develop and document a process by which all interested staff may provide input about the patient classification system, the system's required revisions, and the overall staffing plan.

(i) The administrator of nursing services shall not be designated to serve as a charge nurse or to have direct patient care responsibility, except as described in subsection (a) above.

(j) Registered nursing personnel shall:

(1) Assist the administrator of nursing service so that supervision of nursing care occurs on a 24-hour basis.

(2) Provide direct patient care.

(3) Provide clinical supervision and coordination of the care given by licensed vocational nurses and unlicensed nursing personnel.

(k) Each patient care unit shall have a registered nurse assigned, present and responsible for the patient care in the unit on each shift.

(l) A rural General Acute Care Hospital as defined in Health and Safety Code Section 1250(a), may apply for and be granted program flexibility for the requirements of subsection 70217(i) and for the personnel requirements of subsection (j)(1) above.

(m) Unlicensed personnel may be utilized as needed to assist with simple nursing procedures, subject to the requirements of competency validation. Hospital policies and procedures shall describe the responsibility of unlicensed personnel and limit their duties to tasks that do not require licensure as a registered or vocational nurse.

(n) Nursing personnel from temporary nursing agencies shall not be responsible for a patient care unit without having demonstrated clinical and supervisory competence as defined by the hospital's standards of staff performance pursuant to the requirements of subsection 70213(c) above.

(o) Hospitals which utilize temporary nursing agencies shall have and adhere to a written procedure to orient and evaluate personnel from these sources. Such procedures shall require that personnel from temporary nursing agencies be evaluated as often, or more often, than staff employed directly by the hospital.

(p) All registered and licensed vocational nurses utilized in the hospital shall have current licenses. A method to document current licensure shall be established.

(q) The hospital shall plan for routine fluctuations in patient census. If a healthcare emergency causes a change in the number of patients on a unit, the hospital must demonstrate that prompt efforts were made to maintain required staffing levels. A healthcare emergency is defined for this purpose as an unpredictable or unavoidable occurrence at unscheduled or unpredictable intervals relating to healthcare delivery requiring immediate medical interventions and care.

NEW HIRE BONUS

To promote the timely recruitment of highly qualified nurses to address the nurse shortage, the County proposes to establish a “New Hire” bonus on a trial basis for one year from the date of Board of Supervisors adoption of the successor memorandum of agreement (MOA).

Employees represented by this Agreement who are newly hired in a below specified job classification shall receive a one-time “New Hire” bonus of two thousand dollars \$2,000.00. To be eligible, the employee’s start date must occur between adoption of the MOA by the Board of Supervisors and one year from the date of such adoption. The bonus will be paid in one lump sum with the employee’s first regular pay check and is subject to state and federal taxes.

Registered Nurse II	00305
Registered Nurse – Mental Health	00232
Sr. Registered Nurse – Hospital	00307
Sr. Registered Nurse – MH Acute Care	00234
Sr. Registered Nurse – Mental Health	00233

For purposes of this provision, “newly hired” means the incumbent was appointed from an open competitive recruitment and may not have previously employed by the Ventura County Health Care Agency within the preceding 12 months.

The employee must maintain employment within the Ventura County Health Care Agency and in a CNA-represented classification for a minimum of 2,080 compensable hours from the date of hire. If the employee is unable to satisfy the 2,080 hour requirement due to voluntary or involuntary separation, the employee is responsible for re-payment of the New Hire bonus that was paid on a pro-rata basis as follows. To be eligible for the New Hire bonus the employee must sign a written agreement, acknowledging and agreeing to the repayment stipulations.

INTER-CAMPUS DRIFT INCENTIVE PROGRAM

In pursuit of full integration and recognition of the Ventura County Medical Center and the Santa Paula Hospital as one comprehensive hospital system providing access to high quality health care to residents throughout Ventura County, the parties agree to establish an "Inter-Campus Drift Incentive Program" as defined below. The goal of the Inter-campus Drift Program is to grow the number of nurses drifting between the two campuses by providing training and orientation, and to establish an inter-campus incentive payment.

Participation in the Inter-Campus Drift Program is voluntary on a first-come, first-served basis and nurses will be drifted on a rotational basis.

To be eligible for the incentive contained in subsection 2 of this provision a nurse must first complete the Inter-Campus Training and Orientation Program.

1. Inter-Campus Training and Orientation Program

- A. Orientation Program: The purpose is to orient and train nurses on the differences between the two campuses in order to deliver high quality care when drifting between campuses. Nurses who drift shall first complete the Orientation Program for the campus to which they will float ("host" facility). The training and orientation for either campus will include:
 - i. Workflow and processes
 - ii. Equipment and supplies
 - iii. Forms
 - iv. General facility layout and infrastructure
- B. Shadow a Nurse Program: A nurse who drifts shall complete a minimum of two (2) but no more than four (4), 12-hour "shadow" shifts at the host facility. The "shadowing" nurse shall be paired with a "mentor" nurse at the host facility. The shadowing nurse shall not be assigned patients (will be out of ratio) and will be eligible for "Inter-Campus Hourly Drift Nurse" premium for the duration of each shadow shift.
- C. Exemptions: Upon mutual agreement between the nurse and either the nurse manager or the Chief Nurse Executive or his/her designee, a nurse may be exempt from completing the Inter-Campus Training and Orientation Program (A and B above) based on a nurse's prior nursing experience within the host facility and demonstrated competencies of that

facility's workflow and processes, equipment and supplies, forms and general facility layout and infrastructure.

- D. Reorientation: A nurse who has not completed/worked a full twelve (12) hour shift at the host campus in over one (1) year, may request to reorient to the host campus. Reorientation shall consist of one (1) twelve (12) hour shadow shift. If the nurse has not worked at the host campus in more than one (1) year but less than three (3) years, upon mutual agreement between the nurse and management, an additional shadow shift may be requested.
- 2. Inter-Campus Hourly Drift Premium: Effective the first full pay period of adoption of this Agreement by the Board of Supervisors and as designated by the Chief Nurse Executive, or designee, a nurse who drifts from his/her home campus will be paid a premium of seven dollars and fifty cents (\$7.50) per hour for all hours worked in a campus other than their home campus. This provision does not apply to a nurse who is working in another campus on an In-House Registry shift.
- 3. Float Policy / Exhibit B of the existing MOA shall apply to Inter-campus floating which defines the floating clusters.

SIDE LETTER AGREEMENT REGARDING SANTA PAULA

The parties agree that the MOA currently in effect will apply to the Santa Paula campus of the Ventura County Medical Center. In the event that circumstances or situations arise in the operations of the additional facility that are inconsistent with the current MOA or current practices we will meet and consult with California Nurses Association (CNA) regarding the circumstances or situations.

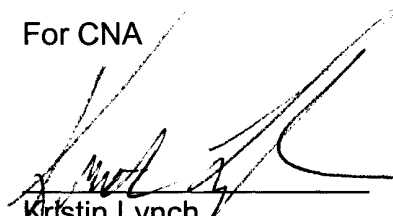

Employees will not be reassigned nor required to float between VCMC and the Santa Paula campus. At the discretion of the nursing administration and due to the operational need, in a recognized/established emergency, employees may be asked to float to another unit/department if they have previously been assigned to that campus location.

SAFE PATIENT HANDLING

The Health Care Agency is committed to providing a safe working environment and program(s) that includes a commitment to protect all employees from workplace injuries associated with the handling of patients. Toward that end, within sixty (60) days of adoption of this Agreement by the Board of Supervisors, VCMC shall establish a Safe Patient Handling Task Force. The Task Force shall meet quarterly, or on a more frequent basis as mutually agreed upon. The purpose of said Task Force is to develop a policy for strategy and proficient use of any necessary equipment/devices, education and training, in compliance with OSHA. The Task Force shall be responsible for all aspects of the development, implementation, and periodic evaluation and revision of the Safe Patient Handling Program.

Up to four (4) CNA/PPC-appointed members, including one who shall be from Santa Paula Hospital, shall be authorized to be on the Task Force; and four (4) County representatives, including one representative from CEO/Labor Relations. The CNA-appointed members of the Task Force may participate in the planning and development of this new process and their input and information will be considered prior to the implementation of the policy. VCMC and CNA will maintain said Safe Patient Handling Task Force for one (1) year from the initial meeting.

STAFFING IMPROVEMENT COMMITTEE

In an effort to create opportunities, but not guarantees, for resolving staffing issues within the VCMC/SPH (including Psychiatric), a Staffing Improvement Committee ("SIC") will be established to provide a forum for communication, information gathering, research, debate, and joint problem-solving. The SIC shall be comprised of five (5) non-probationary CNA/PPC-appointed unit members, not more than one (1) of whom shall be from any particular unit, while one (1) of whom shall be from Santa Paula Hospital; and six (6) County representatives, including one representative from CEO/Labor Relations. The SIC shall meet quarterly, or on a more frequent basis as mutually agreed upon. The first SIC meeting shall take place within 60 days of adoption of this Agreement by the Board of Supervisors and shall be formally dissolved not later than 730 days after the initial meeting, unless there is mutual agreement to extend beyond the 730-day deadline.

SPECIALTY TRAINING PROGRAM

The County shall offer opportunities to participate in an ICU specialty training program. The County shall purchase the "Essential for Critical Care Orientation" interactive, case-based course from the American Association of Critical-Care Nurses within no later than June 30, 2020 and provide such training to qualified nurses on a no cost-basis to the nurse. Participation in said program will be determined by mutual agreement within the PPC.

SENIOR REGISTERED NURSE RECLASSIFICATIONS

The County will increase the number of Sr. RN-Hospital positions by converting seven (7) vacant and existing RN II positions on July 1st in each year of the term of the MOA for a total of twenty-one (21) by the end of the term of the MOA. The new Sr. RN-Hospital positions are intended to create promotional opportunities for incumbent nurses of the VCMS and will be filled by an "Agency/Department" recruitment as defined in Sec. 249 of the County's Personnel Rules and Regulations.

The newly established Sr. RN-Hospital positions will be assigned to best support the hospital units in a manner that strives to equally ensure proportional distribution of experienced nurses as well as meet the individual needs of each unit.
