

EXPANDED COVID-19 TESTING

The County of Ventura has expanded testing throughout the county for **essential workers** and **residents** who have symptoms of COVID-19 or have been exposed to someone with it. You will not be charged for the test, and you don't need to have health insurance. You will be asked for insurance information if you have it.

- **Essential workers** can call 1-888-634-1123 or visit <https://lhi.care/covidtesting> to arrange for testing.
- **All other Ventura County residents** can call 805-652-7660 to be screened and, if indicated, get an appointment at a County Urgent Care site. **Essential workers can also be tested in these locations.**

You will be tested if you have symptoms of COVID-19 or close contact with a person diagnosed with COVID-19 through laboratory (blood) tests.

Symptoms can be:

- Cough or shortness of breath
- OR two of these other symptoms: fever greater than 100.4°F, chills, muscle pain, headache, sore throat, new loss of taste or smell

Close contact means:

- Sharing a home
- Being closer than 6 feet for more than 10 minutes without wearing a mask
- Having contact with the bodily fluids (spit, blood) of the sick person through coughing, sneezing, sharing utensils

OPTUMSERVE STATE LOCATIONS
