

The County of Ventura has been on the State monitoring list since June 11, 2020. On July 17, 2020 Governor Gavin Newsom announced that if a county has been on the monitoring list within the prior 14 days, a school must conduct distance learning only, until the county has been off the monitoring list for at least 14 days.

In counties on the monitoring list, CDPH guidance allows a district superintendent, private school principal/head of school, or executive director of a charter school (hereinafter superintendent) to apply for a waiver from the local health officer to open an elementary school for in-person instruction. This waiver is applicable only for grades TK-6, even if the grade configuration at the school includes additional grades.

When applying for the waiver, the superintendent must submit to the local health officer evidence of (1) consultation with labor and parent organizations in the form of letters of support and (2) publication of the elementary school reopening plans on the website of the local educational agency (or equivalent).

The local health officer then reviews the application and reopening plan (along with local community epidemiological data), makes a determination whether to grant or deny the waiver, and consults with CDPH regarding that determination as necessary. Elementary schools in counties on the monitoring list within the prior 14 days may not open for in-person instruction until they have received approval of a submitted waiver from the local health officer.

In order to apply for a waiver, please complete and submit the attached Waiver Application Cover Form. An application must contain:

- Attestation that the superintendent (equivalent or designated staff) has consulted with all parent and labor organizations at each school site for which an application is being submitted. If no labor organization represents the school site staff, then consultation with school site staff is sufficient.
- Confirmation that elementary school reopening plans have been published on the website of the local educational agency (or equivalent). Reopening plans must address the components in the CDPH guidance for schools and school-based programs (which are also listed in the attached Application Cover Form).

Applications and all supporting documents should be submitted at least 14 days prior to the desired reopening date to COVIDSchools@ventura.org.

Waiver Application Cover Form

(for use by a Local Education Agency or equivalent)

Please submit one application for each local educational agency or equivalent. If applying on behalf of a school district, please submit one application for elementary schools in the district that are seeking to reopen for in-person instruction. If applying for an independent, private, faith-based, or charter school, please submit an application for each school.

Background Information

Name of Applicant (Local Educational Agency or Equivalent):

School Type:

_____ Traditional Public School

_____ Charter School

_____ Private, Independent, or Faith-Based School

Number of schools: _____

Enrollment: _____

Superintendent (or equivalent) Name: _____

Address: _____

Grades/Number of Students Proposed to be Reopened:

TK K 1st 2nd 3rd 4th 5th 6th

Date of Proposed Reopening: _____

Name of Person Completing Application: _____

Phone Number: _____

Email: _____

Signature: _____ Date: _____

I. Consultation

The waiver process requires that you have consulted with labor, parent, and community organizations. Please attach at least one letter each demonstrating support from:

- A representative parents' association that your school serves as evidence of parental support. If your typical enrollment is too small to have a parents' association, a signed separate attestation by you that parents have been consulted and concur with in-person instruction is sufficient.
- Your school's governing board, or district board as appropriate, as evidence of community support indicating that they concur with in-person instruction. Your school's union as evidence of labor support, or, if your institution does not have unionized staff, a signed separate attestation from you that teachers and staff have been consulted as part of this process, indicating they concur with in-person instruction.

Please confirm consultation with the following groups, including date(s) consulted:

Labor Organization (If no labor organization represents staff at the school, please describe the process for consultation with school staff):

Parent and Community Organizations

II. Elementary School Reopening Plans

Please confirm that elementary school reopening plan(s) addressing the following, consistent with guidance from the California Department of Public Health (CDPH) and the local health department, have been published on the website of the local educational agency (or equivalent):

- Cleaning and Disinfection:** How shared surfaces will be regularly cleaned and disinfected and how use of shared items will be minimized.
- Cohorting:** How students will be kept in small, stable groups with fixed membership and stay together for all activities (e.g. instruction, lunch, recess) and minimize/avoid contact with other groups or individuals who are not part of the cohort.
- Entrance, Egress and Movement Within the School:** How movement of

students, staff and parents will be managed to avoid close contact and/or mixing of the cohort.

- Face Coverings and Other Essential Protective Gear:** How CDPH's face covering requirements will be satisfied and enforced.
- Health Screenings for Students and Staff:** How students and staff will be screened for symptoms of COVID-19 and how ill students or staff will be separated from others and sent home immediately.
- Healthy Hygiene Practices:** The availability of handwashing stations and hand sanitizer, and how their use will be promoted and incorporated into routines.
- Identification and Tracing of Contacts:** Actions that staff will take when there is a confirmed case. Confirm that the school(s) have designated staff persons to support contact tracing, such as creation and submission of lists of exposed students and staff to the local health department and notification of exposed persons. Each school must designate a person for the local health department to contact about COVID-19.
- Physical Distancing:** How space and routines will be arranged to allow for physical distancing of students and staff.
- Staff Training and Family Education:** How staff will be trained and families will be educated on the application and enforcement of the plan.
- Testing of Students and Staff:** How school officials will ensure that students and staff who have symptoms of COVID-19 or have been exposed to someone with COVID-19 will be rapidly tested and what instructions they will be given while waiting for test results. Describe how staff will be tested periodically to detect asymptomatic infections.
- Triggers for Switching to Distance Learning:** The criteria the superintendent will use to determine when to physically close the school and prohibit in-person instruction.
- Communication Plans:** How the superintendent will communicate with students, staff, and parents about cases and exposures at the school, consistent with privacy requirements, such as FERPA and HIPAA.
