

Mental Health Care

*Now Available for Other-than-Honorable (OTH)
Administratively Discharged Former Service Members*

Veterans Health Administration (VHA) medical centers now offer Mental Emergency Stabilization care to former service members with other-than-honorable discharge status with a mental health emergency and/or a developing mental health need from a service-related injury.

For more information visit **www.vchsa.org/veterans** or call **(805) 477-5155**.

To find a VA Health Administration Medical Center visit **www.losangeles.va.gov/locations/directions-OX.asp**.

The Ventura County Human Services Agency operates the Veteran Services Office in Ventura County. The Veteran Services Office works with the Veterans Health Administration (VHA) to determine if a former service member's mental health condition is due to a service-related injury in order to provide coverage for that condition, and make referrals to other state and federal benefits programs throughout Ventura County.
